

# Learning Communities

## What is a Learning Community?

Learning Communities are two or more classes, often in different departments, designed to be taken together by the same group of students in each class of the Learning Community. Learning Communities are designed to connect students to each other, to their teachers, to the college, and to student learning. The classes have a common theme and coordinate their assignments. This allows students to work on themes from a multi-disciplinary perspective.

In Learning Communities, faculty members assist learning and innovation as everyone works together to create community in a positive learning environment. Students participate in groups to share ideas and help each other learn.

There is a greater sense of involvement with students and professors.

## ASTEP: AFRICAN-AMERICAN SUCCESS THROUGH EXCELLENCE AND PERSISTENCE

The African American Success through Excellence and Persistence (ASTEP) Program is a transfer and support program focusing on the goal of increasing student success in the core college level courses. The ASTEP Program centers around the African American diasporic experience and is open to all students. The major components of the program are English, Math, Communication, Biology, Counseling, History and mentoring. For more information, contact Nathan Jones at (650) 738-7037 or [jonesn@smccd.edu](mailto:jonesn@smccd.edu).

## SCHOLAR ATHLETE

The Scholar Athlete learning community offers student-athletes a learning community focused on reading and writing proficiency and transfer courses. The learning community is intended to ensure that scholar athletes are able to pursue athletic and academic goals at the university level. Classes in the Scholar Athlete learning community have sport and society as a theme and are open to any student who is interested in a learning community experience and intrigued by the subject of sport.

To learn more about Skyline’s Scholar Athlete Program, contact:

Joe Morello, Dean of Kinesiology/Athletics/Dance  
Building 3, Room 3130. (650) 738-4271.
