ADOPTED RESOLUTIONS

1.0 ACADEMIC SENATE

1.01 F17 Emeritus Status for Paul Setziol

Whereas, The Bylaws of the Academic Senate for California Community Colleges include procedures and criteria for conferring the status of senator emeritus on individuals;

Whereas, Paul Setziol has satisfied those requirements as a retired faculty member of the California Community College system who has completed the required five (5) years of significant service to the Academic Senate:

- Service on committees including Standards and Practices and Educational Policies
- Participant on ASCCC papers including *Tenure: Towards a Model Four Year Process*
- Author of numerous resolutions and *Rostrum* articles, dating from the 1980s forward
- Participant in numerous presentations at ASCCC institutes, events, and plenary sessions

Whereas, Paul's passion for the California community colleges and his interest in ensuring student access led him to be one of the most vociferous opponents of student fees, as well as a powerful advocate for low and no cost textbooks; and

Whereas, Paul's service on the De Anza College Academic Senate has extended over three decades, providing a level of institutional memory and continuity of service that is the envy of other colleges in the system;

Resolved, That the Academic Senate for California Community Colleges recognize Paul Setziol's extraordinary and distinguished service by awarding him the status of senator emeritus with all rights and privileges thereof; and

Resolved, That the Academic Senate for California Community Colleges convey to Paul Setziol its heartfelt congratulations during his retirement and wish him and his family every happiness in the years to come.

Acclamation

2.0 ACCREDITATION

2.01 F17 Request Accrediting Commission for Community and Junior Colleges (ACCJC) to Readdress Bachelor's Degree Program Requirements

Whereas, The Accrediting Commission for Community and Junior Colleges (ACCJC) at its June 2016 meeting adopted requirements of a minimum of 40 upper division units and 9 upper division general education units for bachelor's degrees granted by the California Community Colleges resulting in the most prescriptive policy in the country for baccalaureate level education;

Whereas, The Academic Senate for California Community Colleges and the California Community Colleges Board of Governors have recommended that 24 units of upper division and 6 units of general education are more appropriate for the variety of programs of study;

Whereas, Students enrolling in the California Community College Bachelor's Degree Program are seeking bachelor's level degrees to provide professional advancement in areas with demonstrable industry need in programs of study that require significant lower division preparation to enroll in upper division courses similar to typical science and engineering programs of study; and

Whereas, Healthcare and other career education associate degree programs require a high number of units to ensure competency, meet external accreditation requirements, and adequately prepare for national credentialing/licensing exams for entry to the profession, and other systems of higher education with different regional accreditors do not adhere to ACCJC's requirements without sacrificing quality or rigor;

Resolved, That the Academic Senate for California Community Colleges engage the Accrediting Commission for Community and Junior Colleges (ACCJC) to readdress the minimum thresholds of upper division units for bachelor's degree programs to reflect the variety of curricular designs required by different programs of study.

MSC

3.0 DIVERSITY AND EQUITY

3.01 F17 Support for DACA Students

Whereas, On September 5, 2017, the United States' Attorney General announced the intent of the federal government to eliminate the Deferred Action on Childhood Arrivals (DACA) program, effective six months from the day of announcement;

Whereas, More than 222,000 DACA recipients currently reside in California, making California the single largest DACA state, and an estimated 60,000 of those students are currently enrolled in a California community college;¹

Whereas, Faculty in the California Community College system have requested guidance and resources from the Academic Senate for California Community Colleges to assist their DACA students;

Resolved, That the Academic Senate for California Community Colleges reaffirm its support of and commitment to DACA students who are attending our colleges; and

Resolved, That the Academic Senate for California Community Colleges provide resources and assistance to colleges to ensure that they are able to assist their DACA students to reach their educational goals.

Contact: Dolores Davison, Executive Committee, Equity and Diversity Action Committee

Acclamation

3.02 F17 ESL Equity Impact Caused by Termination of Common Assessment Initiative

Whereas, The Seymour-Campbell Student Success Act (2012) directed the Common Assessment Initiative (CAI) to create a common assessment tool for placement, and the statewide faculty efforts to create that tool within the CAI's ambitious one-year mandated timeline resulted in the exodus of several producers of competing placement instruments from the placement assessment market, leaving colleges with few quality options to meet the Title 5 requirement² that all colleges have an assessment, and thus utterly dependent upon the creation of the common assessment;

Whereas, The Multiple Measures Assessment Project (MMAP) has been named by the California Community Colleges Chancellor's Office as a means to remove unnecessary barriers to students trying to place into English and Math, and MMAP was cited in the Chancellor's decision to terminate work on the CAI, yet effective application of multiple measures to the range of English as a Second Language (ESL) students in college is yet to be validated, and it remains exceedingly difficult to create multiple measures for ESL students since high school transcripts cannot be used effectively in placing students from different countries, across incongruent or incompatible foreign school systems, utilizing different languages, and with gaps in schooling due to immigration factors;

Whereas, AB 705 (Irwin, 2017) permits standardized tests as a multiple measure for placement³ of credit ESL students, and such tests may be critical to the success of work

¹ <https://edsources.org/2017/california-colleges-undaunted-by-trumps-threat-to-end-daca/586746>

² California Code of Regulations. Title 5 §55518 (c); §55522; §55530; §56234

³ Assembly Bill 705 Section 2.78213 (e)

by the Adult Education Block Grant (2014) consortia to place ESL students into language pathways spanning several programs with multiple entry and exit levels; and

Whereas, The termination of a well-designed standardized placement tool in favor of placement measures which are ineffective for ESL students creates an egregiously inequitable and discriminatory practice of compelling ESL students to either 1) produce evidence they cannot procure in order to prove their need for more time for language and math development, or 2) self-place into a post-secondary educational system which may be completely different from the educational systems in their countries of origin;

Resolved, That the Academic Senate for California Community Colleges ask the California Community Colleges Chancellor's Office to commit to consultation with ESL professionals on all student success mandates affecting ESL students in an effort to work towards eliminating inequitable impact on ESL students;

Resolved, That the Academic Senate for California Community Colleges convene ESL professionals to determine the best and most equitable alternatives for assessing and placing students into the ESL pathways being created under the Adult Education Block Grant; and

Resolved, That the Academic Senate for California Community Colleges work with the California Community Colleges Chancellor's Office to ensure that, in compliance with the provisions of AB 705, colleges may use standardized placement tools as equitable options to place ESL students into ESL sequences as needed for success in ESL pathways.

3.03 F17 Revise the 2002 Paper Student Equity: Guidelines for Developing a Plan

Whereas, Resolution F14 20.01 Developing a System Plan for Serving Disenfranchised Students⁴ calls for the ASCCC to work with the California Community Colleges Chancellor's Office and the California Community Colleges Board of Governors to develop a long-range plan that will increase services for disenfranchised students, but the field is unclear to the definition of the term "disenfranchised student;"

Whereas, The Academic Senate for California Community Colleges' (ASCCC) paper on developing student equity plans, Student Equity: Guidelines for Developing a Plan,⁵ was adopted in Fall 2002, and does not use the term "disenfranchised students" but addresses issues that affect students often deemed disenfranchised; and

⁴ <http://asccc.org/resolutions/developing-system-plan-serving-disenfranchised-students>

⁵ http://asccc.org/sites/default/files/publications/StudentEquity_0.pdf

Whereas, Since the adoption of the *Student Equity: Guidelines for Developing a Plan*, changes that affect equity planning have occurred including the establishment of funding mechanisms and priorities intended to promote equity in all areas of our colleges and the increased attention on guided pathways and other strategies for addressing student equity achievement gaps;

Resolved, That the Academic Senate for California Community Colleges revise the 2002 paper *Student Equity: Guidelines for Developing a Plan* and bring the revised paper to the Fall 2018 Plenary Session for discussion and possible adoption.

