-Canada College Resolution on District Media Server- Canada will do presentation & discussion at 11/16 meeting  
Browne: Cañada will give presentation 11/16  
-DEAC: Canvas issues: may have some FERPA violations with multiple sections; publisher Learning Tool inter-operability may not be fully vetted; advise College Instructional Designers to check and work with DEAC  
-Equity Matters: DAS will give monthly reports about issues and progress; Faculty interest for FDP  
*State: Fall ASCCC meetings for AS attendance:  
Browne: Cañada will give presentation on district media server 11/16. DEAC: Canvas issues. Rowden: Issue of housing student information outside SMCCD systems. Looking into issue with subcommittee lead by Ricardo Flores. Short story is looking at integrations that are vetted (systems outside of Canvas and SMCCD). What will support and what will they not support. Specific to protected private information. This is more about McGrawHill Connect, My Open Math, and Grade Keeper. Stay tuned for more information. Chang: Clarification about integration. Rowden: Integration should be seamless. Should be able to connect directly through Canvas without having to sign into separate system.  
Browne: Exploring OER and Z degrees. Local senates are to investigate use of OER and Z degrees, then report back to District. Rowden: We have presidential innovation grant funding exploration of OER. Survey in spring for students, one for faculty about what materials do you use. Have contract with professional development group, looking to phase in OER implementation. Skyline | Information | Materials |
has already been awarded grand for z degree ($150,000) for developing a zero cost degree. Put toward associates degree in respiratory care. Grants will leverage against each other. Only one college and one degree could get the award out of the district. Folsom: How will faculty be selected for implementation of OER? Rowden: Pearl Ly will be back from maternity leave, then they’ll assess how to select faculty. Will look for AS feedback before launching it to rest of community.

Browne: District looking to get periodic updates on equity. District also wants to point out faculty diversity internship program. Houpis: Looking for more mentors Chang: Any issues about min. quals? Dom: Written into ed. code. Raskin: Revisit topic?

- Curriculum
Hurless: New experimental course (Environmental leadership). Conversation around service learning.

- Ed Policy
Grandy: Met for first time on Tuesday. Discuss academic honesty policy. Looked at legal framework. Looking to update for compliance. Policies inconsistent between colleges. Looking to clarify for students. Hope to work on more next meeting. Also, divide faculty handbook and looking at what needs updating.

- Professional Personnel: Exemplary Program Award

Hernandez: Students in STEM pathway struggle due to emphasis on math. Hoping to graduate engineering student in two years, but data suggests students take longer due to math requirements. Working with Career Pathways Grant. Focuses on how math education can be improved. Hoping to build and scale up support around math. All
STEM majors have to take math. 3 levels of math below transfer level. Looking to reduce levels of math below transfer level. Accelerate math, and promote cohort model, focusing on taking majors classes early. Have equivalent retention specialist started work. Chang offered feedback. Looking to fill last bit of data.

Motion to nominate ETS program: Steele/ S: popal
Passes unanimously
Steele: Also possibility of social event near end of the year. Looking for options.

mandated. Going through self-study accreditation cycle. Highlights document shows where we are with the program. Partnered with several sites to ensure students get clinical experience. Includes both “big name” (Kaiser, Sutter Health) and smaller community hospitals. Strong institutional support. 2 Fulltime + 7 part-time faculty. Also have medical director. Student success rates are extremely high in completing program, meeting requirements, and earning employment. External body is looking at how students are assessed out of clinical arena. Students are evaluated by several bodies. Looking into how to standardize evaluators. Report is due Nov. 1st.

Bronwe: Do you create tools for evaluations? Herandez: We’ve created rubrics. Other consulted with other regional programs and taken feedback. Have gotten positive feedback about current structure. Meets rigorous. Browne: Concerned about what the accreditors might look at, not the program itself. Hernandez: Program seems to be successful so far based on student success and feedback. Browne: Response from Curriculum Committee

Integrated Plan

Escobar, Houpis 10 Final discussion and action on Skyline College’s Integrated Plan

Escobar: Plan to look at goal of old plan. Make sure there are 5 integrated goals between the three programs (SSSP, BSI, Equity).
Raskin: How can faculty support work? Houpis: BSI is separated into 4 subcommittees. Committees have significant faculty representation. Browne: Aims to make sure that work on and through Integrated Plan has impact of faculty involvement. Escobar: Key integration focuses on summer scholars program. Plan will be active to 2019. Houpis: Want to make sure all three groups are planning and talking to one another. Browne: Faculty have been a part of metamajors, aiming to involve student services more.

Hom: Basic skills and equity were merged at Cañada now called ACES. Houpis: Funding for BSI is $90,000 only a fraction on what college spends on basic skills. Hom: Skyline is so big that the community has become siloed. At Cañada much more promotion and awareness. Folsom: Can adjunct faculty become tutors? Houpis: Shortage of tutoring, tutors get pulled by specific division.

Browne: Make agenda item to have faculty as tutors. Mendoza: Need to have more conversations and assessment of current tutoring. The funding is there. Folsom: Learning center asked for office hours in LC, but then might divert support. Houpis: Look into getting regular reports from Learning Center. Extend hours in LC.

M: Schmeier /S: Raskin
