WELCOME TO SKYLINE COLLEGE

Congratulations to you for selecting one of the most exemplary, innovative and academically excellent community colleges in the state, Skyline College. The richness of diversity in the cultures, backgrounds, languages, experiences, histories and perspectives is a reflection of the larger world culture making life fuller and more meaningful as what is global evolves into that which is local. The programs and services are designed to give you the opportunity and tools to become connected to human history and broad areas of human knowledge. As a comprehensive community college, we are able to meet a wide range of academic goals including transfer, career technical preparation and basic skill development so you may succeed in college level programs of study.

Skyline College recently opened a building bearing an inscription that reads “The future belongs to those who believe in the beauty of their dreams.” Well if that inscription is true, then the future belongs to you. It belongs to the many family members and friends who believe in you. It belongs to your brothers and sisters, cousins, nieces and nephews who are looking up to you right now and having the value of education engrained in their psyche as that which is normal and minimally expected for them to fulfill their obligation to be a good, decent and engaged person in this society.

There was a time when California believed that education should not be preserved for the elite – that indeed everyone who had the ability to benefit from an education should have access to higher education. That belief, enshrined in the California Master Plan for Higher Education, was the basis for the incredible economic advancement of the Golden State. It is in jeopardy unless we as a public remain committed to the investment of public education even during austere times and unless you as students and potential students take this opportunity to study, learn and grow to be one of the most valued privileges on this planet. The esteemed faculty and staff are here to support you as you navigate this college on your educational journey.

Get an education as if the entire planet depends on it – because it does.

Sincerely,

Regina Stanback Stroud, Ed.D.
President

The District actively participates in the continuing development of the California Community Colleges as an integral and effective component of the structure of public higher education in the State.
SMCCCD Mission

In an atmosphere of collegiality and shared responsibility, and with the objective of sustaining open access for students and being responsive to community needs, the Colleges of the San Mateo County Community College District will fulfill the following mission with excellence:

1. Provide a breadth of educational opportunities and experiences which encourage students to develop their general understanding of human effort and achievement; and

3. Provide career and technical education and training programs directed toward career development, in cooperation with business, industry, labor, and public service agencies; and
4. Provide basic skills education in language and computational skills required for successful completion of educational goals; and
5. Provide a range of student services to assist students in attaining their educational and career goals; and

The District plans, organizes, and develops its resources to achieve maximum effectiveness, efficiency, equity, and accountability.

The Mission is evaluated and revised on a regular basis.

STATEMENT ON ACADEMIC FREEDOM

Per Board Policy 6.35, Skyline College and the San Mateo County Community College District are dedicated to maintaining a climate of academic freedom encouraging the sharing and cultivation of a wide variety of viewpoints. Academic freedom expresses our belief in inquiry, informed debate and the search for truth; academic freedom is necessary in order to provide students with a variety of ideas, to encourage them to engage in critical thinking and to help them understand conflicting opinions.

Academic freedom encompasses the freedom to study, teach, and express ideas, including unpopular or controversial ones, without censorship or political restraint. Academic freedom, rather than being a license to do or say whatever one wishes, requires professional competence, open inquiry and rigorous attention to the pursuit of truth.

The District’s faculty have the right to express their informed opinions which relate, directly or indirectly, to their professional activities, whether these opinions are expressed in the classroom, elsewhere on campus or at college-related functions. In a search for truth and in a context of reasoned academic debate, students also have the right to express their opinions and to question those presented by others.

Employment by the District does not in any way restrict or limit the rights enjoyed by faculty under the California and United States Constitutions. Faculty members are free to speak and write publicly on any issue, as long as they do not indicate they are speaking for the institution.

Protecting academic freedom is the responsibility of the college community. Therefore, in a climate of openness and mutual respect, free from distortion and doctrinal obligation, the District protects and encourages the exchange of ideas, including unpopular ones, which are presented in a spirit of free and open dialogue and constructive debate.

CHOICE OF COLLEGE
Residents of the District may elect to attend Skyline College, College of San Mateo or Cañada College. In the event the capacity of a class or classes at one college is reached, students may be advised to enroll at one of the other colleges. Academic major and date of application will be considered if such diversion becomes necessary.

CONCURRENT HIGH SCHOOL STUDENTS
College Connection Concurrent Enrollment Program
High school students may be admitted to courses when their high school schedule permits attendance and when there is reasonable expectation of success in the courses.

Students attending high school may register concurrently for Skyline College classes. Interested students must submit an online Application for Admission and a Concurrent Enrollment Course Request Form, available at www.SkylineCollege.edu/highschool.

Applications are available on the College website under High School Students/Concurrent Enrollment.

Requirements for admission are as follows:
1. Enrolled in high school.
2. High school academic grade point average of 2.0, a C is recommended.
3. Parent’s permission to enroll.
4. Principal or designee’s permission to enroll.

Cost for concurrent enrollment:
1. No enrollment or Student Representation fees are charged for 11.5 units or less. The Student Union fee (Fall and Spring Semesters only) of $1 per unit ($5 maximum per semester) and the Health fee are waived. All fees are charged for full-time enrollment (12 or more units).
2. Parking fees must be paid if parking a vehicle on campus.
3. Materials fees, if required for a course.

Because of enrollment limitations, high school students may not be permitted to enroll in classes in certain programs.

High school students will be admitted only into courses that have space available. The final decision for admission of any student to any class rests with Skyline College. The student will be required to fulfill necessary prerequisites for courses.

Students participating in the Concurrent Enrollment Program will receive college credit for all coursework completed. Students may request that a transcript of college coursework completed be sent to their high school registrar to be considered for credit toward high school graduation.

EXAMINATION CREDIT
Credit units earned through the Advanced Placement Test (APT), College Level Examination Program (CLEP), Credit by Examination (CBE), or the International Baccalaureate Examination (IBE) do not satisfy unit load requirements for enrollment status for programs such as financial aid, athletics, veterans benefits, or for graduation residency requirements.

Skyline College accepts the following types of test scores:

Advanced Placement Test (APT): Please see the Advanced Placement Exam Credit Policy chart on pages 19 – 21 to determine use of test scores.

College Level Examination Program (CLEP): Credit may be used to meet requirements for an Associate Degree. A maximum of 15 units can be earned 3 units for each of the tests within the five examination areas: English Composition, Social Sciences and History, Humanities, Natural Sciences, and College Mathematics. Upon receipt of official examination results, CLEP units will be posted to a student’s Skyline College transcript by the Office of Admissions and Records. Should students transfer to a university, CLEP credit will be granted according to the policy of the receiving institution. Students are advised to meet with a counselor regarding CLEP credit.

Credit by Examination (CBE): A currently enrolled student in good standing may be permitted to take a test for credit for courses, if qualified, because of previous training or instruction. By completing an examination approved by the faculty of the appropriate division, credit will be recorded. Testing is not allowed for a course for which credit has previously been granted or if credit has been earned in a more advanced course in the same sequence. Credit by Examination may not be used in order to improve a grade already received for a course. A maximum of 11.5 units toward an Associate Degree or 6 units toward a certificate may be earned through Credit by Examination. The student’s academic record shall be annotated to reflect that credit was earned by examination. A student may complete any course through Credit by Examination procedures only once.
To pursue the Credit by Examination option, obtain a Credit by Examination form from the Office of Admissions and Records. The Office of Admissions and Records approves eligibility. The student must submit the approved form to the division offering the course. If the course is available using the Credit by Examination option, a faculty member will arrange for the examination(s) to be administered and graded. All grades issued upon completion of Credit by Examination will be used in the calculation of the student’s grade point average and for determining scholarship awards.

**International Baccalaureate Examination (IBE):** See the International Baccalaureate Examination Credit Policy chart on page 22 to determine use of test scores.

MILITARY SERVICE CREDIT

A veteran is defined as an honorably discharged member of the United States Armed Forces who was on active duty for one year or longer. With appropriate separation or discharge papers, veterans may have (1) the Physical Education requirement waived and (2) be granted six units of elective credit toward the Associate Degree.

Veterans may receive credit for military service schools toward the Associate in Arts/Science degree requirements upon presentation of proof to the Office of Admissions and Records. Units of credit for military service (6 units) and military service schools (to a maximum of 14 units) will be recorded and annotated on the student’s academic record.

For further information, contact the Office of Admissions and Records, (650) 738-4336.

RESIDENCY REQUIREMENTS

Residency determination is made for each student at the time the application for admission is received. An application must be submitted by new and returning students (did not attend for two consecutive semesters). The burden is on the student to demonstrate clearly, with proof, both physical presence in California and intent to establish California residence. California Education Code, Sections 68000-70902.

Rules of Residency Adults over 19 years of age:
A student over 19 years of age may establish California residency by meeting the following criteria:
1. Verification of physical presence in California one year prior to the day before the start of the semester. Residence is determined by actions and intent. The one-year period begins when a person is not only present in California but also has demonstrated clear intent to become a permanent resident of California.
2. Intent to make California a permanent place of residence can be verified by the following actions:
   - live in California for two consecutive years
   - own residential property or continuously occupy rented or leased property in California
   - register to vote and vote in California
   - licensing from California for professional practice
   - hold active membership in service or social clubs
   - show California as a home address on California State and Federal Tax forms
   - spouse, children, or other close relative reside in California
   - pay California State tax as a resident

   - possess California motor vehicle license plates and registration
   - maintain California as the home of record on Leave and Earnings statement while in the armed forces
   - establish and maintain active California bank accounts
   - petition for divorce as a resident of California.
3. Conduct inconsistent with a claim of California residency includes but is not limited to:
   - maintaining voter registration in another state
   - attending an out-of-state institution as a resident of that state
   - declaring non-residence for California State income tax purposes
   - renewing a driver’s license and/or registering a vehicle in another state during the time period for which California residency is claimed

Rules of Residency – Minors 18 years of age or under:
1. A married student under 18 years of age may establish residency in the same manner as an adult.
2. An unmarried student under 18 years of age derives residency from the parent with whom he/she last resided. The student may be classified as a resident if the parent with whom he/she last resided has been a legal resident of California for more than one year immediately preceding the semester of admission.

Resident Classification: A student is entitled to resident classification under the following circumstances:
1. Student has been present in California for more than one year prior to the semester of admission and has been entirely self-supporting for that time and met the residency requirements.
2. Student is a permanent resident alien over 18 years of age and has resided in California as a permanent resident more than one year prior to the semester of admission.
3. Student is a permanent resident alien under 18 years of age and has resided with parent(s) who has been a permanent resident(s) more than one year prior to the semester of admission.
4. Student is a full-time employee of a public school district in a position requiring certification.
5. Student is an apprentice and provides evidence of such apprenticeship status.
6. Student earns livelihood primarily by performing agricultural labor for hire in California for at least two months per year in each of the two years preceding the semester of admission.
7. Student lived with parent(s) who is (are) agricultural laborer(s) as specified in number 6 above and is claimed as a tax dependent.
8. Minor student has been under continuous care and control of adult(s), not a parent, for more than two years prior to the semester of admission. Such adult(s) must have been California resident(s) during the most recent year.