Contact: Randy Beach, Transfer, Articulation, and Student Services Committee

MSC

4.0 ARTICULATION AND TRANSFER

4.01 F17 Support Students Transferring to UC, CSU, and Private and Out-of-State Institutions

Whereas, At the September meeting, the California Community Colleges Board of Governors adopted the system-wide goals outlined in the California Community Colleges (CCC) *Vision for Success*, including a goal which states “Increase by 35 percent the number of CCC students systemwide transferring annually to a UC or CSU;”

Whereas, The Associate Degrees for Transfer have created significant opportunities for California community college students to transfer into the California State University (CSU) system;

Whereas, The Academic Senate for California Community Colleges and the Academic Senate for University of California (UC), in cooperation with the California Community College Chancellor’s Office and UC Office of the President, are facilitating the transfer of CCC students to the UC by establishing a pilot program that will define the parameters for local development of associate degrees based on the UC Transfer Pathways and include guaranteed admission to a UC campus for students who complete the degree with a minimum grade point average in the transfer pathway courses; and

Whereas, Local community colleges establish transfer agreements with private and out-of-state institutions to serve students in attaining their educational goals, and the California Community Colleges Chancellor’s Office has established transfer agreements with institutions such as Historically Black Colleges and Universities;⁶

Resolved, That the Academic Senate for California Community Colleges support an increase in the number of students transferring to a University of California or California State University campus; and

⁶ <http://extranet.cccco.edu/HBCUTransfer.aspx>

Resolved, That the Academic Senate for California Community Colleges affirm its support for students transferring to private non-profit and out-of-state institutions.

Contact: Executive Committee

MSC

7.0 CONSULTATION WITH THE CHANCELLOR'S OFFICE

7.01 F17 Creating Guidelines for Veteran Resource Centers

Whereas, Approximately 89,000 veterans and their dependents attended a California community college during the 2015-16 academic year;⁷

Whereas, Senate Bill 694 (Newman, as of September 21, 2017) would require that all California community colleges, “ensure that each of its campuses provides a dedicated on-campus Veteran Resource Center that offers services to help student veterans transition successfully from military life to educational success through the core components of academics, wellness, and camaraderie;” and

Whereas, Many colleges would benefit from information regarding how to establish veteran resource centers;

Resolved, That the Academic Senate for California Community Colleges research effective practices and models of veteran resource centers that exist in California and at other community colleges nationwide; and

Resolved, That the Academic Senate for California Community Colleges work with the California Community Colleges Chancellor's Office and other interested stakeholders to create guidelines for the establishment of veteran resource centers at all 114 colleges in the California Community College system.

Contact: Michael Wyly, Solano Community College, Equity and Diversity Action Committee

Acclamation

7.02 F17 Identify and Remove Barriers to Offering Noncredit Distance Education Courses

Whereas, There is increased interest in expanding noncredit course offerings as a means to provide students who are not college-ready with pathways into college programs of study that lead to transfer and/or employment;

Whereas, A recent survey conducted by the San Diego Continuing Education Office of Institutional Effectiveness on noncredit offerings in the California community colleges revealed that while 104 colleges offer distance education courses (credit or noncredit),

⁷ <http://extranet.cccco.edu/Divisions/StudentServices/VETS.aspx>

only 29 of those institutions offer noncredit instruction via distance education,⁸ signifying a significant and inequitable difference in access to distance education opportunities for credit and noncredit student populations;

Whereas, The required method for calculating weekly student contact hours (WSCH) for noncredit distance education courses stated in Title 5 §58003.1(f),⁹ which includes accounting for the total hours of outside-of-class work and instructor contact in addition to the total hours of instruction, is confusing because outside-of-class-work is not a required element of noncredit course outlines of record per Title 5 §55002(c)¹⁰ and instructor contact is typically not quantified by curriculum committees separately from the total hours of instruction required by Title 5 §55002(c);

Whereas, The method for calculating WSCH for noncredit distance education courses in Title 5 §58003.1(f) may not be well understood and thus may be regarded as a fiscal disincentive to offering distance education noncredit courses, thus creating barriers to access to students who may benefit from such educational opportunities that could provide a pathway to transfer and/or employment;

Resolved, That the Academic Senate for California Community Colleges work with the California Community Colleges Chancellor's Office and other system partners to identify and eliminate regulatory and fiscal barriers to offering noncredit courses via distance education.

Contact: Curtis Martin, Modesto Junior College, Noncredit Committee

MSC

7.03 F17 Evaluation and Certification of Coursework from Home Schools

Whereas, A California community college was recently ordered by a superior court judge to certify and accept a high school language course from an unaccredited home school for Intersegmental General Education Transfer Curriculum (IGETC) purposes;

Whereas, A California Department of Education registration number does not ensure the quality of instruction at a registered, unaccredited home school, and it is increasingly

⁸ The survey methodology and results are described in the report *The Past, Present and Future of Noncredit Education in California* (San Diego Continuing Education, November 2016). The report also notes that according to the survey results, 81 colleges offer noncredit instruction. The report is available at https://sdce.edu/sites/default/files/iep/The_Past_Present_and_Future_of_Noncredit_in_CA.pdf.

⁹ Title 5 §58003.1(f) can be accessed at [https://govt.westlaw.com/calregs/Browse/Home/California/CaliforniaCodeofRegulations?guid=IAFF40F80D48511DEBC02831C6D6C108E&originationContext=documenttoc&transitionType=Default&contextData=\(sc.Default\)](https://govt.westlaw.com/calregs/Browse/Home/California/CaliforniaCodeofRegulations?guid=IAFF40F80D48511DEBC02831C6D6C108E&originationContext=documenttoc&transitionType=Default&contextData=(sc.Default))

¹⁰ Title 5 §55002(c) can be accessed at [https://govt.westlaw.com/calregs/Browse/Home/California/CaliforniaCodeofRegulations?guid=IA71E3580D48411DEBC02831C6D6C108E&originationContext=documenttoc&transitionType=Default&contextData=\(sc.Default\)](https://govt.westlaw.com/calregs/Browse/Home/California/CaliforniaCodeofRegulations?guid=IA71E3580D48411DEBC02831C6D6C108E&originationContext=documenttoc&transitionType=Default&contextData=(sc.Default))

difficult to verify the authenticity of transcripts submitted for evaluation from unaccredited home schools;

Whereas, The fiscal and personnel impacts of asking discipline faculty to evaluate coursework, textbooks, curriculum, contact hours and other elements for each course from unaccredited home schools for certification are unclear; and

Whereas, General education requirements are established by California community college districts in accordance to Title 5 §55063 as well as agreements with University of California, California State University, and other transfer institutions, and a court injunction ordering a college to accept and certify work from an unaccredited home school has overruled local judgment based on faculty expertise;

Resolved, That the Academic Senate for California Community Colleges work with the California Community Colleges Chancellor's Office to explore a process and guidelines for college evaluation and/or certification of coursework from home schools.

Contact: John Freytag, Diablo Valley College, Area B

MSC

7.04 F17 Internship Opportunities for Students Enrolled in Noncredit Courses and Programs

Whereas, Student internships offered through mechanisms such as cooperative work experience provide valuable opportunities for students to gain on-site work experience directly related to their programs of study;

Whereas, Title 5 §55253 allows students to earn units of college credit for internships through cooperative work experience, yet there appears to be no allowance for providing students enrolled in noncredit courses and programs comparable cooperative work experience opportunities, which is inherently inequitable; and

Whereas, Local and state-level barriers to providing students enrolled in noncredit courses similar internship opportunities as those offered to students enrolled in credit courses may exist and need to be identified;

Resolved, That the Academic Senate for California Community Colleges investigate local and statewide barriers to providing internship opportunities for students enrolled in noncredit courses and programs; and

Resolved, That the Academic Senate for California Community Colleges work with the California Community Colleges Chancellor's Office and other system partners to identify and eliminate state-level barriers to providing internship opportunities for students enrolled in noncredit courses and programs.

