CCC-Associate Degree for Transfer

What is the California Community Colleges-Associate Degree for Transfer Program (CCC-ADT)?

The California Community Colleges (CCC) Associate in Art for Transfer (AA-T) and the Associate in Science for Transfer (AS-T) degrees are two-year associate degrees that are fully transferable to the CSU and are no more than 60 semester units or 90 quarter units.

With these Associate Degrees for Transfer (ADT) — sometimes called a **Degree with a Guarantee** — students who meet the CSU's minimum eligibility requirements are guaranteed priority admission to a CSU campus, though not necessarily to a particular campus or major.

With an ADT you will be able to earn two degrees — your associate's degree *and* your bachelor's degree — with only 120 units if you transfer into a program at the CSU that's similar to the one in which you earned your associate's at a California Community College.

If you're already enrolled at a California Community College or thinking of applying to one, visit the college's transfer center or talk to a counselor to **explore available AA-T and AS-T degrees** and develop a plan that will allow you to transfer to the CSU as part of the ADT program.
