

New Programs & Activities

CENTER FOR LEGAL STUDIES

Skyline College seeks to offer innovative opportunities for students to gain relevant knowledge and occupational competencies, network with legal professionals, and continue their legal education via transfer and enrollment in graduate programs.

ENERGY SYSTEMS TECHNOLOGY MANAGEMENT

In response to a growing demand for a “green workforce” Skyline College developed new programs in energy efficiency and an innovative model home instructional lab. The new Solar and Building Science Learning Center provides opportunities for experiential learning and expanded community partnerships.