Contact: Bernie Rodriguez, San Diego Continuing Education, Area D

MSC

7.05 F17 Student Accountability Model Codes - CB09 Revision

Whereas, The California Community Colleges Chancellor's Office Course Basic Element (CB) 09 is designed to indicate the Career Technical Education (CTE) status of courses and serves to meet the CTE Student Accountability Model (SAM) requirements for various forms of CTE funding that seek to ensure student progress through CTE programs;

Whereas, There are five possible codes for CB09: E - not occupational, D - possibly occupational/introductory, C - clearly occupational, B - advanced occupational, and A - apprenticeship, and the descriptions provided for some levels are so restrictive that users typically do not use them in a way that actually shows CTE students' progress both within and tangential to CTE programs (e.g. basic skills, fulfilling other degree requirements);

Whereas, Assigning a CB09 code D to a course does not qualify that course as CTE for the purposes of funding and tracking when many of the students enrolled in these courses are CTE students, and assigning code B mandates a requisite or capstone relationship to other CTE courses which imposes an unnecessary reduction in program course-offering flexibility, and assigning code A is restricted to apprenticeship courses when there are many courses that are intended for post-employment/hiring career technical training, all of which lead most faculty to code their courses using CB09 C; and

Whereas, The Academic Senate for California Community Colleges, other system stakeholders, and Strong Workforce partners are currently working with colleges to review and evaluate their CTE course and program coding, as part of the TOP Code Alignment Project, and have identified a need to revise the CB09 code definitions and categories for courses;

Resolved, That the Academic Senate for California Community Colleges work with System stakeholders to revise Course Basic Element CB09 definitions and categories to better reflect student progress through CTE programs and into post-hiring training/retraining.

Contact: Marie McMahon, San Diego Miramar College, Area D

MSC

7.06 F17 Access to Noncredit Courses for Undocumented Students

Whereas, Title 5 §58003.3¹¹ appears to prohibit districts from collecting apportionment for undocumented students, thus creating a barrier for noncredit student enrollment and restricting colleges from accessing adequate resources needed to serve these students;

Whereas, Noncredit programs provide a pathway into college for economically disadvantaged immigrants and create a skilled workforce by providing free and accessible education in literacy and numeracy for students at the lowest skill levels, for English as a Second Language, vocational training, parenting, older adult programs, and adult secondary programs; and

Whereas, The language in Title 5 §58003.3 does not align with the criteria of AB 540 (Firebaugh, 2001)¹² that provide for specific undocumented students to attend community college at in-state rates and qualify for state aid, but may block access for undocumented students to noncredit programs and not allow undocumented students the same access as their credit counterparts which creates inequality in the California Community College System;

Resolved, That the Academic Senate for California Community Colleges strongly support access to noncredit instruction for undocumented students and urge that Title 5 §58003.3 be repealed; and

Resolved, That the Academic Senate for California Community Colleges work with the California Community Colleges Chancellor's Office and system partners to repeal Title 5 §58003.3 as soon as practicable.

Contact: John Freitas, Executive Committee

MSC

7.07 F17 Implementing AB 705 (Irwin, 2017) to Serve the Needs of All Community College Students

Whereas, The recent passage of AB 705 (Irwin, 2017)¹³ and the language in the Common Assessment Initiative Reset memo on October 24, 2017¹⁴ from Chancellor Eloy Oakley suspending the development of the common assessment test have shifted the focus from assessment testing to the use of high school transcript data to make placement decisions, but the requirement to use multiple measures for assessment remains in place as indicated by §78213(d)(1)(C) which states that: *Multiple measures shall apply in the placement of all students in such a manner so that either of the following may occur: (i) Low*

¹¹ Section 58003.3 is found at [https://govt.westlaw.com/calregs/Document/IC6B967A0B6CB11DFB199EEE3FF08959C?viewType=FullText&originationContext=documenttoc&transitionType=CategoryPageItem&contextData=\(sc.Default\)](https://govt.westlaw.com/calregs/Document/IC6B967A0B6CB11DFB199EEE3FF08959C?viewType=FullText&originationContext=documenttoc&transitionType=CategoryPageItem&contextData=(sc.Default)).

¹² The text of AB 540 is found at http://leginfo.legislature.ca.gov/faces/billNavClient.xhtml?bill_id=200120020AB540.

¹³ AB 705: https://leginfo.legislature.ca.gov/faces/billTextClient.xhtml?bill_id=201720180AB705

¹⁴ CAI Reset 10.24.17 from Eloy Ortiz Oakley: <https://www.cccassess.org/2016-10-05-23-31-41?download...common-assessment>

performance on one measure may be offset by high performance on another measure.
(ii) The student can demonstrate preparedness and thus bypass remediation based on any one measure;

Whereas, While the use of high school transcript data has shown promise for students with complete high school transcripts, it has not been effective in placing English language learners, and many community college students will not be well served by using high school transcript data, including students that do not have access to complete high school transcripts (homeless or international students) and students whose high school transcripts are not accurate reflections of their abilities, skills and knowledge (adult students or veterans); and

Whereas, California community colleges must be able to serve the needs of all students and must have a variety of assessment and placement tools available to assist colleges with the accurate and appropriate student placement;

Resolved, That the Academic Senate for California Community Colleges work with the California Community Colleges Chancellor's Office to ensure that the implementation of AB 705 is flexible enough to allow the colleges to effectively place all students into courses in mathematics, English, English as a Second Language, and reading and that the requirement that colleges apply a minimum of two measures when placing students is maintained;

Resolved, That the Academic Senate for California Community Colleges work with local senates to ensure that there is appropriate professional development around the implementation of AB 705 and the application of multiple measures to determine the optimal placement for each student; and

Resolved, That the Academic Senate for California Community Colleges continue to explore additional multiple measures beyond high school transcript data to ensure that colleges have a wide range of assessment tools that will serve the needs of all community college students.

Acclamation

7.08 F17 Call for Faculty Leadership in Implementing the *Vision for Success*¹⁵

Whereas, During the Fall 2016 Plenary session The Academic Senate for California Community Colleges passed a resolution outlining concerns about “guided pathways” models in regard to “the development of our students as whole persons” and “open-access, opportunity for student exploration, and the traditional breadth of a liberal education as historically critical pieces of the community college mission,” and called on

¹⁵ The Vision for Success:
https://foundationccc.org/Portals/0/Documents/Vision/VisionForSuccess_web.pdf

the ASCCC to “investigate practices and outcomes, intended and unintended, for faculty and students from various pathway programs across the state;”¹⁶

Whereas, The ASCCC president, in a Rostrum Article (February 2017) called for “faculty voice and leadership” in developing guided pathways;¹⁷

Whereas, Faculty voices have been raised in critique, concern, and opposition to the ways that guided pathways models have taken shape, both before the publication of the *Vision for Success*¹⁸ and afterwards in response to the *Vision for Success*;¹⁹ and

Whereas, The Academic Senate for California Community Colleges shares the goals of the *Vision for Success* for increasing completion rates, reducing time to completion, and closing equity gaps; however, the document does not resolve the inherent tension between the student’s need for flexibility in exploration and the commitment to “focus relentlessly on students’ end goals;”

Resolved, That the Academic Senate for California Community Colleges work with the California Community Colleges Chancellor’s Office to engage senate-identified faculty in conversations to inform the implementation of the *Vision for Success*; and

Resolved, That the Academic Senate for California Community Colleges encourage the innovations of faculty who share the passion for student completion and equity found in the *Vision for Success*, and whose local strategies can be expected to serve our students in reaching their educational goals.