Exceptions: A student is entitled to resident classification for the minimum time necessary to become a resident if the following circumstances apply:
1. A minor student in continuous attendance, whose parents had established California residence (for one year), and who left the state may be classified as a resident until he/she has attained the age of 18 years and may achieve residency on his/her own.
2. A student is on active duty in the military service, stationed in California, and has not been assigned to California for educational purposes.
3. Meets criteria as a foster youth.
4. A student who is a dependent child (i.e., natural, adopted, or step) or spouse of an active military service person stationed in California is given resident classification for the minimum time necessary to become a resident.
5. A student is a full-time employee, or child or spouse of a full-time employee, of an educational institution or any California State Agency may be entitled to resident classification until he/she has resided in California the minimum time necessary to establish residency.

NON-RESIDENT DETERMINATION
A student classified as a non-resident will be required to pay tuition at the time of enrollment. Non-immigrants precluded by the Immigration and Nationality Act from establishing residency in the United States include, but may not be limited to, those with B-1, B-2, C, D-1, D-2, F-1, F-2, H-2, H-3, J-1, J-2, M-1, M-2, O-2, P-1, P-2, P-3, P-4, Q, TN and TD visas and their dependents. Any student not holding a valid visa is precluded from establishing California residence. Non-immigrants who are not precluded from establishing residence solely on the basis of their status as aliens may be classified as residents if they meet the requirements of State law. Information regarding Nonresident tuition fees and refunds may be found in the Fees/Refund Policy section of this Catalog.
Incorrect Classification: Nonresident students enrolled without payment of fees because of falsification of information shall be excluded from classes upon notification pending payment of fees. Written notification may be given at any time. Students excluded because of falsification shall not be readmitted during the semester or summer session from which they were excluded, nor shall they be admitted to any following semester or summer session until all previously incurred tuition obligations are paid.

If a student is erroneously determined to be a nonresident and a tuition fee has been paid, the fee is fully refundable, provided acceptable proof of state residence is presented within the period for which the fee was paid.
Reclassification: Reclassification to resident status must be requested by the student. Financial independence during the current year and preceding two years will be considered at the time the student requests reclassification. Information regarding requirements for reclassification is available in the Office of Admissions and Records.

Participation as a member of a varsity athletic team does not qualify a non-resident student for resident status.

Limitation of Residency Rules: If this summary of rules regarding residency determination does not provide a complete explanation, contact the Office of Admissions and Records. Students should also note that changes may have been made in the statutes and in the regulations between the time this statement is published and the beginning of the semester for which they are applying.
NON-RESIDENT TUITION EXEMPTION

Tuition exemption forms are available in the Admissions and Records Office for students who wish to be considered for this exemption under State Law AB540.

1. Any student, other than a student who is a non-immigrant alien under 8 U.S.C. 1101(a)(15), shall be exempt from paying non-resident tuition at any community college district if ALL of the following conditions exist:
   a. Attended high school in California for three or more years;
   b. Graduated from a California high school or attained the equivalent of such graduation; and
   c. Registers for or is enrolled in a course offered by any college in the district for any term commencing on or after January 1, 2002.

2. Any student seeking an exemption shall complete a questionnaire form prescribed by the State Chancellor's Office verifying eligibility for this nonresident tuition exemption. The student may be required to provide documentation for the information provided on the questionnaire to verify eligibility for an exemption. All nonpublic student information shall be confidential and shall not be disclosed unless required by law.

3. Any student without lawful immigration status who is seeking an exemption shall, in the questionnaire described in (2), affirm that he or she has filed an application to legalize his or her immigration status, or will file such an application as soon as he or she is eligible to do so.

4. A student seeking this tuition exemption has the burden of providing evidence of compliance with the requirements of this section.

5. Nothing in this statute modifies eligibility standards for any form of student financial aid.

6. Nothing in this statute authorizes a refund of nonresident tuition that was paid for any term commencing prior to January 1, 2002.

TRANSFER STUDENTS

Students transferring to Skyline College from another accredited college or university may have their academic transcript evaluated upon receipt by the Office of Admissions and Records. An official transcript of records from each college attended should be submitted for evaluation. Credit will only be allowed for lower-division credit course work that is degree applicable. Transfer credit accepted will be indicated on the student’s academic transcript.

Upper-division credits completed at a four-year college or university cannot be counted toward the Associate degree. Skyline College and many four-year colleges or universities have articulation agreements that allow comparable courses to be used in lieu of university courses when transferring from Skyline College to a four-year college or university.

VETERANS AND VETERANS’ DEPENDENTS

Welcome Veterans!

Skyline College offers approved instruction to veterans, service members, dependents and survivors of veterans and to other eligible persons, and is authorized by the Department of Veterans Affairs to certify students who are working toward an AA/AS degree program, or certain certificate and transfer programs, for benefits under Chapter 30, 33 (Veterans), Chapter 31 (Vocational Rehabilitation), Chapter 35 (Veterans’ Spouses or Dependents), and Chapter 1606 (Selected Reserve). More information is available from the Veteran’s Assistant.

Associate Degrees for Transfer (AA-T or AS-T) at Skyline College

As a result of the Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749), California community colleges now offer associate degrees for transfer to the California State University (CSU) system. These degrees are referred to as Associate in Arts for Transfer (AA-T) or Associate in Science for Transfer (AS-T). The degrees are designed to provide students with a clear educational planning pathway to a CSU major and baccalaureate degree. California community college students who are awarded an AA-T or AS-T degree are guaranteed admission to a California State University campus with junior standing and given priority admission consideration to their local CSU campus and to a program that is deemed similar to their AA-T or AS-T major.

This priority does not guarantee admission to any specific majors or campuses within the CSM system. In addition to transfer priority, the SB 1440/AA/AS-T opportunity, allows students who have been awarded an AA-T or AS-T the guarantee that, to complete their remaining requirements for the 120-unit baccalaureate degree, they need only to complete an additional selected 60 semester units of course work at the CSU.

Currently available AA/AS-T degrees are listed on page 99.

For more information about SB 1440 - Associate Degrees for Transfer go to the following website: www.sb1440.com.

Additional Information on External Exams:

1. Students who have earned credit through AP, IB, and/or CLEP should not take a comparable college course because credit will not be granted for both the external examination and the comparable college course.

2. San Mateo Community College District applies AP, IB, and CLEP credit to associate degree general education area requirements in the same manner as the CSU system applies AP, IB, and CLEP credit to CSU GE area requirements.

3. The chart does not provide information about if or how external exam results apply to major course requirements. Applying AP, IB, or CLEP credit to meet major requirements is determined by each transfer institution.

3A At Cañada College, College of San Mateo, and Skyline College, each instructional division determines if or how AP, IB, and/or CLEP credit is applied to associate degree major or certificate requirements.

4. The chart identifies how external exams are applied to IGETC areas, CSU GE areas, and associate degree general education areas only. It does not provide information about transfer credit generated by external exams for the purpose of admissions.

5. Students earning an AP score of 3, 4, or 5 in the physical and biological science examinations meet IGETC Area 5A and meet the IGETC laboratory activity requirement. AP exams in Biology, Chemistry, and Physics B allow California community colleges to apply 4 semester units to IGETC area certification to cover both the science lecture and science lab unit requirements for IGETC Area 5. For Environmental Science, Physics C: Mechanics, and Physics C: Electricity/magnetism, only 3 semester or 4 quarter units are applied to IGETC area 5A and 5C certification which means that students who complete these AP exams are required to complete a 4 semester or 5 quarter unit course to satisfy the minimum required units for IGETC Area 5.

Students will know which English and/or Math courses they will need to enroll in to meet their educational objective.

ORIENTATION

Skyline College offers both in-person and online orientation to new students. New students are provided information about Orientation after completing their application. The procedure to sign up for either Orientation option is listed in the class schedule. Both orientations cover important college policies and procedures, specific information about certificate, degree and transfer goals, and useful resources that help students be successful in achieving their goals. Orientation is taught by Skyline College counselors, and each student will be provided with a student educational plan based on their intended educational goal and/or major shortly after completing the Orientation. For more information, please visit: www.SkylineCollege.edu/admissions/orientation.php.

See "Enrollment Exemptions" for those students who are not required to complete the enrollment/matriculation steps.

COUNSELING

New students will first meet with a counselor when they attend orientation. Meeting with a counselor is an important step in the enrollment process to ensure success for new students. Skyline College’s counseling and advising services assist students in establishing their educational goals and identifying support services to achieve those goals. It is important to meet with a counselor each semester to:

- Develop/update your student educational plan (allows you to receive priority registration for the next semester)
- Discuss your academic progress
- Continue to learn about and use important student services that enhance student success
- Discuss any personal issues that may be impacting academic success

The Counseling Center, located in Building 2, provides a comprehensive service for students who seek assistance in dealing with a variety of concerns. Please see the Skyline College website for more information.

Counseling appointments for continuing students can be made in person or by phone at (650) 738-4318.

ENROLLMENT EXEMPTIONS

You Are Not Required to Complete These Steps If You:

- are primarily a student at another educational institution taking courses to meet the requirements of that institution, or
- are taking courses for personal interest, to upgrade/enhance job skills, to maintain a certificate or license, or to complete credits for high school; or
- have completed an Associate Degree or higher.

You will receive an appointment to register after submitting the Skyline College application. You may choose to participate in the enrollment process.

ENROLLMENT WAIVERS/EXEMPTIONS: If you wish to request a waiver or exemption of any matriculation requirement, forms are available in Admissions and Records.

Students with disabilities who need assistance with any part of the matriculation process should contact the Disabled Students Program and Services at (650) 738-4280.

Si necesita ayuda en Español. Para facilitarle el proceso de matriculación, presentese en la oficina de admisión en el edificio #2, y pregunte por alguien que hable espaol. Sera nuestro placer servirle.

If you are required to complete matriculation, follow these steps as soon as possible. The services are in high demand during peak registration periods. Earlier registration allows for a greater selection of courses and scheduling preferences.
STUDENT FOLLOW-UP

The academic progress of each student is evaluated each semester. Special services are provided to students on academic and/or progress probation, students in basic skills courses, and students who are undecided about their educational goal.

Skyline College strongly encourages students to follow the recommendations of their counselor/advisor in making course selections. Recommendations will be based on all information available to the counselor/advisor, which includes assessment results and other measures.

Each matriculated student is expected to:

1. Express at least a broad educational intent upon entering college and be willing to declare a specific educational goal following the completion of 15 semester units of degree applicable credit course-work.
2. Attend classes regularly and complete assigned coursework.
3. Collaborate with a counselor in the development of a student educational plan.

