Dear President Stanback Stroud:

The Committee on Substantive Change of the Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges met May 7, 2015 to review the Substantive Change Proposal from Skyline College for a Bachelor of Science in Respiratory Care program.

The Committee acted to approve the proposal. The baccalaureate degree program will require a site visit within six months of the start of the program and will include an ACCJC staff member and two evaluators. Please contact me to arrange for the visit.

On behalf of the Commission, I wish to express continuing interest in the institution's educational programs and services. It remains the College's responsibility to inform the Commission of any program change. Professional self-regulation is the most effective means of assuring academic integrity, effectiveness and institutional quality.

Sincerely,

A handwritten signature in cursive script, reading "Susan B. Clifford".