²⁰ http://extranet.cccco.edu/Portals/1/ExecutiveOffice/Board/2013_agendas/september/updated_procedures_standing_orders_Sept_2013.pdf

The Academic Senate will be primarily relied upon whenever the policy involves an academic and professional matter” (SO 332);

Whereas, Standing Order 332 directs that “The appointment of faculty to councils, committees, and task forces established in conjunction with Consultation to deal with academic and professional matters on the system-wide level shall be made by the Academic Senate,” and committees formed to develop proposals or make decisions with system-level impact should consist of representatives from appropriate constituencies similarly appointed by the statewide organizations that represent those constituencies; and

Whereas, Decisions and recommendations involving academic and professional matters and matters of statewide impact, including termination of development of the common assessment test proposals for an entirely online college, and development of the *Vision for Success*, are being made with minimal consultative input or only an appearance of consultative input, either by reports to committees with cursory opportunities for feedback or through creating committees and taskforces without representatives appointed by statewide organizations or constituencies;

Resolved, the Academic Senate for California Community Colleges work with system partners to communicate to the California Community Colleges Board of Governors examples of instances where expected consultation has not occurred and urge the California Community Colleges Board of Governors to not accept recommendations on such matters unless necessary consultation has occurred.

Acclamation

7.10 F17 Using System Consultation and Faculty Input to Address Expansion of Online Education

Whereas, On May 11, 2017 Governor Brown requested that Chancellor Oakley design and deploy a plan to develop a 115th college to solely offer entirely online degrees, and Chancellor Oakley contracted with National Center for Higher Education Management Systems (NCHEMS) to constitute the Flex Learning Options for Workers (FLOW) workgroup to provide three to five options to Governor Brown;

Whereas, California already has 114 community colleges offering both online courses and, in many cases, fully online degree programs to students seeking immediate employment, transfer, or both, and the system has benefitted from the resources made available by the Online Education Initiative, @ONE, and other efforts;

Whereas, Many of the resources necessary to serve the student populations and goals envisioned by the governor and by the FLOW workgroup already exist or could be developed within the existing structure of the community college system, thus more fully

ensuring that the system's safeguards regarding academic quality are respected and maintained; and

Whereas, Program development and curriculum are academic and professional matters, and the Academic Senate for California Community Colleges and local academic senates should have opportunities for input and implementation, and additional system stakeholders, including *the* Chief Instructional Officers (CIOs), Chief Business Officers (CBOs), Chief Student Service Officers (CSSOs), Chief Executive Officers (CEOs) and Student Senate for California Community Colleges, have information and experience critical to the discussion of the best ways to accomplish the goals of the governor and the FLOW workgroup;

Resolved, That the Academic Senate for California Community Colleges work with system partners and the California Community Colleges Chancellor's Office to relay to the governor and other interested parties that the goals of the governor and the FLOW workgroup can be better accomplished using existing resources and structures within the community college system rather than by creating a separate online college or other entity; and

Resolved, That the Academic Senate for California Community Colleges work with system partners and the California Community Colleges Chancellor's Office to develop a clear and effective plan for addressing the goals of the governor and the FLOW workgroup in a manner that utilizes existing system structures and ensures academic quality for all students.

Acclamation

7.11 F17 Commitment to Reliable English as a Second Language (ESL) Success Data via the Scorecard

Whereas, The Academic Senate for California Community Colleges passed Resolution 9.04 S14, *Consistency in Data Mart English as a Second Language Basic Skills Progress Tracker*, to call attention to the need to correct errors in Data Mart that result in inaccurate reporting of progress for credit ESL in the Student Success Scorecard;

Whereas, A preliminary analysis of the data for several ESL departments as reported by the Student Success Scorecard has revealed the continued presence of several errors, including, but not limited to, wrong courses being tracked, courses missing, and incorrect coding of courses, all of which result in an inaccurate picture of success for credit ESL departments per the Scorecard;

Whereas, Colleges may be unaware of the potential for inaccuracy when using such data as mandated for statewide initiatives, and thus unaware of the impact that using such data can cause; and

Whereas, ESL departments at colleges across the state report impact on college program development, program viability, and course offerings as a result of the continued reliance on potentially inaccurate ESL data;

Resolved, That the Academic Senate for California Community Colleges work with the California Community Colleges Chief Instructional Officers, local institutional research offices, and ESL faculty to inform colleges of any errors in Scorecard reporting for the ESL percentages; and

Resolved, That the Academic Senate for California Community Colleges work with the California Community Colleges Chancellor's Office for California Community Colleges to delay release of the Scorecard percentages for the ESL data until accurate percentages can be reported.

7.12 F17 Endorse Consortium Approach to Expanding Online Educational Opportunities

Whereas, a May 11, 2017 letter from Governor Brown to Chancellor Oakley directed the chancellor to “act with dispatch and create a plan to design and deploy a fully online college,” and the chancellor convened the Flex Options for Workers (FLOW) workgroup to provide “3 – 5 options (with pros and cons for each) that enable the community colleges of California to better deliver on the student success goals outlined on pages 15-16 in the *Vision for Success*²¹ recently adopted by the California Community Colleges Board of Governors;”

Whereas, At the October 30, 2017 meeting of the FLOW workgroup the facilitators presented three possible options accompanied by pros and cons of each for consideration, but presentation of the options was unequal; and

Whereas, The consensus of the FLOW workgroup was to support the establishment of a cooperative or consortium of colleges or districts to develop a new online opportunity that would meet the stated goals of the governor and the presumed needs of the target population identified by the chancellor, as this option best meets the governor's stated directive of “building on the system's existing efforts that foster student success;”

Whereas, The timeline set by the governor for development of the plan does not allow time for sufficient consultation and deliberation, and thus system constituencies wishing to take a position must act without full opportunity for consideration and review, as must the chancellor and the California Community Colleges Board of Governors;

²¹ The Vision for Success:
https://foundationccc.org/Portals/0/Documents/Vision/VisionForSuccess_web.pdf

Resolved, That the Academic Senate for California Community Colleges, given the timeline provided by the governor, endorse the establishment of a cooperative or consortium of colleges or districts to develop a new online opportunity that would meet the stated goals of the governor and the presumed needs of the target population identified by the chancellor; and

Resolved, That the Academic Senate for California Community Colleges urge the chancellor to request of the governor an extended deadline in order that a plan for meeting the governor's goals be developed with greater consultation, deliberation, and effectiveness.

MSC

9.0 CURRICULUM

9.01 F17 College Autonomy and Faculty Purview for Determining Meta Majors or Areas of Focus

Whereas, Title 5 §53200 defines academic and professional matters to include degree and certificate requirements and educational program development, and Title 5 §53203 requires “the governing board or its designees will consult collegially with the academic senate when adopting policies and procedures on academic and professional matters;”

Whereas, A “meta major” or an “area of focus”, a recommended element of any guided pathways framework, is a grouping of majors in a broad field of interest that is intended to serve as a guide to students, for development of their educational and career goals emphasizing broad and directed exploration first, leading to better informed choices while integrating student support throughout; and

Whereas, Colleges nationwide are determining locally “meta majors” or “areas of focus” to support local programs, community needs, and student interest;²²

Resolved, That the Academic Senate for California Community Colleges urge local senates to assert that determining the content, categories, and titles of the “meta majors” or “areas of focus” is a local curricular and educational program decision that falls within academic senate purview as defined by Title 5 §53200; and

Resolved, That the Academic Senate for California Community Colleges urge local senates to engage in robust collaboration between local student associations and local senates to ensure that these titles and areas apply directly to the students affected by the creation of “meta majors” or “areas of focus.”

