QUIZ: SENATE HISTORY AND PURPOSE

• Q: When and how was Academic Senate created?
  • A: In 1988, following four years of studies and commission reports, AB 1725 was signed into law creating Academic Senate for the state of California and for each community college. The whole reason our senate exists is due to this 25-year old law.

• Q: What is the Academic Senate’s purview?
  • A: All academic and professional matters at the college.

• Q: Who, if anyone, is obligated to rely on Academic Senate’s expertise?
  • A: SMCCCD Board Policy 2.09 states that the board will rely primarily on the expertise of the Academic Senate in academic and professional matters. It follows that local administration must also consult with and rely on the local Senate.