Each matriculated student is entitled to:

1. Participate in the process of developing his/her student educational plan. A student who believes the College has not afforded him/her the opportunity to develop or implement this plan may file a complaint in the office of the Dean of Counseling, Building 2, Student Services Center.
2. Be given equal opportunity to engage in the educational process regardless of gender, marital status, physical handicap, race, color, sexual orientation, religion or national origin. A student who alleges he/she has been subject to unlawful discrimination may file a grievance with the Vice President of Student Services.
3. Challenge any prerequisite, corequisite, or other limitation on enrollment by filing a petition with the appropriate Division Dean on one or more of the following grounds:
   a. the student has the knowledge or ability to succeed in the course despite not meeting the prerequisite;
   b. the prerequisite or corequisite is discriminatory or is being applied in a discriminatory manner;
   c. the prerequisite or corequisite has not been established in accordance with the district’s process for establishing prerequisites or corequisites;
   d. the student will be subject to undue delay in attaining the goal of his/her educational plan because the prerequisite or corequisite has not been made reasonably available.
4. Obtain a Petition to Challenge a Prerequisite form for any prerequisite or corequisite course for a particular term. Petitions are available from the Student Services Information Counter, Building 2; the Division Dean; the Dean of Counseling, Building 2, Student Services Center; or on the website, www.SkylineCollege.edu.
5. Request a waiver of any matriculation requirement on the basis of extraordinary circumstances by filing a petition in the office of the Dean of Counseling, Building 2, Student Services Center.
6. Review the matriculation regulations of the California Community Colleges and exemption criteria established by this District and file a complaint when he/she believes the College has engaged in any practice prohibited by these regulations. The regulations are available and complaints may be filed in the office of the Dean of Counseling, Building 2, Student Services Center.
Step 5 – Registration

Registration is conducted through WebSMART at https://websmart.smccd.edu to enroll in classes, add and/or drop classes, access final grades, and pay college fees.

Students who have been continuously enrolled will receive an appointment to register each semester by email. Registration can be done on or after the registration appointment date.

New students who intend to earn an Associate degree, transfer to a four-year college or university, earn a certificate from a vocational program, discover career interests/prepare for a new career, improve basic skills in English, reading or math, and those students who are undecided about their goal are expected to:

- take the Math and English placement tests
- attend an orientation
- attend a counseling session to begin development of a Student Educational Plan (SEP).

New students who wish to take courses for personal enrichment, improve present job skills, satisfy requirements for another educational institution, or who have already earned an Associate or higher degree may use the services listed above but are not required to do so.

UNITs OF CREDIT

A “unit” of credit represents attendance for one class hour per week for a total of 16 hours throughout one semester in lecture or recitation, with study/preparation outside of class, or three hours in laboratory or other exercises not requiring homework for preparation per week for a total of 48 hours, or an equivalent combination.

Students planning to complete their Associate degree in two years must enroll in and complete 15-16 units per semester. A schedule of 15 college units assumes that the average student will devote approximately 45 hours per week to class attendance and preparation.

Grade Options

Courses will be designated as Letter graded and/or Pass/No Pass. The default for registration when options are offered is a letter grade. Students must select the Pass/No Pass option when registering or within the first 30% of the course. No change can be made in the option after the deadline to change. Be aware of degree and/or transfer requirements when selecting a P/NP option.

REGISTRATION LIMITATIONS

1. A student may take no more than 19 units in Fall and Spring semesters or 11 units in Summer Session without the special approval of a counselor, the Dean of Counseling, or the Dean of Enrollment Services. This unit limitation is inclusive of all courses in the day, evening, or weekend program, or at another college or university.

A program of 12 units or more is considered full-time in establishing eligibility for athletics, financial aid, International Student visas, Veterans benefits, and most other benefits which are dependent upon full-time enrollment status for maximum benefits. Some financial assistance programs pro-rate benefits based on a reduced unit load. Students should check with their program coordinator for specific unit requirements.

Enrollment status is defined as follows: Full-time = 12+ units; three-quarter time = 9-11 units; half-time = 6-8 units; and less than half-time = .5-5.5 units.

2. A student may enroll in two sections of the same course during the same term if one section ends before the other begins.

3. A student is not permitted to enroll in two or more different courses when the meeting times for the courses overlap. A petition may be made for extenuating circumstances. Forms are available in the Admissions Office.

4. A student will not be permitted to register in a course if three (3) “attempts have been recorded for the same course. See “Course Repetition” under the Academic Standards section of this Catalog.

REGISTRATION CHANGES/WITHDRAWAL

Prior to the beginning of the semester or summer session and throughout the Late Registration period, schedule changes are completed using WebSMART.

All schedule changes are the responsibility of the student. A student who is registered in a course and stops attending will not be automatically withdrawn and may receive a penalty grade. It is the student’s responsibility to officially withdraw following prescribed procedures and timelines as published in the Class Schedule, on the Class Schedule Summary on WebSMART, or by looking at course information on the Web Schedule. Refer to “Withdrawal from Classes” in this Catalog for complete details on withdrawal procedures. Refer to “Refund Policy” in this Catalog for information on refunds.
REMEDIAL COURSEWORK LIMIT

Remedial basic skills coursework is limited to 30 semester units of credit. Any student who can show significant progress toward the development of skills appropriate to his/her college enrollment may request a waiver of this limitation. Students enrolled in ESL courses or those with learning disabilities are exempt from this limitation.

FIRST CLASS MEETING ATTENDANCE

Students who register for a class but do not attend the first class meeting may be replaced by other students. It is the student’s responsibility to notify the instructor of delayed attendance or officially withdraw following established procedures and timelines published in the Class Schedule.

AUDITING OF COURSES

Skyline College allows auditing of courses, with the exception of courses in programs that require special preparation and/or program admission on a limited basis. A student may audit a course only under the following circumstances:

1. The student must have previously enrolled for credit for the maximum number of times allowed for the particular course.
2. The instructor of record for the course must approve the student’s enrollment as an auditor.
3. The student must be in good academic standing.
4. If the course is offered for variable units, the student must enroll for the maximum number of units available.
5. The student must enroll as an auditor immediately following the published late registration period and pay the auditing fee.

Students who enroll in a course for credit have first priority for all classroom space. Students who wish to audit a course may enroll the week after the late registration period is concluded, though with the instructor’s permission they are able to attend the course from the first class meeting. Students who wish to audit a course must obtain a COURSE AUDIT FORM from the Office of Admissions and Records. No student auditing a course shall be permitted to change his or her enrollment to receive credit for the course. An auditing fee, as established by California Education Code, is payable at the time of enrollment as an auditor, with the exception of students enrolled in ten (10) or more semester credit units.

VARIABLE UNIT COURSES

Some courses are offered for variable units that are earned according to the amount of subject matter the student completes during the length of the course. When registering for a variable unit course, students should enroll in the number of units they plan to complete. Units may be adjusted using WebSMART registration. There will be no refunds for units not earned. Students earning additional units will be charged accordingly.

OPEN CLASSES

It is the policy of this District that, unless specifically exempted by statute, every course, course section or class shall be fully open to enrollment and participation by any person who has been admitted to the college(s) and who meets the prerequisites of the course, provided space is available. The policy is established pursuant to Chapter 11, Division 2, Part VI of Title 5 of the California Administrative Code, commencing with Section 51820. Enrollment may be limited in some courses due to space and equipment constraints.

DEGREEWORKS
DegreeWorks is a tool to help students monitor progress toward degree and certificate completion and CSU GE and IGETC certification. DegreeWorks looks at the program requirements found in the College of San Mateo, Canada College, and Skyline College catalogs and the coursework completed to produce an easy to read audit. In addition, it includes a “what if” tool that allows students to view their progress toward the full range of our San Mateo County Community District educational goals. DegreeWorks includes information about progress toward educational goals, academic history, a GPA calculator, and a Ed Plan (Student Educational Plan – SEP). Students can work with a counselor who will complete an SEP that is stored in DegreeWorks for an important academic planning resource for students. Students are encouraged to review DegreeWorks information and work with a counselor to engage in academic and career planning.

TRANSCRIPTS
Official transcripts of a student’s academic record can be sent to colleges, universities, employers and other institutions upon a formal request of the student. Transcripts may be requested using the student WebSMART account. On WebSMART, under “Student Records,” find “Request Official Transcript” link for this purpose. Students may request official copies to be sent to them by noting “issue to student.” All courses completed or in progress at Canada College, College of San Mateo and/or Skyline College appear on the transcript. Transcripts from high school and other colleges are not forwarded from Skyline Colleges to other institutions because our district colleges are authorized to send San Mateo County Community College transcripts only. The first two official transcripts requested by a student are free; thereafter a charge of $5 for each transcript is imposed. If a student wants a transcript processed immediately there is an additional “rush” service charge of $10.

Note: Fee holds will block your access to all WebSMART functions; therefore it is important to satisfy financial obligations to the college in a timely manner.
STUDENT FEES
The fees listed in this Catalog are those in effect at the time of publication. Fees are subject to change at any time by action of Federal or State statute, the Board of Governors of the California Community Colleges, or the San Mateo County Community College District Board of Trustees. A list of fees is published in each semester’s Class Schedule and is available on WebSMART.

All fees marked with an “*” are waived for Concurrent High School Students enrolled in 11.5 units or less.

Estimated fees paid by the student may be claimed for a tax credit. A 1098-T will be available on WebSMART in January for the prior year’s tax information.

ENROLLMENT FEE*
A state-mandated enrollment fee of $46 per unit is payable by all students. The enrollment fee is calculated each semester based upon the student’s combined enrollments at Skyline College, Cañada College, and/or the College of San Mateo.

The Board of Governors of the California Community Colleges has established a fee waiver program to help students pay the enrollment fee. Information on eligibility requirements, application deadlines, and application forms are available on WebSMART under “Financial Aid.”

Students classified as nonresidents of the State of California must pay an additional Nonresident fee. See details under “Nonresident Tuition Fee.”

HEALTH SERVICES FEE*
All students, except those enrolled ONLY in off-campus, weekend or Distance Learning courses, are required to pay $19 for each Fall & Spring semester and $16 for Summer session. This fee provides campus health services and medical coverage for injuries incurred while the student is on campus or attending an off-campus, College-sponsored event.

Students who depend exclusively upon prayer for healing in accordance with the teachings of a bona fide religious sect, denomination or organization may be exempted from paying the Health Services Fee. A petition for a Health Services Fee exemption may be obtained from the Admissions & Records Office. The fee is not covered by the California Community Colleges Board of Governor Fee Waiver (BOGFW) and is not refundable unless an action of the college prevents the student from attending.

STUDENT REPRESENTATION FEE*
This fee of $1 per student per semester was established by an election of the student body of Skyline College. Under applicable provisions of the California Education Code, the students established the fee by a two-thirds majority of the students who voted in the election. The money collected through the Student Representation Fee will be expended to provide support for students or their representatives who may be stating their positions and viewpoints before city, county and district government, as well as before offices and agencies of local, State and Federal governments. A student has the right to refuse to pay the Student Representation Fee for religious, political, moral or financial reasons. A petition to waive the fee may be obtained at The Center for Student Life and Leadership Development Office. The fee is not covered by the California Community Colleges Board of Governor Fee Waiver (BOGFW) and is not refundable unless an action of the college prevents the student from attending.