²²<http://www.jff.org/publications/meta-majors-essential-first-step-path-college-completion>,

MSC

9.02 F17 Expand System-wide Online Educational Opportunities

Whereas, The May 11, 2017 letter from Governor Brown to Chancellor Oakley spoke only of exploring options for a 115th college, an entirely online college; and

Whereas, The target population of “adults with some college and no certification” as well as “working adults with vocational needs” was defined by Chancellor Oakley²³ without input from system partners, including the Academic Senate for California Community Colleges despite the fact that designing programs and developing curriculum is an academic and professional matter; and

Whereas, The Flex Learning Options for Workers (FLOW) workgroup was constituted by the California Community Colleges Chancellor’s Office to provide feedback on options identified by the National Center for Higher Education Management Systems (NCHEMS) but did not have an opportunity to recommend other options and will not be asked to officially endorse recommendations made to the chancellor and governor; and

Whereas, The impact of an entirely online college is likely to have an adverse effect on existing colleges given that “In 2014-2016, 45% of California’s community colleges offered certificates and degrees that could be earned without stepping onto campus for classes”²⁴ and 13% of 2016-2017 FTES system-wide were online²⁵;

Resolved, That the Academic Senate for California Community Colleges work with the California Community Colleges Chancellor’s Office and system partners to explore the feasibility of developing non-traditional online programs, including but not limited to programs with a focus on awarding credit for prior learning, experience, and competencies, programs with more flexible scheduling options, and programs with innovative student service supports that are accessible 24-7; and

Resolved, That the Academic Senate for California Community Colleges advocate for the use of existing system resources, including the Online Education Initiative and C-ID, in development of identified non-traditional online programs.

9.03 F17 Online CTE Programs and Competency-Based Instruction

Whereas, The California Community Colleges are currently implementing numerous impactful initiatives and in the early stages of the wholesale transformation called for by the guided pathways movement;

Whereas, The system of 114 locally governed colleges ensures that communities are served by colleges that are responsive to the needs of their people and businesses, and all 114 colleges could benefit from assistance with implementing academically appropriate and rigorous alternative mechanisms for the awarding of credit as well as development of alternate means of delivering online education, including varied term lengths and the embedding of student support services;

Whereas, A single online college as called for by Governor Jerry Brown in his May 11, 2017 letter to Chancellor Oakley that builds on existing student success efforts has been defined without any consultative process to focus on serving a unique student population (defined by Chancellor Oakley for Flex Learning Options for Workers (FLOW) workgroup as 2.5 million Californians, most working adults, with a high school degree but no college credentials) that is unlikely to be well-served by an online approach;

Resolved, That the Academic Senate for California Community Colleges recognize the value of making online Career and Technical Education (CTE) programs available across the state, the use of online instruction to compensate for knowledge gaps that might normally impede the awarding of credit for experiential learning, and the role of local, regional, and statewide faculty in implementing and delivering such programs;

Resolved, That the Academic Senate for California Community Colleges encourage the development of structures to award credit through competency-based mechanisms and prior learning; and

Resolved, That the Academic Senate for California Community Colleges support faculty in identifying and implementing innovative online approaches to support students consistent with the guided pathways movement and competency-based instructional programs.

MSC

9.04 F17 Inclusion of Information Competency in College Institutional Learning Outcomes

Whereas, The Academic Senate for California Community Colleges adopted the following definition of information competency for California Community Colleges: "Information competency is the ability to find, evaluate, use, and communicate information in all its various formats. It combines aspects of library literacy, research methods, and technological literacy. Information competency includes consideration of

the ethical and legal implications of information and requires the application of both critical thinking and communication skills" (Resolution 16.02 S98);

Whereas, Resolution 9.04 S08 directed the Academic Senate for California Community Colleges to urge local senates to ensure that students demonstrate information competency and to provide advice and assistance to local senates that seek to institute new requirements in information competency;

Whereas, Standard II.A.11 of the Accreditation Standards of the Accreditation Commission for Community and Junior Colleges states that "The institution includes in all of its programs, student learning outcomes, appropriate to the program level, in communication competency, information competency, quantitative competency, analytic inquiry skills, ethical reasoning, the ability to engage diverse perspectives, and other program-specific learning outcomes;" and

Whereas, Many, but not all, California community colleges have a statement of information competency fundamental to their institutional learning outcomes;

Resolved, the Academic Senate for California Community Colleges urge local colleges to include information competency in their institutional learning outcomes.

MSC

10.0 DISCIPLINES LIST

10.01 F17 Dialog and Collaboration on Apprenticeship Faculty Minimum Qualifications

Whereas, The Academic Senate for California Community College believes that students are best served by well-qualified faculty members who exemplify the value of a well-rounded and specialized education and who act as models for students by demonstrating a breadth of general education knowledge and a depth of knowledge in a specific discipline;

Whereas, While the general oversight of apprenticeship programs operated by local education agencies (LEAs)²⁶ is the domain of the California Department of Industrial Relations and the California Apprenticeship Council, faculty minimum qualifications for service in the California community colleges is an academic and professional matter under the purview of the Academic Senate for California Community Colleges; and

²⁶ Local education agencies (LEAs) include school districts, community college districts, and regional occupational programs.

Whereas, Recent efforts²⁷ by the California Apprenticeship Council (CAC) to recommend significant revisions to the credit apprenticeship faculty minimum qualifications that were in conflict with the principles of the Academic Senate for California Community Colleges (ASCCC) and the subsequent efforts by the ASCCC²⁸ to work with apprenticeship faculty to propose revisions to the credit apprenticeship minimum qualifications and engage in dialog with representatives of the CAC and the apprenticeship community have revealed the critical need for the ASCCC to engage in sustained dialog and collaborate with apprenticeship faculty, the CAC and the Department of Industrial Relations;

Resolved, That the Academic Senate for California Community Colleges, as the representative of all faculty on academic and professional matters, continue efforts to engage in sustained and respectful dialog and collaboration with the Department of Industrial Relations, the California Apprenticeship Council, and the broader apprenticeship community to provide the highest quality educational experiences in all apprenticeship programs offered by the California Community Colleges.

MSC

12.0 FACULTY DEVELOPMENT

12.01 F17 Creation of Professional Development College Courses in Effective Teaching Practices

Whereas, Student success depends on excellent teachers, and many faculty, both full-time and part-time, have limited training in the art of teaching, and the Center for Community Colleges reports that more than 58% of community college courses are taught by "contingent" faculty;²⁹

Whereas, All faculty, full-time or part-time, would benefit from a program of online professional development courses designed for community college faculty that present the best, most effective, and innovative ways to help students to learn;

Whereas, The sum of the total always being stronger than the individual parts, a statewide compilation of best teaching practices illustrating the innovative, original, new, novel, fresh, unusual, unprecedented, avant-garde, experimental, inventive, ingenious, and creative practices in the art of teaching would be a powerful tool for all faculty to utilize; and

²⁹ Fain, P. Low Expectations, High Stakes. Inside Higher Education. 4-7-14.
<https://www.insidehighered.com/news/2014/04/07/part-time-professors-teach-most-community-college-students-report-finds>

Whereas, The California Community Colleges Chancellor's Office (CCCCO) division of Institutional Effectiveness oversees development and operation of a comprehensive technical assistance program to further student success that overlays every division of the CCCCCO including academic affairs, student services, economic and workforce development, research, and fiscal affairs, and will develop a framework of indicators focused on accreditation, fiscal viability, student performance, and compliance with state and federal guidelines;

Resolved, That the Academic Senate for California Community Colleges create a module of effective practices in teaching for the Professional Development College for all faculty, to utilize at their convenience; and

Resolved, That the Academic Senate for California Community Colleges seek funding from the California Community Colleges Chancellor's Office Institutional Effectiveness Partnership Initiative, or other sources, to create a systematic network of effective practices in teaching for the Professional Development College.

