

Faculty Statement of Interest to Teach in the Honors Transfer Program

Name _____ Department/Division _____

Office _____ Extension _____

1. IGETC courses which I would like to teach in the Honors Transfer Program:

Course numbers/names	Semester/Year	Facilities needed

**2. Do you teach any courses that might be included in a learning community?
In a learning community, a cohort of students enrolls in two or more conceptually linked courses, perhaps organized around a theme. Faculty work collaboratively to connect learning across course and disciplinary boundaries. A learning community might share scheduling and make use of cooperative learning approaches. What courses would you like to teach in such a community? What other courses would comprise the learning community?**

Course	Linked Course/s	Comments

3. Circle the elements that you would probably use in your honors courses:

primary sources

technology

field trips

interactive learning environment, such as discussions, seminars, oral presentations, and in-class workshops

written analysis

critical thinking

research

collaborative learning

multi-cultural, multi-perspective, and/or multi-discipline approach to teaching and learning.

Lecturers/speakers

4. Why would you like to teach in the Honors Transfer Program? What would you bring to the program? How would your course contribute to the mission of the Program—to foster a nurturing community where students can expand their intellectual capabilities, develop creativity, practice leadership skills and open new doors into fulfillment and success?