NON-RESIDENT TUITION FEE
Students who do not qualify as California residents as determined by the California Education Code must pay Non-resident Tuition fees. Refer to the current Class Schedule or the Fees link on the Skyline College website for the current fee rate. The Office of Admissions and Records determines residency status at the time of admission. Refer to “Determination of Residency” in the Admission section of this Catalog for more information.

International (F-1 Visa) students pay the Non-resident Tuition, a nominal capital outlay fee, and the Enrollment fees.

INTERNATIONAL STUDENT (F-1 VISA) HEALTH INSURANCE
Required of international students without the required level of private health insurance.

STUDENT BODY FEE (OPTIONAL)*
All students, except for students enrolled ONLY in off-campus, weekend or Distance Learning courses, are assessed the Student Body Fee. The Student Body Fee of $8 per semester (Fall & Spring only) is automatically assessed and is payable at the time of registration. Students who pay the fee receive an Associated Student Body card which entitles them to special discounts at local businesses, movie theaters, shops, restaurants, and for some on-campus products and services. All fees must be paid in full to receive a Photo ID. Funds collected also help support student activities, services and scholarships. Students who choose to waive the fee must contact The Center for Student Life and Leadership Development Office by the

Deadline listed in the Class Schedule printed each semester. The fee is not covered by the California Community Colleges Board of Governor Fee Waiver (BOGFW) and is not refundable unless an action of the college prevents the student from attending.

Student Union Fee*

Students will be assessed a Student Union Fee of $1 per unit up to a maximum of $5 per semester (Fall and Spring only). Funds collected will be used to support the operation, maintenance and refurbishment of the Student Union. The assessment of this fee was authorized by a vote of the Skyline College Student Body in February 2001. The fee is not covered by the California Community Colleges Board of Governor Fee Waiver (BOGFW) and is not refundable unless an action of the college prevents the student from attending.

Parking Permit Fee

Skyline College is committed to keeping the campus as accessible as possible to the community. The Public Safety Office applies strict and fair application of all parking regulations.

All persons driving an automobile, truck or van who utilize campus parking facilities during scheduled class hours and final examination periods are required to pay a parking permit fee. Motorcycles are excluded from this requirement if parked in designated motorcycle parking. Students enrolled exclusively in weekend or off-campus classes are exempt.

Parking options are as follows:

- $50 for each semester (Fall or Spring)
- $90 for a Two-Term Permit (Fall and Spring)
- $25 for the Summer Session
- $2 for one day parking permits available at daily permit dispensers in Parking Lots A, C, F, G, L, N (adjacent to the perimeter road) and P. Refer to the campus map for dispenser locations.
- Visitor pay-by-space parking is available in lots D and M at $0.25 cents for every 15 minutes. Permits sold in the pay-by-space lots are only valid in the numbered space for which it was purchased and void in all other parking lots on campus.

Policy:

- Parking fees are nonrefundable unless an action of the College (e.g., cancellation of all of the student’s classes) prevents the student from attending.
- There are NO refunds for lost, stolen or damaged permits. Replacement of any lost or stolen permit is at full cost to the student.
- Parking permits may be transferred from one vehicle to another.

Students may purchase a parking permit online via WebSMART at any time during the semester. Students may also use the Student Services One Stop Center computer station designated for OVER THE COUNTER PARKING PERMIT PURCHASE and then proceed to the Cashier’s Office (Bldg. 2, Room 2225) to pick up and pay for their student parking permit.

See “Parking” in the Programs and Services section of this Catalog for more information on parking policies and procedures.

Disabled Student Parking

Physically disabled students who drive vehicles to campus must have a state-issued DMV placard. This placard allows parking in designated disabled parking spaces on campus. Students must also purchase a student parking permit issued through Skyline College. Disabled parking is available in student or staff lots. Transportation from student lots to campus may be arranged through the Disability Resource Center at (650) 738-4280.

Audit Fee

A fee of $15 per unit is charged for designated courses only. This fee is subject to change. See “Auditing of Courses” section in this Catalog for further information.

Transcript Fee

An official transcript summarizing a student’s complete academic record of course work taken at Cañada College, College of San Mateo, and Skyline College will be sent directly to colleges, employers, and other agencies upon request by the student. Transcripts may be requested through WebSMART (https://websmart.smccd.edu). Transcripts from high schools and other colleges will not be forwarded. The first two transcripts requested are free. There is a $5 fee for each transcript requested after the first two. Rush Service, usually within twenty-four hours, is available at an additional $10 per transcript. For additional information, contact the Transcript Department in the Office of Admissions and Records at (650) 738-4254.

Returned Check Fee

A fee of $20 is charged for each returned check.

Please note that fees are subject to change at any time by action of the State Legislature, Board of Governors of the California Community Colleges, or the District Board of Trustees.
ADDITIONAL EXPENSES

Students must purchase their own textbooks and supplies. Considerable savings are possible through the purchase of used textbooks from the Skyline College Bookstore. For the approximate cost of books, contact the Bookstore at (650) 738-4211 or check the website at http://bookstore.SkylineCollege.edu.

Some courses require special equipment or materials fees at the student’s expense:

- Automotive Technology – Approximately $800 for Basic Tools
- Cosmetology – Approximately $4,500 over the length of the program for uniforms and equipment

PAYMENT OF FEES

Fees may be paid in any of the following ways:

- WebSMART: Mastercard, Visa, Discover, Diners Club, or American Express
- In Person at Cashier’s Office (Student Services Center, Bldg. 2, 2nd Floor): Cash, Check, Money Order or Credit Card

Fees are due and payable at the time of registration. Student records, including transcripts, are automatically held until all debts to the District colleges have been cleared. Students are not able to register for classes if there’s an outstanding balance on the account. Students are expected to review their account on WebSMART regularly. Outstanding student account balances are subject to referral to a collection agency.

REFUND POLICY FOR REGISTRATION FEES

- To be eligible for a credit or refund, a student must officially withdraw from a course within the stated refund deadline as displayed on WebSMART. Students should check their Class Schedule Summary for exact refund dates. If registration occurs after the refund date for a class, no refund will be available.
- For summer or short courses, withdrawal must occur within the first 10% of the course (often this is the first day).
- If a student decides not to attend classes, it is their responsibility to officially withdraw within the published deadlines to avoid penalty grades and fee obligations. A withdrawal initiated by a professor may not result in a refund.
- A student may either maintain a credit balance on their account or request a refund.
- Refunds are not issued automatically. Students must contact the Cashier’s Office to request a refund.
- Credit balances remain on student accounts for a maximum of five (5) years.
- Fees paid by personal check(s) require ten (10) business days for bank clearance before refunds can be processed.
- A $10 non-refundable processing fee (plus an additional $50 processing fee for nonresident tuition) will be retained by the college if a refund is issued to a student withdrawing from all classes. A refund processing fee may be charged only once per semester or summer session. For students who owe less than $10 and withdraw from all classes before the deadline, the processing fee shall equal to the amount owed.
- Students who receive financial aid and withdraw from classes are advised to call the Financial Aid Office at (650) 738-4236 regarding possible repayment of federal funds if received prior to withdrawal.
- Fees will be credited or refunded if an action of the College (e.g. class cancellation) prevents a student from attending.
- The Student Body fee is fully refundable by the deadline stated on the Class Schedule printed each semester. For short courses or for late-start courses, the deadline to waive the fee is 10% of the period of instruction (often this is the first day).
- Variable Unit Courses: No enrollment fee or nonresident/international student tuition refund or credit will be available to students enrolled in variable unit courses who earn fewer unit of credit than the number for which they originally registered. Students earning additional units will be charged accordingly.
- Exceptions to the refund policy may be authorized by petition to the Academic Standards and Policies Review Committee in cases of unique and extraordinary circumstances beyond the control of the student.
GRADES AND GRADE POINTS

Courses within the SMCCD are graded by means of the grading system established by the California Education Code (Title V).

Skyline College utilizes two types of grading methods or grade modes: Letter Grade and Pass/No Pass.

Letter Grade

Grades are averaged on the basis of the point equivalencies to determine a student’s grade point average. The highest grade shall receive 4 points and the lowest grades shall receive 0 points using the following evaluative symbols:

- A Excellent 4.0 points
- A- Excellent 3.7 points
- B+ Good 3.3 points
- B Good 3.0 points
- B- Good 2.7 points
- C+ Satisfactory 2.3 points
- C Satisfactory 2.0 points
- D+ Passing, less than satisfactory 1.3 points
- D Passing, less than satisfactory 1.0 point
- D- Passing, less than satisfactory 0.7 points
- F Failing 0 points

Pass/No Pass

Each division of the College may designate course(s) in which a student is evaluated on a Pass/No Pass basis only. There are no grade points assigned to this grade mode, as units are not calculated towards GPA. Evaluative symbols are as follows:

- P Passing At least satisfactory 0 points
- NP No Pass Less than Satisfactory 0 points

Note: Transcripts with courses prior to 2008-2009 will reflect evaluative symbols of Credit (CR) and No Credit (NC).

Grade Mode Option

Some courses offer both Letter Grade and Pass/No Pass grade mode options. Grade mode options allow students to explore various fields of study and broaden their knowledge, particularly outside their major field, without jeopardizing their grade point average. Courses in which such an option exists will be designated by the Division Dean in consultation with appropriate members of the division faculty.

Students selecting a Pass/No Pass option must select this grade mode at the time of registration or one day prior to Census, through their WebSMART account.

The use of courses graded on a Pass/No Pass basis to satisfy major or certificate requirements must be approved by the Division Dean in consultation with appropriate members of the division faculty. A maximum of 12 units toward an Associate Degree, or 6 units toward a Certificate, may be applied from courses in which the student has elected a Pass/No Pass option.

Important: Four year colleges and universities vary widely in the number of units of Pass/No Pass courses they will accept. Students should consult the catalog of the college to which they plan to transfer for its regulations before selecting this option.

Non-evaluative Symbols – Grade Column

- I Incomplete
  Appears in the grade column, along with a default grade, and indicates incomplete academic work for unforeseeable, emergency, and justifiable reasons. Conditions for the removal of the “Incomplete” shall be set forth by the faculty member in a written record which also indicates the default grade (grade assigned in lieu of removal). A final grade will be assigned by the faculty member when the stipulated work has been completed and evaluated. In the event that the work is not completed within the prescribed time period, the default grade previously determined by the faculty member will be entered in the permanent record. The Incomplete must be made up no later than one year following the end of the term in which it was assigned. Established College procedures may be utilized to request a time extension in cases involving unusual circumstances. The I symbol is not used in calculating units attempted nor for grade points.