MSC

13.0 GENERAL CONCERNS

13.01 F17 Recognition of Course Sections with Low-Cost Course Material Options

Whereas, The significant rise in costs of textbooks is a barrier to college attendance, student access, and student success, and many colleges are interested in reducing the cost of textbooks to increase student access to necessary course materials;

Whereas, The intent of the College Textbook Affordability Act of 2015 (AB 798, Bonilla, 2015) is to reduce costs for college students by encouraging faculty to accelerate the adoption of lower cost, high-quality, open educational resources (OER), and the Zero-Textbook-Cost Degree Grant Program focuses on the development of degrees with no associated text costs;

Whereas, Senate Bill 1359 (Block, 2016) requires all segments of public higher education in California to "Clearly highlight, by means that may include a symbol or logo in a conspicuous place on the online campus course schedule, the courses that exclusively use digital course materials that are free of charge to students and may have a low-cost option for print versions" (CEC 66406.9.) as of January, 2018; and

Whereas, Efforts to substantially decrease the costs of course materials should be recognized and, in some instances, reducing costs to zero may not be immediately possible;

Resolved, That the Academic Senate for California Community Colleges support efforts to increase student access to high-quality open educational resources and reduce the cost of course materials and supplies for students in course sections for which open educational resources may not be available to accomplish zero cost for students; and

Resolved, That the Academic Senate for California Community Colleges encourage colleges to implement a mechanism for identifying course sections that employ low-cost course materials.

MSC

13.02 F17 Environmental Responsibility: College Campuses as Living/Learning Labs

Whereas, Since California community colleges are involved in bond-funded building projects and campus expansion, colleges may increasingly find they are stewards of native habitats, as well as sensitive, threatened and endangered species, resulting in a need for wildlife and habitat conservation plans;

Whereas, Accreditation Standard III.B, Physical Resources, outlines that effective practices for meeting the standard include faculty participation in the creation of facilities and physical resource short-term and long-term planning documents, such as facilities master plans,³⁰ and ensures that a high-quality education is maintained; and

Whereas, Faculty may utilize the college's landscape as a living and learning lab and develop innovative teaching strategies to examine a wide-range of relevant and timely environmental issues;

Resolved, That the Academic Senate for California Community Colleges encourage local senates to take an active role in the development and implementation of educational and facility master plans, which includes collegial consultation;

Resolved, That the Academic Senate for California Community Colleges support responsible stewardship of the natural resources of California community colleges such as biodiversity, habitat conservation, and the college landscape as living and learning labs; and

Resolved, That the Academic Senate for California Community Colleges work with the Consultation Council, California Community Colleges Chancellor's Office, and policymakers to develop responsible practices for the conservation of natural resources, including wildlife, within educational and facility master plans.

MSC

13.03 F17 Faculty Involvement in Financial Recovery Plans

Whereas, The administration of a college may be mandated to submit a financial recovery plan as a result of functioning under a deficit for a length of time; and

Whereas, Title 5 §53200 provides that processes for institutional planning and budget development are academic and professional matters;

Resolved, That the Academic Senate for California Community Colleges encourage local senates to assert that establishing a process for creating and submitting a financial recovery plan is a local budget and planning process that falls within academic senate purview as defined by Title 5 §53200; and

Resolved, That the Academic Senate for California Community Colleges urge all colleges that develop a financial recovery plan do so through the shared governance process in a transparent and timely fashion.

Contact: Robert L. Stewart Jr, Los Angeles Southwest College

MSC

14.0 GRADING

14.01 F17 Effective Practices for Allowing Students to Repeat Courses to Alleviate Substandard Grades

Whereas, Many California community colleges allow students to repeat courses with substandard grades in order for students to improve their grade point average (GPA) and move closer to completion of their educational goals if the course is deemed equivalent and repeated at another regionally accredited institution;

Whereas, California community colleges apply a wide range of policies regarding course repetition for substandard grades, and some have more punitive policies that only allow students to repeat courses with substandard grades if they do so at the college/district in which they earned the substandard grade, which is impractical for students since they may no longer be enrolled at the college, the course may have been deleted, or the course may only be offered once a year;

Whereas, The California State University (CSU) system announced at the 2017 CSU Counselor Conference their intention to enforce a policy to not consider the grade of a repeated course when reviewing for transfer admission if a course with a substandard grade is not annotated as repeated on the student's community college transcript; and

Whereas, Both the California Community Colleges system and the CSU system have committed to increasing the number of graduating students, moving students more efficiently towards completion of their educational and career goals, and improving

overall student success, and the practice of disallowing grade forgiveness for a repeated course that was not repeated at the campus the substandard grade was earned is inconsistent with these commitments and harms students;

Resolved, That the Academic Senate for California Community Colleges investigate and disseminate by Spring 2019 effective practices and policies surrounding the repetition of courses where students earned substandard grades.

Contact: Dave DeGroot, Allan Hancock College, Transfer, Articulation, and Student Services Committee

MSC

15.0 INTERSEGMENTAL ISSUES

15.01 F17 Aligning Transfer Pathways for the California State University and University of California Systems

Whereas, Preparing students to transfer into baccalaureate degree programs is one of the primary missions of the California community colleges;

Whereas, The majority of transfer students are transferring to either a California State University (CSU) or University of California (UC) campus, and colleges must develop courses that satisfy the expectations of and articulate to both systems;

Whereas, Associate Degrees for Transfer (ADTs) that guarantee student admission to the CSU system do not always align with the major preparation expected by UC campuses outlined in the UC Transfer Pathways (UCTP) for 21 majors; and

Whereas, The different expectations from the UC and CSU systems for transfer students often force students to choose which system they plan to transfer to, which could limit their options when they are ready to transfer;

Resolved, That the Academic Senate for California Community Colleges strongly encourage local senates and curriculum committees to maintain sufficient rigor in all courses to ensure that they will articulate for students transferring to the California State University or University of California systems; and

Resolved; That the Academic Senate for California Community Colleges work with the Academic Senates of the California State University and the University of California to identify a single pathway in each of the majors with an Associate Degree for Transfer to ensure that students will be prepared to transfer into either the California State University or the University of California systems.

Contact: Executive Committee

MSC

16.0 LIBRARY AND LEARNING RESOURCES

16.01 F17 Updating of ASCCC Papers on Library Faculty and Libraries in the California Community Colleges

Whereas, The Academic Senate for California Community Colleges has adopted the paper *Library Faculty in California Community College Libraries: Qualifications, Roles, and Responsibilities* (adopted Spring 1996);

Whereas, Specific standards for library services have appeared piecemeal in various regulations and guidelines, but nowhere have these standards been collected, reviewed, and presented systematically with specific application to the roles of librarians in the California community colleges, and, in response to this concern, the Academic Senate for California Community Colleges adopted the paper *Standards of Practice for California Community College Library Faculty and Programs* (adopted Fall 2010);

Whereas, The 2010 paper *Standards of Practice for California Community College Library Faculty and Programs* illustrates how libraries and library faculty play a significant role in supporting college curriculum and helping students succeed academically and the Academic Senate for California Community Colleges has several resolutions (including Resolutions 16.01 S08, 2.02 S12, and 7.01 S12) encouraging the inclusion and involvement of library faculty in the student success initiatives, including the Basic Skills Initiative, and the Student Success & Support Program, and by inference, later initiatives such as the Stronger Workforce Program, and the California Community College Guided Pathways Award Program; and

Whereas, Advances in the libraries, including the current statewide collection of electronic databases and the upcoming Library Services Platform, have greatly benefited the students and faculty of the California community colleges;

Resolved, That the Academic Senate for California Community Colleges explore methods to update and expand the content of the papers *Library Faculty in California Community College Libraries: Qualifications, Roles, and Responsibilities* and *Standards of Practice for California Community College Library Faculty and Programs* to illustrate the vital and important role that libraries and librarians can, and do, play in contributing to the success of our students.

