

California Community Colleges

Cohort Rate Analysis

As of: 07-03-2018

School Name: Skyline College

OPEID#: 007713

Cohort Years	Numerator / Denominator = Cohort Rate	Current Delinquencies	Delinquency Rate	Projected Delinquencies (1)	Projected Cohort Rate based on Assumptions		
					30% Cure Rate (2)	40% Cure Rate (2)	50% Cure Rate (2)
2009	7 / 41 = 17 %	0	0.00 %	0	17 %	17 %	17 %
2010	8 / 42 = 19 %	0	0.00 %	0	19 %	19 %	19 %
2011	8 / 47 = 17 %	0	0.00 %	0	17 %	17 %	17 %
2012	4 / 58 = 6.90 %	0	0.00 %	0	6.90 %	6.90 %	6.90 %
2013	10 / 87 = 11.49 %	0	0.00 %	0	11.49 %	11.49 %	11.49 %
2014	11 / 86 = 12.79 %	0	0.00 %	0	12.79 %	12.79 %	12.79 %
2015	8 / 87 = 9.20 %	0	0.00 %	0	9.20 %	9.20 %	9.20 %
2016	7 / 68 = 10.29 %	1	1.47 %	0	11.32 %	11.18 %	11.03 %
2017	3 / 68 = 4.41 %	6	8.82 %	3	13.68 %	12.35 %	11.03 %

Footnotes:

(1) Projected delinquencies for this report are based on Student Data Warehouse's default prevention software program logic that takes existing delinquencies and extrapolates that to expected future delinquencies counts. This is a statistical projection and is subject to change based on actual counts.

(2) The cohort default rate projection is calculated based on the current default rate plus projected delinquencies and assumes 30%, 40%, or 50% of the delinquencies will be cured by any party from the date of the report through the end of the cohort. In the event the college has no default prevention outreach in place, the projected cure rates used in this report could be higher than expected and for the college that has outreach efforts in place lower than expected.

The cohort default rate information and projections provided above are based on NSLDS data as of the date shown above. If you have any questions, we encourage you to contact John Pierson at 404-395-9991 or at jpie585180@aol.com to setup a no cost consultation appointment that will provide additional information or answer any questions about the information and projections provided above.