- IP In Progress
  The IP symbol indicates courses which extend beyond the normal end of an academic term. It indicates that work is In Progress, but that assignment of the evaluative symbol (grade) must wait its completion. The IP symbol shall remain on the student’s permanent record in order to satisfy enrollment documentation. The appropriate evaluative symbol (grade) and unit credit shall be assigned and appear on the student’s permanent record for the term in which the course is completed.

- RD Report Delayed
  The RD symbol indicates that there has been a delay in reporting the grade due to circumstances beyond the student’s control. It is to be replaced by a permanent symbol as soon as possible. The RD shall not be used in the calculation of grade point average.

- W Withdrawal
  The W symbol indicates withdrawal from a course beyond the last day to drop without a notation appearing on the student record.

- MW Military Withdrawal
  The MW symbol indicates military withdrawal.
# Non-Degree Applicable
Appears with a grade and indicates a non-degree applicable course.

E Excluded
As a result of procedures such as Grade Alleviation, Academic Renewal and Course Repetition, a notation of □E□ may appear in the right column of the student academic record to indicate that the course is to be Excluded from the GPA calculation.

I Included
As a result of procedures such as Grade Alleviation, Academic Renewal and Course Repetition, a notation of □I□ may appear in the right column of the student academic record to indicate that the course is to be or Included in the GPA calculation.

GRADE POINT AVERAGE
GPA (Grade Point Average) is determined by dividing the total number of grade points earned by the total number of letter graded (GPA) units attempted (See Academic Standards Policy).

A students grade point average for a degree will not include grades earned in non-degree applicable credit courses.

Courses transferred to Skyline College, Credit by Exam, and Advanced Placement are not included in the District GPA.

SCHOLASTIC HONORS
Dean’s List
A Dean’s List of students who have achieved academic honors is published at the end of each semester. The list contains the names of students who previously completed 12 units or more of letter-graded coursework and during the subsequent semester at Cañada College, College of San Mateo, and Skyline College earned a grade point average of 3.3 or above for six or more units.

Honors at Graduation
Recognition of a student’s academic excellence will be given at graduation on the basis of their grade point average according to the following scale:

<table>

<tr>
<th>Grade Point Average</th>

</tr>
</thead>
<tbody>
<tr>
<td>3.3</td>

FINAL GRADE REPORTS
Each student is responsible for his/her own academic progress. Final grade reports are not mailed to students but are available on WebSMART. **All fees must be paid to be able to access grades.** Dates of final grade availability for specific semesters are published in the current Class Schedule. Final grades are available at:

[www.SkylineCollege.edu](http://www.SkylineCollege.edu)
Click on “WebSMART.” Log into your account.

CHANGE OF FINAL GRADES
The determination of the student’s grade by the instructor shall be final in the absence of mistake, fraud, bad faith, or incompetence. See “Student Grievance and Appeals Policy” in the Student Records, Responsibilities and Rights section of this Catalog for information on the grade grievance process.

An earned grade of A, B, C, D, F, W, P, NP, CR, or NC may be changed by the professor **within one year** if an error has occurred. Grades cannot be changed on the basis of a student completing class work subsequent to the assignment of the final grade.

ENROLLMENT/DEGREE VERIFICATION
Verification may be accessed and printed as a free service to students. Access Enrollment/Degree Verifications from the Student Records Menu at [https://websmart.smccd.edu](https://websmart.smccd.edu).
ACADEMIC STANDARDS POLICY

The Academic Standards Policy of Skyline College and the San Mateo County Community College District is based on a cumulative grade point average of 2.0 (C), the minimum standard required for graduation or transfer. A grade point average of less than 2.0 is considered deficient.

Grade point average (GPA) is determined by dividing the total number of grade points earned by the total number of letter graded (GPA) units.

Academic standing, including determination of probation or dismissal status, is based upon all coursework completed at Cañada College, College of San Mateo, and Skyline College.

Special program academic eligibility requirements for financial aid, athletics and Veteran’s Educational Benefits may differ. Students should consult with the specific office for applicable program eligibility requirements.

ACADEMIC PROBATION

A student will be placed on academic probation under the following criteria:

1. Based on low grade point average: A student who has attempted at least 12 semester units, as recorded on their official college transcript, is placed on academic probation if the student has earned below a cumulative 2.0 (C) grade point average.

2. Based on lack of satisfactory progress: A student who has enrolled in a total of at least 12 semester units, as recorded on their official college transcript, is placed on academic probation when the percentage of all units recorded as W, I, NP and NC reaches or exceeds 50 percent. (See Calendar for deadline dates for withdrawal.)

A student may be placed on probation under either or both criteria.

A student on probation may schedule an appointment with a counselor for clearance for removal from probation if that status has resulted from circumstances beyond the student’s control.

REMOVAL FROM PROBATION

A student on academic probation on the basis of grade point average is removed from probation when his/her cumulative grade point average is 2.0 (C) or higher.

A student on academic probation on the basis of failure to maintain satisfactory progress is removed from probation when the percentage of units completed is 50 percent or above.

DISMISSAL

A student in probationary status shall be subject to dismissal if in two subsequent semesters either or both of the following criteria are applicable:

1. The student’s cumulative grade point average is less than 1.75 in all units attempted.
2. The cumulative total of units in which the student has been enrolled for which entries of W, I, NP and NC have been recorded reaches or exceeds 50 percent.

A student in dismissal status must meet with a counselor in the Student Success Program in order to be reinstated to the College and allowed to enroll in classes. The Student Success Program consists of a workshop and meeting with a counselor during the semester. Students in dismissal status are restricted to a limited number of units. The student must demonstrate academic progress during the semester after reinstatement in order to enroll in subsequent semesters. Students who wish to waive the Student Success Program requirements must receive approval from a counselor or the Dean of Counseling.

ACADEMIC RENEWAL POLICY

Previously recorded substandard academic performance (grade of “D-”, “D”, “D+”, “F” or “NP”) may be disregarded if it is not reflective of a student’s demonstrated ability.

A student may file a petition with the Office of Admissions and Records seeking grade alleviation of substandard academic work.

• A period of at least one year must have elapsed since the course work to be alleviated was completed.
• The student must have completed 9 units of course work with a 3.5 cumulative grade point average, or 15 units with a 3.0 cumulative grade point average, or 21 units with a 2.5 cumulative grade point average, or 24 units with a 2.0 cumulative grade point average since the course work to be alleviated was completed.
• Substandard course work to be alleviated must have been completed at Cañada College, College of San Mateo or Skyline College. However, the course work upon which the application for alleviation is based may be completed at any regionally accredited college or university.

The academic renewal policy may be applied when alleviation of prior course work is necessary to qualify a student for financial aid or admission to a program or transfer to another institution or for completion of a certificate or degree program.

To request Academic Renewal, a student must file a formal petition to the Office of Admissions and Records.
When academic course work is alleviated from the computation of the grade point average, the student's permanent academic record shall be properly annotated in a manner to ensure that all entries are legible, providing a true and complete academic history.

WITHDRAWAL FROM CLASSES

To drop/withdraw from a class, students should access WebSMART registration. Official withdrawal is the responsibility of the student. A drop with a refund is subject to refund deadlines. A student who does not withdraw in accordance with established procedures may receive a penalty grade. If you experience a problem with registration, contact Admissions and Records, Building 2, second floor.

A student may drop a semester-length class during the first four weeks of instruction (one day prior to Census) and no record of the class will appear on the student’s academic record. In courses less than a regular semester’s duration, a student may drop prior to the completion of 30 percent of the period of instruction and no record of the class will appear on the student’s academic record.

After the fourth week of instruction, a student may withdraw from a semester-length class, whether passing or failing, at any time through the last day of the fourteenth week of instruction (or 75 percent of a term, whichever is less). A “W” grade shall be recorded on the student’s academic record. In courses less than a regular semester’s duration, a student may withdraw prior to the completion of 75 percent of the period of instruction and a “W” grade shall be recorded on the student’s academic record.

The academic record of a student who remains in class beyond the time periods set forth above must reflect a grade using an authorized symbol other than “W” (refer to Grades, Grade Points). A student who must withdraw for verifiable extenuating circumstances (i.e., personal illness, automobile accident, death or severe illness in the immediate family or other severe physical or emotional hardship), may petition the Academic Standards and Policies Review Committee for an exception to this policy. Any extenuating circumstance must be verified in writing, including, but not limited to, a letter from a physician, official accident report, obituary notice, etc.). Supporting documentation is required.

MILITARY WITHDRAWAL

Military withdrawal may be requested when a student who is a member of an active or reserve United States military service receives orders compelling a withdrawal from courses. Upon verification of such orders, a military withdrawal symbol (MW) will be assigned for each course if the withdrawal occurs after the period during which no notation is made for withdrawals on the student’s record. Military withdrawals are not counted in progress probation and dismissal calculations. Students granted military withdrawal may request a refund of the enrollment fee. The entire enrollment fee will be refunded unless academic credit has been awarded.

COURSE REPETITION

The majority of courses offered by the San Mateo County Community College District are now leveled to show progression from the most fundamental (level 1) to the most advanced (level 4). Course levels can be identified by a .1, .2, .3, or .4 system or by the course title. Course levels may be scheduled simultaneously. Students are advised to enroll initially at the fundamental level (.1) regardless of previous experience and be placed at the appropriate level based on instructor assessment. Adapted Physical Education and intercollegiate sports related courses are not affected by the repeatability legislation.

Kinesiology activity courses are subject to repeatability limitations. Students are now limited to a maximum of four courses per family listed below. If there is more than one course in a particular family, a student may only enroll in a maximum of four total courses within that family. After four courses within a family have been taken, a student has the option to audit should they wish to continue enrolling in courses within that family. Students who audit do not count toward meeting local minimum enrollment requirements. Thus, a class may be cancelled if enough credit seeking students are not enrolled no matter how many students wish to audit. For information about how to audit, students should refer to the audit policy in the catalog.

A course previously taken by a student, prior to course leveling within the identified family will count as a repeat and limit future enrollments of courses within that family to a maximum of four combined. Below is a matrix which identifies the previous courses (based on the 2012-2013 catalog) and the equivalent with levels. This limitation on enrollment applies to all coursework attempted by the student. Students not having previously taken a Kinesiology or Dance activity course may have the opportunity to enroll in courses within a particular family for a maximum of four times.

PREREQUISITES, COREQUISITES, AND RECOMMENDED PREPARATION

The Board of Trustees of the San Mateo County Community College District allows colleges to establish prerequisites, corequisites, and recommended preparation for courses and educational programs. Prerequisites and corequisites must be determined to be necessary and appropriate and must be established in accordance with Title 5 regulations in the California Administrative Code.

A prerequisite is a condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a course or program. Prerequisites are so designated in course descriptions in this Catalog.

A corequisite is a course that a student is required to take simultaneously in order to enroll in another course. Corequisites are so designated in course descriptions in this Catalog.