Contact: Dan Crump, American River College

MSC

17.0 LOCAL SENATES

17.01 F17 Faculty Involvement in Scheduling of Courses

Whereas, Many California community colleges are in various stages of implementing institution-wide reforms based on the California Community Colleges *Vision for Success* and the chancellor's emphasis on the guided pathways framework on their campuses;

Whereas, The implementation of local initiatives and reforms based on a guided pathways framework may result in changes in course section scheduling procedures that potentially infringe on areas of faculty purview such as curriculum development, student preparation and success, and educational program development, which are academic and professional matters with academic senate primacy as defined in California Education Code section 70902(b)(7) and Title 5 §53200;

Whereas, Resolution 6.02 S91 stated, "shared governance should include faculty involvement in deciding the scheduling of classes," and local senates should "develop a procedure whereby faculty are involved in scheduling classes and determining which courses are offered;" and

Whereas, The Academic Senate for California Community Colleges is developing resources to highlight effective practices to assist community colleges that are exploring and implementing pathway models per Resolution 9.03 S16 including resources related to scheduling and curriculum development;

Resolved, That the Academic Senate of California Community Colleges urge local senates to continue to assert their purview in the development of procedures for scheduling classes and the faculty role in determining which courses are offered within programs to support student achievement of their academic goals.

Contact: Executive Committee

MSC

17.02 F17 Local Academic Senate Role in Developing and Implementing Guided Pathways Frameworks

Whereas, The California Community Colleges Chancellor's Office has stated in the recently approved *Vision for Success* that "Colleges can use the Guided Pathways framework to bring about transformational change" and "the entire system is expected to adopt Guided Pathways over time;"

Whereas, A guided pathways framework calls on colleges to make significant change to processes that support existing curriculum and academic standards that have been agreed upon through governance processes that respect and uphold local districts' 10+1 agreements;

Whereas, Education Code §70902 (B)(7) states "The governing board shall ... ensure the right of academic senates to assume primary responsibility for making recommendations

in the areas of curriculum and academic standards,” and Title 5 §53203 requires that a local college governing board shall adopt policies delegating authority and responsibility to its academic senate and those policies are adopted through collegial consultation with the academic senate; and

Whereas, Resolution 17.01 F14 *Consulting Collegially with Local Senates on Participation in Statewide Initiatives* reminds “governing boards and their designees that they must engage in collegial consultation with local senates before and during participation in any current or future statewide initiatives which encompass academic and professional matters;”

Resolved, That the Academic Senate for California Community Colleges affirm the right of local academic senates and senate leaders to play central roles in the development of all elements of a guided pathways framework at their college that are relevant to academic and professional matters; and

Resolved, That the Academic Senate for California Community Colleges support local senates with information and resources to help faculty understand their role in developing guided pathways frameworks and the reforms that grow from those frameworks.

MSC

17.03 F17 Local Senate Purview Over Placement of Apprenticeship Courses Within Disciplines

Whereas, Title 5 §53200 recognizes the placement of courses within disciplines as a part of curriculum, which is an academic and professional matter under the purview of local academic senates;

Whereas, The placement of courses within disciplines determines the minimum qualifications required for faculty assigned to teach courses in the California Community Colleges;

Whereas, The purview of local academic senates over the placement of courses within disciplines applies to all courses, including courses required for completion of apprenticeship degrees and certificates; and

Whereas, The Academic Senate for California Community Colleges approved Resolution 17.03 S17 that asserted “that local academic senate purview over academic and professional matters applies to all academic programs, including apprenticeship;”

Resolved, That the Academic Senate for California Community Colleges urge that local academic senates exercise their authority over the placement within disciplines of all courses that are required for completion of apprenticeship degrees and certificates.

Contact: Executive Committee

MSC

17.04 F17 Support for Academic Senate Faculty Leadership Training

Whereas, it is critical for local full and part-time faculty leaders to attend plenary sessions and other Academic Senate for California Community College institutes for leadership development and to learn the state landscape;

Whereas, it is necessary to train the next generation of leaders at each college, and recent initiatives, grants, increases in categorical funds, and changes to the curriculum processes all require locate senate input and approval; and

Whereas, many local senates may not have sufficient funds to support faculty leadership opportunities;

Resolved, that Academic Senate for California Community Colleges (ASCCC) strongly encourage local senates to actively work with their local college administration, foundations, grantors and other offices to provide funds and other resources specifically for ASCCC-sponsored faculty leadership training opportunities that serve full and part-time faculty such as the Faculty Leadership Institute, ASCCC plenary sessions, the Summer Part-Time Faculty Leadership Institute, and the Curriculum Institute.

[https://govt.westlaw.com/calregs/Document/I6FD671F0D48411DEBC02831C6D6C108E?viewType=FullText&originationContext=documenttoc&transitionType=CategoryPageItem&contextData=\(sc.Default\)](https://govt.westlaw.com/calregs/Document/I6FD671F0D48411DEBC02831C6D6C108E?viewType=FullText&originationContext=documenttoc&transitionType=CategoryPageItem&contextData=(sc.Default))

consultation with the chief executive officer or his or her designee, by the academic senate. Notwithstanding this Subsection, the collective bargaining representative may seek to appoint faculty members to committees, task forces, or other groups;

Whereas, The development, design, and implementation of guided pathways frameworks or programs include review and redesign of curriculum, educational programs, instruction, and students services which are academic and professional matters; and

Whereas, Colleges are forming various groups and leadership structures to design and implement guided pathways frameworks or programs, and faculty, who play a critical role, may be released from current duties to participate in these reforms in order to review and redesign the guided pathways frameworks or programs, instruction, and student services;

Resolved, That the Academic Senate for California Community Colleges assert that it is the role and purview of the local academic senate to appoint faculty to provide leadership or serve on college or district groups that design and implement a college's guided pathways framework or program, including those faculty that receive release or reassigned time to serve; and

Resolved, That the Academic Senate for California Community Colleges urge local senates to establish processes to appoint faculty to provide leadership or serve on college or district groups that design and implement guided pathways frameworks or programs, including those faculty that receive release or reassigned time to serve.

Acclamation

17.06 F17 Support for Local Academic Senates in Committing to a Guided Pathways Framework

Whereas, Resolution 9.12 F15 “urge[s] local academic senates and colleges to create formal processes and policies that require the local academic senate, in consultation with its curriculum committee, to evaluate and endorse any proposed curricular pathways offered by an external organization before such a program is institutionalized;”

Whereas, A guided pathways framework is an intentional and integrated construct including principles built on evidence-based practices that provide flexibility to allow faculty and colleges to determine, design, and implement those practices best suited to, and in service of, their local student population and communities, and the California Community College system has 114 colleges all at different stages of investigating, discussing, designing, and implementing a guided pathways framework;

Whereas, In recognizing that the academic senate and faculty leadership and involvement is critical if any guided pathways effort is to succeed, the legislature required in California Education Code §88920 that colleges participating in the California

Community College Guided Pathways Award Program submit “a letter to the chancellor’s office signed by, and expressing the commitment of, the president of the governing board of the community college district, the chief executive officer of the college, and the president of the college’s academic senate to adopt a guided pathways model” and that colleges may use the grant funds for “[f]aculty and staff release time to review and redesign guided pathways programs, instruction, and support services;” and

Whereas, Participation in the California Community College Guided Pathways Award Program is not mandated by the legislature, and colleges may apply for grant funds in year two if the timeline established by the California Community Colleges Chancellor’s Office does not allow sufficient time in the first year for colleges and academic senates to engage in meaningful and deliberative decision making;

Resolved, That the Academic Senate for California Community Colleges urge local academic senates to engage in thoughtful and considered deliberation in determining if their colleges will participate in the California Community College Guided Pathways Award Program; and

Resolved, That the Academic Senate for California Community Colleges call on its administrative colleagues, including the Chief Executive Officers, Chief Instructional Officers, Chief Student Services Officers, and Chief Business Officers to support local senates by providing the time required to engage in genuine dialogue and deliberation to determine the best course of action in investigating, designing, and implementing a guided pathways framework at their college.