Recommended preparation for a course or program is a condition that a student is advised, but not required, to meet before or in conjunction with enrollment. Advisories are designated as “recommended” in course descriptions in this Catalog.

Why Prerequisites and Corequisites?

Title 5 (state regulations that govern community colleges) requires that, if a course has a prerequisite, it must be necessary for the student to succeed in the target course. Furthermore, the college must ensure that the prerequisite is equitably and fairly enforced and that it has been approved in a separate action by the curriculum committee at each college.

What if I am currently enrolled in the prerequisite course(s) within the SMCCCD?

If you are currently enrolled in the prerequisite course(s), the computer will not prevent your enrollment in the desired course. However, should you receive a final grade other than “A,” “B,” “C” or “P” in the prerequisite course(s), you will be notified by Admissions and Records through your student email (my.smccd.edu) that you have been administratively dropped from the course. You are advised to meet with a counselor for further assistance with enrollment.

What if I completed the prerequisite at another college outside the San Mateo County Community College District?

If you believe you have met the stated prerequisite at another college/university outside the San Mateo County Community College District, you must file a Prerequisite Equivalency/Reciprocity of Course Placement form with the Counseling Department. The form is available at the One Stop Center in Building 2. Submit the completed form with a copy of your unofficial transcript or grade report from the other college to the Counseling Appointment Desk in Building 2. If your prerequisite request is approved, the enrollment block will be lifted, allowing you to enroll in the course. If your request is denied, you will be contacted by Counseling as to the reason(s) why.
How can I challenge a prerequisite?
You can challenge a prerequisite on one or more of four grounds, listed below:

• If you believe you have the knowledge or ability to succeed in the course without completing the prerequisite.
• If you believe that the prerequisite has been established in violation of Title 5 regulations or the SMCCCD District Model Policy.
• If you believe that the prerequisite is discriminatory or is being applied in a discriminatory manner.
• If you believe that the prerequisite course has not been made reasonably available.

How do I file a prerequisite challenge?
If you wish to file a prerequisite challenge, follow these steps:

• The Prerequisite Challenge Form is available at the Student Services Information Center in Building 2 or from a counselor. A counselor can help you determine whether you would benefit from the challenge process.
• Next you should contact the appropriate division dean to obtain specific information about filing and documenting your challenge request.
• If you elect to challenge, submit the completed challenge form with documentation to the appropriate Division Office for review.
• You will be notified in 5 business days if your challenge is subsequently approved, and you will be allowed to enroll in the course. If your challenge is not approved, you will be administratively withdrawn from the course.

What message will I receive on WebSMART if I do not meet the prerequisite for the course in which I am attempting to enroll?
If you have not met the prerequisite or presented documentation to challenge the prerequisite you will receive the following message on WebSMART when you attempt to enroll: You do not meet the prerequisites for this course. You will not be able to register for the class until you clear the prerequisite(s). To obtain prerequisite information, equivalency/challenge processes, and forms go to: http://www.skylinecollege.edu/highschool/gettingstarted/chooseprogram/registration_rules/prerequisite_information.html.

SEQUENTIAL COURSES

To enroll in sequential courses, students must complete the courses in order – e.g., English 836 and Reading 836 must be completed with a “C” or better grade before a student enrolls in English 100. Also, a student may not enroll in or receive credit for a course taken after successful completion of an equivalent course – e.g., Spanish 111 cannot be taken after successful completion of Spanish 110.

POLICY AND PROCEDURES FOR PROVIDING ACADEMIC ADJUSTMENTS FOR STUDENTS WITH DISABILITIES

Federal and state legislation requires that community colleges establish programmatic as well as physical access to their academic offerings. Students with verified disabilities have the right to receive reasonable academic adjustments in order to create an educational environment where they have equal access to instruction. The San Mateo County Community College District is responsible to make modifications to academic requirements and practices as necessary – without any fundamental alteration of academic standards, courses, educational programs or degrees – to ensure that it does not discriminate against qualified students with disabilities. Skyline College has developed a procedure for responding, in a timely manner, to accommodation requests involving academic adjustments. This procedure shall provide for an individualized review of each request. The procedure shall also permit the Section 504 Coordinator, or other designated District official with knowledge of accommodation requirements, to make an interim decision pending a final resolution. Further information about this policy may be obtained from the Disability Resource Center Office, Building 5, Room 5131A.

ACADEMIC STANDARDS AND POLICIES REVIEW COMMITTEE

The Academic Standards and Policies Review Committee considers requests for waivers and/or exceptions to academic policies. Inquiries should be directed to the Office of Admissions and Records.

PRIVACY RIGHTS OF STUDENTS

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

1. To inspect and review the student’s education records within 45 days of the day Skyline College receives a request for access. Students should submit to the Dean of Enrollment Services’ Office written requests that identify the record(s) they wish to inspect. The Dean of Enrollment Services will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the Dean of Enrollment Services’ Office, the student shall be advised of the correct official to whom the request should be addressed.

2. To request an amendment of the student’s education records that the student believes are inaccurate. Students may ask Skyline College to amend a record that they believe is inaccurate. They should write the Dean of Enrollment Services, clearly identify the part of the record they want changed, and specify why it is inaccurate. If Skyline College decides not to amend the record as requested by the student, the student shall be notified of the decision and advised as to his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. To consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by Skyline College in an administrative, supervisory, academic or research, or support staff position (including law enforcement personnel and health staff); a person or company with whom Skyline College has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. As allowed within FERPA guidelines, Skyline College may disclose education records without consent to officials of another school, upon request, in which a student seeks or intends to enroll.

4. To file a complaint with the U.S. Department of Education concerning alleged failures by Skyline College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC, 20202-4605. At its discretion, Skyline College may provide Directory Information in accordance with the provisions of the Family Education Rights and Privacy Act. Directory Information is defined as that information which would not generally be considered harmful or an invasion of privacy if disclosed. Designated Directory Information at Skyline College may include the following: address, telephone number, dates of attendance, degrees and awards received, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, final grades, photos, and other personally identifiable information designated by the student.

STUDENT RIGHT-TO-KNOW AND CAMPUS SECURITY ACT

In order to make Skyline College a safe and pleasant environment for students and employees, the College has established procedures in compliance with the Student Right-to-Know (SRTK) and Campus Security Act (Federal Public Law 101-542). Persons seeking information concerning Skyline College law enforcement procedures, crime prevention efforts, and crime statistics should contact the College Security Office, Building 6, Room 6106, (650) 738-4301, or view the information on the web at http://www.smccd.edu/accounts/skypro/research4/security.html.
The Act also requires institutions to make available the completion or graduation rate of certificate or degree-seeking full-time students. Persons seeking information concerning completion or graduation rates specified by the Act should view the information on the web at http://www.smccd.edu/accounts/skypro/research4/srtkrate.html. Contact the Office of Admissions and Records, Building 2, Student Services Center, (650) 738-4251, for additional information.

More information about SRTK may be found on the California Community Colleges Chancellor’s Office website at http://srtk.cccco.edu/index.asp.

ACADEMIC INTEGRITY/HONESTY

Academic dishonesty defrauds all those who depend upon the integrity of the College, its courses and its degrees and certificates. The college community has the responsibility to make every reasonable effort to foster honest academic conduct.

Academic dishonesty occurs when a student attempts to show possession of a level of knowledge or skill that he or she does not possess. The two most common kinds of academic dishonesty are “cheating” and “plagiarism.” Cheating is the act of obtaining or attempting to obtain academic work through the use of dishonest, deceptive, or fraudulent acts. Plagiarism is representing the work of someone else as his/her own and submitting it to fulfill academic requirements.

It is the student’s responsibility to know what constitutes academic dishonesty. If a student is unclear about a specific situation, he/she should speak to the professor. The following list includes, but is not limited to, some of the activities which exemplify academic dishonesty:

Cheating:
- Copying, in part or in whole, from someone else’s test.
- Submitting work presented previously in another course, if contrary to the rules of either course.
- Altering or interfering with grading.
- Using or consulting any sources or materials not authorized by the professor during an examination.
- Committing other acts that defraud or misrepresent one’s own academic work.

Plagiarism:
- Incorporating the ideas, words, sentences, paragraphs, or parts of another person’s writing, without giving appropriate credit, and representing the product as your own work.
- Representing another’s artistic/scholarly works (such as musical compositions, computer programs, photographs, paintings, drawings, or sculptures) as your own.
- Submitting a paper purchased from a research or term paper service.

Other specific examples of academic dishonesty:
- Purposely allowing another student to copy from your paper during a test.
- Giving your homework, term paper or other academic work to another student to plagiarize.
- Having another person submit any work in your name.
- Lying to an instructor or College official to improve your grade.
- Altering graded work after it has been returned, when submitting the work for re-grading without the instructor’s permission.
- Removing tests or examinations from the classroom without the approval of the instructor.
- Stealing tests or examinations
- Having your work corrected for spelling or grammar (if contrary to the rules of the course).
- Forging signatures on drop/add slips or altering other College documents.

Consequences of Academic Dishonesty:

Academic and student disciplinary sanctions may be applied in cases of academic dishonesty. Depending on the seriousness of the infraction, you may:
- Receive a failing grade on a test, paper, or examination which may result in a lower course grade or failure in the course.
- Have your course grade lowered, or possibly fail the course.

Under the standards of Academic Sanctions and Disciplinary Sanctions, you may be subject to:
- A warning
- Temporary exclusion from an activity or class
- Censure
- Disciplinary probation
- Suspension
- Expulsion

The Dean of Enrollment Services/Disciplinary Officer maintains a record of students who have engaged in academic dishonesty. This information is used to identify and discipline students who have been reported for academic dishonesty more than once.
Student Appeals:
In all instances, a student who has been subject to an academic or disciplinary sanction has the right to appeal the decision of the professor or administrator in accordance with established College due process procedures. Refer to Student Grievance and Appeals Policy in the Student Handbook.

ATTENDANCE REGULATIONS
Regular attendance in class and laboratory sessions is an obligation assumed by every student at the time of registration. Regular attendance affords the student the opportunity to acquire the content of the specific session and, over the length of the course, the continuity of the professor’s plan for the presentation of the subject matter in the course.

It is the student’s responsibility to withdraw when absences have been excessive. Absence means non-attendance for whatever reason. It is the prerogative of the professor to determine when absences are excessive. A guideline used by many professors to determine when absences are excessive is twice the number of clock hours that the class meets during a week, or a pro-rata value designed to relate to shorter than semester length courses or practicum intensive programs. This is strictly a guideline and will vary with each professor depending on the subject matter of the course or laboratory. The professor may drop a student from a course if absences, in the opinion of the professor, have placed the student’s success in jeopardy.

If there were extenuating circumstances related to the absences which resulted in being dropped from a course, the student may petition the Academic Standards and Policies Committee within five academic calendar days. The petition must contain an explanation of the absences, progress in the course to date, and justification for reinstatement. If the absences were due to illness, the petition must include a physician’s written confirmation or a confirmation from the College Health Center. A student submitting a petition may, with the permission of the professor, remain in class until the decision of the Academic Standards and Policies Committee is reached. After considering the petition, the Committee will make a recommendation to the professor. In all cases, the decision of the professor is final.

STUDENT CODE OF CONDUCT

19. Extortion or breach of the peace on College/District property or at any College/District-sponsored or supervised function.

Stalking, defined as a pattern of conduct by a student with intent to follow, alarm, or harass another person, and which causes that person to reasonably fear for his or her safety, and where the student has persisted in the pattern of conduct after the student has been told to cease the pattern of conduct. Violation of a restraining order shall constitute stalking under this policy.

Students may be accountable both to law enforcement and to the District for acts that constitute violations of law and of this policy. Disciplinary action at the College/District will normally proceed during the pendency of criminal proceedings, and will not be subject to challenge on the ground that criminal charges involving the same incident have been dismissed or reduced.

No student shall be suspended from a College unless the conduct for which the student is disciplined is related to College/District activity or attendance. Any violation of law, ordinance, regulation or rule regulating or pertaining to, the parking of vehicles, shall not be cause for removal, suspension, or expulsion of a student.

For additional information refer to SMCCCD Board Policy 7.69

Types of Disciplinary Sanctions

Students charged with misconduct may be subject to the following sanctions:

a. Warning: An oral statement to the student that he/she is violating the Student Code of Conduct; that continuation or repetition of the conduct may be cause for further disciplinary action. This action may be taken by any faculty or staff or by the Disciplinary Officer when the case is referred to him/her.

b. Reprimand: A written notice by the Disciplinary Officer of violation of the Student Code of Conduct. A reprimand may include the possibility of more severe disciplinary sanctions in the event of future infractions of the Student Code of Conduct.

c. Disciplinary Probation: Formal written notice by the Disciplinary Officer of violation of the Student Code of Conduct which includes exclusion from participation in specified activities or locations for a period not to exceed one (1) calendar year. Further violation of the Student Code of Conduct will result in more severe sanctions.

d. Restitution: Formal action by the Disciplinary Officer to require the reimbursement for damage to or misappropriation of property. This may take the form of appropriate service or other compensation.

e. Removal from Classes/Facility: Exclusion of a student by an instructor or an administrator from a class and/or facility for the day of the offense and/or the next class meeting or day. An instructor removing a student from class shall make written report or meet with the College Disciplinary Officer to discuss the cause for the removal. After-the-fact review by the President/designee shall occur if the student alleges in writing that an instructor or administrator has abused his/her administrative discretion.

Any College instructor, for good cause, may remove a student from the classroom for the day of the incident and the next regular class meeting.

- Before ordering the removal of any student from class, the instructor shall first give or make reasonable efforts to give the student an oral or written notice of the reasons for the proposed removal.
- Immediately following the removal from class, the instructor shall document the removal and notify the Division Dean and/or Disciplinary Officer of the action.
- If the student is a minor, the parents or legal guardian shall be notified in writing by the Disciplinary Officer as soon as possible and the parent will be asked to attend a conference regarding the removal.

f. Suspension: Action by the President to exclude the student from all Colleges and District/College programs and activities for a definite period of time. This action shall be posted on the student's electronic record, but shall not be reflected on the academic transcript. This does not prohibit, where an interim suspension is required in order to protect lives or property and to insure the maintenance of order, an interim suspension pending a hearing, provided that a reasonable opportunity for a hearing be afforded a suspended person within ten (10) instructional days. Suspension for more than ten days may have impact on a student's financial aid eligibility or financial aid award.

g. Expulsion: Action by the Board of Trustees to terminate student status in the District indefinitely. The Board may expel a student for good cause when other means of correction fail to bring about proper conduct or when the presence of the student causes a continuing danger to the physical safety of the students or others. Final action by the Board shall be taken by the Board of Trustees at a public meeting. Action to expel a student will be posted on the academic transcript.

Decisions regarding the following types of disciplinary action are the responsibility of the campus Judicial Officer. Unless the immediate application of disciplinary action is essential, such action will not be taken until the established appeal procedures found in Rules and regulations, Section 7.73, have been completed.

For additional information please refer to SMCCCD Board Policy 7.70
DISCIPLINARY SANCTION PROCEDURES

These procedures are designed to provide uniform standards to assure due process rights that are guaranteed by federal and state constitutions when a student is charged with a violation of the San Mateo County Community College Student Code of Conduct, as defined in Rules and Regulations 7.69 and 7.70. This procedure will be used in a fair and equitable manner and not for purposes of retaliation. It is not intended to substitute for criminal or civil procedures that may be initiated. All proceedings held in accordance with these procedures shall relate only to an alleged violation of established standards.

These procedures are specifically not intended to infringe in any way on the rights of students to engage in free expression as protected by the state and federal constitutions, and by Education Code Section 76120, and will not be used to punish expression that is protected.

Disciplinary Officer: Each president will designate an administrator to serve as the College’s Disciplinary Officer. The Disciplinary Officer shall be responsible for investigating and processing the alleged violation of the Student Code of Conduct.

Step 1. Incident Occurs

Within twenty (20) days from the time that the Disciplinary Officer is informed of allegations which may constitute a violation of the Student Code of Conduct, the Disciplinary Officer shall conduct a fact-finding investigation to determine whether to pursue an Administrative Conference or a Student Disciplinary Hearing.

For the purpose of evaluating whether the student’s conduct is a violation of the Student Code of Conduct, no consideration shall be given to the student’s actual or perceived disability unless such disability is being asserted by the student as a defense to, in mitigation of a potential violation.

Immediate Interim Suspension: In cases where the alleged violation is deemed by the Disciplinary Officer to pose an imminent threat to the health and safety of the college community, the student may be suspended immediately pursuant to Education Code 66017, provided that a reasonable opportunity is afforded a suspended person for a hearing within ten (10) days.

Step 2. Administrative Conference or Student Disciplinary Hearing

Based on the review of the alleged code of conduct violations, the Disciplinary Officer shall determine if the matter goes to an Administrative Conference or to a Student Disciplinary Hearing.

Administrative Conference

The Disciplinary Officer shall schedule a meeting with the student involved to inform the student of the alleged offense. The student will be notified of charges/alleged violations and the basis for the charges. Based on the information at the Conference, the Disciplinary Officer may either dismiss the charges for lack of merit or notify the student of one or more disciplinary actions being taken (described in Step 3). The student may request the opportunity for a Student Disciplinary Hearing.

Student Disciplinary Hearing

Hearing Notice: A notice of the hearing will be sent to the student and shall specify the date, time, and place of the hearing, a statement of the charges against the student, and the date, time, and location that the tangible evidence will be made available for inspection and (when applicable). A copy of the disciplinary procedures shall also be enclosed.

Student Disciplinary Board: The Disciplinary Board shall include: one (1) student selected from the pool submitted by the Associated Student Organization governing body, one (1) faculty member selected from the pool submitted by the Academic Senate and one (1) staff member from a pool submitted by CSEA and the Management Group. A Judicial Officer will also be appointed to assure the process is followed.

No person shall serve as a member of the Disciplinary Board if that person has been personally involved or could otherwise not act in a neutral manner. The student may request the names of the Disciplinary Board members and may challenge for cause any member of the Disciplinary Board by addressing the challenge to the Disciplinary Board Chairperson, who shall determine whether the cause for disqualification has been shown.

The scope of the duties of the Disciplinary Board is to weigh the evidence presented in relation to the alleged violation and, based on the evidence, submit a recommendation to the Disciplinary Officer regarding the student’s responsibility for violations of the Code of Conduct.

Formal Hearing Process:

Absence of the Student: The hearing shall proceed in the absence of the student.

Chairperson: Prior to the hearing, the Board shall select a Chairperson. The chairperson shall preside over the hearing.

Behavior: Disruptive behavior will not be tolerated and will result in exclusion of individuals.

Hearing Process: A document describing the process for conducting disciplinary hearings will be distributed to all members of the Disciplinary Board. The Judicial Officer will assure the process is followed.
Charges: The Chairperson shall distribute copies of the charges and incident reports to the members of the Board, read the charges aloud, and ask the student if the charges have been received.

Representation: The disciplinary hearing is an internal due process hearing conducted by the colleges of the San Mateo County Community College District. Parties are not allowed to be represented by legal counsel at any time during the hearing process.

Participants: A student may be accompanied by a person of his or her choice who is an observer only. Each person present will be asked to identify themselves by name.

Witnesses: Each side shall be entitled to call witnesses. All witnesses shall be excluded from the hearing process except when testifying.

Plea: The student shall admit or deny responsibility for each charge. If the student admits each charge and wishes to present no evidence of mitigating circumstances or other defense, the Board shall retire to make its decision. If the student denies any or all of the charges, or wishes to present evidence of mitigating circumstances, the hearing shall proceed.

Recording: The hearing may be recorded by the college and shall be the only recording made. If recorded, no witness who refuses to be recorded may be permitted to give testimony.

Information: Formal rules of evidence shall not apply. All relevant information is admissible, including but not limited to testimony of witnesses, physical objects, police or security officer reports, photographs, and copies of documents. Any and all information will be entered for the record.

Disciplinary Board Deliberation: The Disciplinary Board shall retire to deliberate in closed session with only the members of the Board and the Judicial Officer present. The Disciplinary Board shall reach its decision based only upon the evidence presented and shall not consider matters outside of the record. The Board shall recommend disciplinary sanctions to the Disciplinary Officer based upon its findings.

Step 3. Disciplinary Action(s) Recommended

If a student is found responsible for violating the Student Code of Conduct, either through the Administrative Conference or Disciplinary Hearing process, one or more of the following types of disciplinary actions may be recommended. Refer to Types of Disciplinary Sanctions on page _?_ in the Student Handbook or http://sharepoint.smccd.edu/SiteDirectory/portal/Rules%20and%20Regulations/7_70.pdf

Any level of sanction may also include a behavioral contract; community service, and/or any other directives to make amends and/or reduce the likelihood of repeating prohibited behavior.

Step 4. Written Decision

1. Within five (5) days following receipt of the Disciplinary Board’s recommendation, the Disciplinary Officer shall make a written decision.
2. The Disciplinary Officer may adopt the recommendations made or make changes.
3. The Disciplinary Officer should then promptly send a copy of the decision to the student by certified mail. A copy will also be sent to the President. If the student is a minor, the report shall be sent to the parent or guardian. If the recommended disciplinary action is expulsion, the recommendation for this action will be made to the Board of Trustees. Expulsion proceedings will be completed upon action by the Board of Trustees.