17.07 F17 Effective Shared Governance through Communication and Collaboration

Whereas, The Chancellor for the California Community Colleges was recently appointed (December 19th, 2016), and began to initiate and establish the California Community College Guided Pathways Award Program;

Whereas, The California Community College Guided Pathways Award Program requires completion of California Community Colleges Chancellor’s Office mandates for fiscal allocations;

Whereas, The California Community College Guided Pathways Award Program establishes policy development and implementation relating to “Academic and Professional Matters” specified in the California Title 5 Regulations §53200;

Whereas, Initially, the self-assessment tool of California Community College Guided Pathways Award Program was due by November 15th, 2017, and then later was extended to December 23rd, 2017;

Resolved, That the Academic Senate for California Community Colleges establish a system of effective internal communication with the local academic senates in order to communicate, assess, and survey the effects of policy development and implementation coming from the California Community Colleges Chancellor's Office, beginning with the implementation of the Guided Pathways Award Program; and

Resolved, That the Academic Senate for California Community Colleges communicate the information collected from the local academic senates to the California Community Colleges Chancellor's Office in a timely manner.

MSC

17.08 Inclusion of Library Faculty on College Cross-Functional Teams for Guided Pathways and Other Student Success Initiatives

Whereas, California community colleges continue to engage in numerous student success initiatives, including California Community College Guided Pathways Award Program, Student Equity, and Basic Skills Initiative;

Whereas, The importance of libraries for student success has not been fully recognized or explored in the language or implementation of such initiatives, and often library faculty have not been encouraged to participate in developing the corresponding plans;

Whereas, Numerous studies demonstrate that students who use the library are more successful in college; they earn better grades and are more likely to complete their courses and programs of study,³³ and studies show that collaborative academic programs and services involving the library enhance student learning, and information literacy instruction strengthens general education outcomes;³⁴ and

Whereas, The Academic Senate for California Community Colleges has several resolutions (including Resolutions 16.01 S08, 2.02 S12, and 7.01 S12) encouraging the inclusion and involvement of library faculty in the student success initiatives;

Resolved, That the Academic Senate for California Community Colleges urge local senates to ensure library faculty are included on cross-functional teams for student success initiatives and guided pathways frameworks.

22.0 FINANCIAL AID

22.01 F17 Ensure Equal Access for All Qualified California Community College Students to College Promise Funds

Whereas, AB 19 (Santiago, 2017), The California College Promise, requires that colleges participate in the California Community College Guided Pathways Award Program³⁵ in order to receive additional financial aid funding for full time students;

Whereas, Participation in the California Community College Guided Pathways Award Program is decided by each college after careful consideration by college leaders and constituencies based on criteria such as, but not limited to the college's capacity and strategic plans;

Whereas, Small or rural colleges often have limited options for increasing staff to design and implement major college-wide changes, and large or urban colleges may also face the same challenges, even when provided with additional funding; and

Whereas, Students may not have the option to attend a college that is participating in the California Community College Guided Pathways Award Program, especially in rural areas, and one of the goals in AB 19 is "Reducing and eliminating regional achievement gaps...";³⁶

Resolved, That the Academic Senate for California Community Colleges work with the California Community Colleges Chancellor's Office to ensure that all California community college students who meet the qualifications for the California College Promise have equal access to those funds regardless of whether the community colleges they attend participate in the California Community College Guided Pathways Award Program.

REFERRED RESOLUTIONS

17.09 F17 Application of Faculty Policies to Apprenticeship Instructors

Whereas, While apprenticeship programs may be operated by colleges, apprenticeship instructors assigned to teach credit and noncredit Related and Supplemental Instruction courses (RSI) within apprenticeship programs are normally selected, trained, and supervised by trade union apprenticeship training center directors and typically are not integrated into the professional life of the colleges that have apprenticeship programs;

Whereas, A lack of integration of apprenticeship instructors into the professional life of college faculty may result in policies and procedures on faculty hiring and equivalency not being applied to apprenticeship instructors, and furthermore, apprenticeship instructors may not be required to adhere to faculty policies under local academic senate purview, such as faculty professional development requirements and those aspects of faculty evaluation delegated to senates, nor may they be required to adhere to requirements that are the joint responsibilities of local senates and faculty collective bargaining units; and

Whereas, Recent discussions about allowing colleges to change the funding of apprenticeship instruction to full-time equivalent students (FTES), rather than Related and Supplemental Instruction (RSI) funds (also known as Montoya Money) to encourage the expansion of apprenticeship programs beyond the traditional trade unions, shifting the responsibility to the college to directly pay for the cost of instruction of apprenticeship courses, including instructor salaries, raise concerns that local policies and procedures that apply to faculty may be circumvented as new apprenticeship programs are created and existing apprenticeship programs are expanded;

Resolved, That the Academic Senate for California Community Colleges assert that applicants for faculty positions to teach apprenticeship courses for which full-time equivalent students (FTES) are computed and reported to the California Community Colleges Chancellor's Office are subject to all local equivalency processes established pursuant to Education Code §87359 and to all faculty hiring processes established pursuant to Education Code §87360;

Resolved, That the Academic Senate for California Community Colleges assert that all policies and procedures within the purview of local academic senates that apply to faculty employed by districts, including, but not limited to, the aspects of faculty evaluation processes for which local academic senates are responsible, and faculty professional development requirements, including any flexible calendar³⁷ requirements, apply to all faculty assigned to teach apprenticeship courses for which FTES is computed and reported to the California Community Colleges Chancellor's Office; and

³⁷ http://extranet.cccco.edu/Portals/1/AA/FlexCalendar/Flex_Calendar_Guidelines_04-07.docx.pdf

Resolved, That the Academic Senate for California Community Colleges urge local academic senates to work with local collective bargaining units to ensure that all policies and procedures that apply to faculty employed by districts for which there may be joint senate/union purview are applied to faculty assigned to teach apprenticeship courses for which FTES is computed and reported to the California Community Colleges Chancellor's Office.

WITHDRAWN RESOLUTIONS

10.02 F17 **Revise the Minimum Qualifications for Credit Apprenticeship Faculty**

Whereas, Education Code §87357 states that the California Community Colleges Board of Governors “shall consult with, and rely primarily on the advice and judgment of, appropriate apprenticeship teaching faculty and labor organization representatives” when establishing minimum qualifications for apprenticeship instructors;

Whereas, The California Community Colleges Chancellor’s Office recognizes the Academic Senate for California Community Colleges as the appropriate representative of apprenticeship teaching faculty and agreed to a process³⁸ in which representatives of the Academic Senate for California Community Colleges would collaborate with apprenticeship instructors to draft a recommendation for revisions to the credit apprenticeship faculty minimum qualifications outlined in Title 5 §53413(a);

Whereas, The Academic Senate for California Community Colleges engaged in the agreed-upon process in good faith to review and revise the minimum qualifications for instructors teaching credit apprenticeship courses by working with apprenticeship instructors at a meeting on April 6, 2017 to develop the following proposed revision to Title 5 §53413(a):

(a) The minimum qualifications for service as a community college faculty member teaching credit apprenticeship courses shall be satisfied by meeting one of the following requirements:

(1) Possession of an associate degree, plus four years of occupational experience in the subject matter area to be taught; or

(2) Six years of occupational experience in the subject matter to be taught, a journeyman's certificate where available in the subject matter area to be taught, and completion of at least ~~eighteen (18)~~ twelve (12) semester units of degree applicable college level course work, in addition to apprenticeship credits.

(A) The 12 units may be completed within two years of the date of hire; or

(3) Six years of occupational experience in the subject matter to be taught, and served as an apprenticeship instructor for an approved apprenticeship training for a minimum of ten years; or

(4) The equivalent; and

Whereas, The Executive Committee of the Academic Senate for California Community Colleges (ASCCC) has deemed that the process for working with apprenticeship instructors was followed and has endorsed the outcome of the April 6, 2017 meeting between apprenticeship instructors and representatives of the ASCCC;

³⁸ For more information, go to <http://asccc.org/apprenticeship-minimum-qualifications>.

Resolved, That the Academic Senate for California Community Colleges recommend that the California Community Colleges Board of Governors amend Title 5 §53413(a) by adopting the proposed revision to the minimum qualifications for teaching credit apprenticeship courses.