POLICY AND PROCEDURES FOR SEXUAL HARASSMENT COMPLAINTS

It is the policy of the San Mateo County Community College District to prohibit, in any and all forms, the sexual harassment of its students and staff. Sexual harassment of students by other students or staff and/or the harassment of staff by students is considered intolerable behavior that will be investigated and acted upon immediately.
According to both State and Federal laws and guidelines issued by the Equal Employment Opportunity Commission (EEOC), sexual harassment is a form of discrimination. Sexual harassment is misconduct that can change the course of careers, disrupt the climate of an entire class, affect academic performance, and undermine the integrity of educational relationships. It is an abuse of power which confuses the boundaries of personal and professional roles and breaches trusting relationships which should exist among members of the College community.

1. It is the policy of the San Mateo County Community College District to provide its students with a learning environment free of sexual harassment and intimidation. This policy addresses interactions between a student and faculty, staff members, or other students. Because of the seriousness of these matters, the District will make every effort to assure that sexual harassment does not occur and will take disciplinary actions up to and including dismissal or expulsion for policy violation. It is the responsibility of each District employee and student to maintain a level of conduct that is in compliance with District policy.

2. For purposes of this policy, sexual harassment is defined as unsolicited and unwelcome sexual advances, requests for sexual favors, and/or other verbal, physical, or visual conduct of a sexual nature which occur under any of four circumstances:
   a. Submission is made, either explicitly or implicitly, a term or condition of admission to or retention in a course or program;
   b. Submission or rejection by a student is used as a basis for grading, enrollment, or other educational decisions affecting the student;
   c. Submission or rejection by a student affects negatively a student's class performance, opportunity to benefit from class participation, or constitutes a disruption of the learning process;
   d. Such conduct creates, encourages, or condones an intimidating, hostile, or otherwise offensive environment for learning and/or teaching.

3. Sexual harassment includes, but is not limited to, the following:
   a. Making unsolicited written, graphic, verbal and/or physical contact with sexual overtones. Written examples: suggestive or obscene letters, notes, invitations. Graphic examples: prurient display of objects, pictures, cartoons, or posters. Verbal examples: derogatory comments, slurs, jokes, innuendos and epithets. Physical examples: assault, touching, gestures, impeding or blocking movement.
   b. Continuing to express sexual interest after being informed that the interest is unwelcome. (Mutual attraction is not considered sexual harassment.)
   c. Making reprisal, or implied threats of reprisal, following a negative response. This can include denial of, or actually withholding, support or opportunities normally provided in the form of counseling or other services, suggesting the assignment of a poorer grade than earned.
   d. Engaging in implicit or explicit coercive sexual behavior which has the effect of controlling, influencing, or affecting the enrollment, grade, academic success, and/or learning environment of any student.
   e. Offering favors or preferential treatment such as: assignment of better grades than earned; opportunities for extra credit; recommendations, favorable assigned duties or shifts; or other benefits in exchange for sexual favors.

4. Complaint Procedures
   a. Staff to Student or Student to Student
      i. If a student complainant feels that a specific act or environment is offensive and in violation of this policy, the complainant should first notify the offender in an effort to stop the offensive behavior. If the behavior does not stop, or if the complainant does not wish to confront the offender directly, the student should notify the Vice President, Student Services or designee.
      ii. Once received, the complaint will be investigated and acted upon in accordance with District Rules and Regulations. The Office of Personnel Services will be notified of all claims of sexual harassment at the time the complaint is received. Investigations involving faculty or staff members will be coordinated by the Office of Personnel Services.
   b. Student to Faculty/Staff
      i. If a faculty or staff member is the complainant and feels that a specific act or environment is offensive and in violation of this policy, the complainant should first notify the offender in an effort to stop the offensive behavior. If the behavior does not stop, or if the complainant does not wish to confront the offender directly, the student should notify the Vice President, Student Services or designee.
      ii. If the behavior continues, the complainant will then notify the Vice President, Student Services or designee. Such continued behavior constitutes a disruption of the learning and teaching environment.
iii. Once received, the complaint will be investigated and acted upon in accordance with District Rules and Regulations. The Office of Personnel Services will be notified of all claims of sexual harassment at the time the complaint is received. Investigations involving faculty or staff members will be coordinated by the Office of Personnel Services.

c. In accordance with the guidelines on sexual harassment of the Equal Employment Opportunity Commission, the District intends: 1) to raise the subject of sexual harassment affirmatively in formal staff training and other arenas; 2) to express strong disapproval for the inappropriate behavior; and 3) to implement this policy fully.

d. District employees or students found to be in violation of this policy may be subject to full disciplinary measures up to and including dismissal or expulsion, as appropriate, pursuant to any and all established District procedures.

ATHLETICS

Skyline College sponsors men’s and women’s intercollegiate athletic competition within the Coast Conference for the benefit of those students interested in team competition. Skyline College participates as a member of the Coast Conference in the following intercollegiate sports:

VARSITY
- Varsity Baseball
- Men’s Varsity Basketball
- Men’s Varsity Soccer
- Varsity Wrestling
- Women’s Varsity Badminton
- Women’s Varsity Basketball
- Women’s Varsity Soccer
- Women’s Varsity Volleyball

Intercollegiate athletic competition is governed by the Coast Conference and the California Community College Athletic Association. Obtaining clearance for athletic eligibility often requires considerable checking of records and code provisions. These procedures should be started well in advance of the opening of each athletic season. The Athletic Director will interpret the State Athletic Constitution and Bylaws along with Conference regulations for all persons concerned. Students will be assisted in establishing athletic eligibility. In general, the following principles pertain to matters of eligibility:

1. In order to be eligible, a student-athlete must be actively enrolled in a minimum of 12 units during the season of sport. Such eligibility is required for non-conference, conference, and post-conference participation.

2. To be eligible for the second season of competition, the student-athlete must complete and pass 24 semester units with a cumulative 2.0 (C) grade point average. These units must be completed prior to the beginning of the semester of the second season of competition. All units must be completed and passed at a regionally accredited post-secondary institution.

3. A student transferring for academic or athletic participation, who has previously participated in intercollegiate athletics at another California Community College, must complete 12 units in residence prior to the beginning of the semester of competition.

4. In order to continue athletic participation in any sport, the student-athlete must maintain a cumulative 2.0 (C) grade point average in accredited post-secondary coursework computed since the start of the semester of first participation.

5. The 12 unit residency rule for previous participants will be waived for a student-athlete who has not competed at a post-secondary institution in the past five years.

6. In meeting the unit requirements, courses in which grades of D, F, or NC were received may be repeated. Under special circumstances, courses that have been completed with a grade of C or better may be repeated; however, the units will not be counted toward the minimum unit requirement in the semester of competition.

Student-athletes who plan to transfer prior to receiving an Associate degree should meet with their counselor/advisor and verify eligibility status for transfer based on past work and test scores from high school.

Those students who transfer to a four-year school for athletic competition and wish to seek financial assistance must meet minimum requirements in accordance with the Bylaws of the National Collegiate Athletic Association (NCAA) or the National Association of Intercollegiate Athletics (NAIA).

Questions regarding eligibility should be addressed to the Dean of Physical Education/Dance/Athletics, Building 3, Room 3130, or call (650) 738-4271. Eligibility questions may also be researched by visiting www.coasports.org, www.ncaa.org, and naia.org.

FINANCIAL AID
Skyline College is dedicated to the concept that no individual should be denied an education solely for financial reasons. Financial aid provides access and resources to those students who need financial assistance to meet the basic costs of attending college. All students are encouraged to apply for financial aid.

There are four types of financial aid: 1) Grants, 2) Scholarships, 3) Employment, and 4) Loans. There are two primary sources of financial aid – the Federal government and the State of California. To be eligible for all federal and most state grants and loans, students must meet the following criteria:

• Have a high school diploma or GED or have completed at least six (6) degree applicable units at one of the colleges in the SMCCD.
• Be enrolled in an eligible program leading to an associate degree, certificate or transfer toward a university at any of the colleges in the San Mateo Community College District. The Emergency Medical Technician (EMT) certificate Program is NOT an eligible course of student for federal and most state financial aid.
• Be a U.S. citizen or eligible non-citizen*. Note: Some State of California programs may have a less restrictive citizenship requirement for non U.S. citizens.
• Have completed the enrollment process which involves assessment testing and placement, college orientation and completion of a Student Educational Plan (SEP) with a counselor.
• Provide official academic transcripts from prior colleges or universities if wishing to apply for a federal student loan.
• Submit all required forms and documents requested by the Financial Aid Office or Department of Education
• Meet and maintain satisfactory academic progress requirements as defined by the Financial Aid Handbook
• Have financial need (except in the case of unsubsidized federal loans) as demonstrated by a completed FAFSA (available online at www.FAFSA.ed.gov and Financial Aid Office review.
• Register with the Selective Service if you are male between 18 and 25 years of age.
• Do not owe a refund or repayment on a federal grant.
• Not be in default on a federal educational loan or owe a repayment to a federal grant program.

• Supply an accurate Social Security Number and name. If you are a dependent student, your parent may not be required to have a valid Social Security Number.
• Not have a conviction for a drug-related crime (possession or sales) that occurred when you were receiving federal aid.
• Students with a Bachelor’s Degree are not eligible for Pell Grant or FSEOG funds but may be eligible for Fee Waivers, Federal Work Study and/or loans.

Awards and Disbursement of Financial Aid
When a financial aid file is completed, the file will be reviewed within three weeks of receipt of all documents required. Students will be notified of eligibility for financial aid and amounts of funding that will be available in an award letter sent by email from the Financial Aid Office. All awards are based on full-time enrollment. An adjustment in payment is made for less than full-time enrollment. Students who seek and attain employment on campus must work to earn the funds provided and are paid on a monthly payroll. Students who desire a loan must complete additional paperwork to apply for the loan.

Return of Federal Funds
When a Student Withdraws:
Students who receive federal financial aid and do not attend any classes or who withdraw from all classes prior to completing more than 60% of the semester will be required to repay all or part of any unearned funding that was paid to them. A student’s withdrawal date, for purposes of federal financial aid, will be determined as follows:
1. The date the student officially notified the Admissions Office of his or her intent to withdraw, or
2. The midpoint of the semester for a student who leaves without notifying the college, or
3. The student’s last date of attendance at a documented, academically-related activity.

Students will be billed for any funds that are required to be repaid. Funds must be repaid immediately or the student may be reported to the U.S. Department of Education for a grant overpayment.

Further information about all programs and types of resources available can be found in the Student Financial Aid Handbook at www.SkylineCollege.edu or at the Financial Aid Office in Building 2, Student Services Center, or by calling (650) 738-4236

What is a Learning Community?

Learning Communities are two or more classes, often in different departments, designed to be taken together by the same group of students in each class of the Learning Community. Learning Communities are designed to connect students to each other, to their teachers, to the college, and to student learning. The classes have a common theme and coordinate their assignments. This allows students to work on themes from more than one perspective.

In Learning Communities, faculty members assist learning and innovation as everyone works together to create community in a positive learning environment. Students participate in groups to share ideas and help each other learn. There is a greater sense of involvement with students and professors.

Please see the current Class Schedule for specific Learning Community opportunities.
