

General Degree Requirements

Associate In Arts Degree & Associate In Science Degree

The awarding of an Associate Degree is intended to represent more than an accumulation of units. It is to symbolize a successful attempt on the part of the College to lead students through patterns of learning experiences designed to develop individual capabilities and insights.

Among these are the ability to think and to communicate clearly and effectively both orally and in writing; to use mathematics; to understand the modes of inquiry of the major disciplines; be aware of other cultures and times; to achieve insights gained through experience in thinking about ethical problems; and to develop the capacity for self-understanding. In addition to these accomplishments, the student shall possess sufficient depth in some field of knowledge to contribute to lifetime interest.

Central to an Associate Degree, General Education is designed to introduce students to the variety of means through which people comprehend the modern world. It reflects the conviction of colleges that those who receive their degrees must possess in common certain basic principles, concepts and methodologies both unique to and shared by the various disciplines. College educated persons must be able to use this knowledge when evaluating and appreciating the physical environment, the culture and the society in which they live. Most importantly, General Education should lead to better self-understanding.

Graduation from Skyline College with the Associate in Arts or Associate in Science degree requires the completion of at least 60 units, including requirements A through F as outlined on the following pages. Substitutions and waivers for degree requirements may be authorized by petition to the appropriate Division Dean. An application for the degree must be filed in the Office of Admissions and Records within the last two semesters of attendance (refer to calendar for the college year for deadline dates).

Philosophy Of General Education

The General Education Program at Skyline College provides a scope and depth of learning that empowers students to meet the work, life, and global citizenship challenges of the 21st century. The Program fosters and develops the essential knowledge, skills, and values students need to succeed in an interdependent world of daunting complexity and relentless change. It is the foundation of life-long learning. Students gain broad knowledge of science, cultures and society; a wide range of high-level intellectual and practical skills; a strong sense of ethical and social responsibility; and the ability to integrate and apply the

knowledge, skills, and values acquired in general education to new settings and complex problems and challenges. The General Education Program values and prioritizes broad, diverse perspectives, cross-disciplinary learning, intellectual curiosity, critical and creative inquiry, and the importance of engaging big questions, both contemporary and enduring.

Graduation Requirements Student Catalog Rights

Graduation requirements are listed in the Catalog. Each Catalog covers an academic year that reflects enrollment beginning with the fall term and includes subsequent spring and summer terms. Having "catalog rights" means students are held to the graduation requirements listed in the catalog at the time enrollment begins. Students may choose to use catalog rights for any subsequent year of continuous enrollment. For Cañada College, College of San Mateo and Skyline College, catalog rights apply to enrollment in any of the San Mateo County Community College District colleges.

For the purpose of this policy, "continuous enrollment" means attending at least one term (fall, spring, summer) each academic year. Attendance is required through the fourth week of instruction for semester length classes or thirty percent (30%) of summer classes and semester classes that are shorter than the full semester.

Catalog rights gained at a college outside of the San Mateo County Community College District are not applicable at Cañada College, College of San Mateo or Skyline College.

Catalog rights cannot supersede any State or Federal regulation or requirement in effect at the time of graduation.

Requirements For The Associate In Arts For Transfer (AA-T) Or Associates In Science For Transfer AS-T

California Community Colleges are now offering associate degrees for transfer to the CSU. These may include Associate in Arts (AA-T) or Associate in Science (AS-T) degrees. These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree. California Community College students who are awarded an AA-T or AS-T degree are guaranteed admission with junior standing somewhere in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses.

Students who have been awarded an AA-T or AS-T are able to complete their remaining requirements for the 120- unit baccalaureate degree within 60 semester or 90 quarter units. To view the most current list of Skyline College Associate Degrees for Transfer and to find out which CSU campuses accept each degree, please visit the [Transfer Center website](#). Current and prospective community college students are encouraged to meet with a counselor to review their options for transfer and to develop an educational plan that best meets their goals and needs.

Requirements for the Associate in Arts for Transfer (AA-T) or Associate in Science for Transfer (AS-T)

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major.

The following is required for all AA-T or AS-T degrees:

1. Minimum of 60 CSU-transferable semester units.
2. Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum of 2.0 is required for admission, some majors may require a higher GPA. Please consult with a counselor for more information.
3. Completion of a minimum of 18 semester units in an "AA-T" or "AS-T" major as detailed in the Degrees/ Certificates section of the catalog. All courses in the major must be completed with a grade of C or better. A "P" (Pass) grade is not an acceptable grade for courses in the major.
4. Certified completion of the California State University General Education-Breadth pattern (CSU GE Breadth) OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern.

Note: Per state legislation, students pursuing AA/AS-Ts are only required to meet the major, CSU GE or IGETC/CSU, and a minimum of 60 CSU transferable requirements. No additional requirements are needed.

Students transferring to a CSU campus that accepts the AA-T or AS-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is a designated "high-unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult

with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

Bachelor's in Science in Respiratory Care

The bachelor's degree program includes a focused area of study in Respiratory Care and a general education pattern designed to provide the knowledge, skills, experiences, and perspectives that will enable graduates to contribute meaningfully in their personal and professional communities applying greater levels of critical thinking and analytical skills. The curriculum provides advanced scope of practice education with emphasis in advanced cardiopulmonary pathophysiology, advanced respiratory case management, advanced respiratory neonatal/ pediatrics, health education in respiratory care, research methodology, quantitative principles, respiratory care sleep medicine, and respiratory care leadership and management.

To qualify a student must have completed respiratory care lower division coursework from a CoARC accredited program. Graduation from Skyline College with a Bachelor's in Science in Respiratory Care requires a minimum of 120 units. This includes 41.5 units of upper division coursework, 48.5 units of lower division major coursework, and 37 UC (IGETC) or 39 CSU and Title 5 general education units. The bachelor's degree need not align with other UC or CSU local area graduation requirements.

A minimum of 50 percent of the upper division units required for the major, including 9 units of the upper division general education, must be completed at Skyline College for a bachelor's degree.

See the Bachelor's in Science in Respiratory Care degree for further requirements.

Transfer Of Credit And Graduation And/ Or Certificate Program Requirements

For students who transfer among the district's colleges or other colleges or universities outside the district.

For more information, please visit the Transfer Center website at <http://skylinecollege.edu/transfercenter/index.php>.

The San Mateo County Community College District Board of Trustees has adopted Board Policy 6.26, which provides for reciprocity of course credit among the District's three colleges for purposes of meeting graduation requirements.

1. Students may transfer from one College within the District to another without penalty, although

differences in curriculum offerings among the Colleges may exist.

2. Individual courses students have taken at a particular College within the District that satisfy an area in the general education pattern, elective, statutory, and/or specific area requirements at one District College shall be accepted by the other District Colleges as satisfying those same requirements.
3. Students who have completed an entire General Education pattern, electives, residency, competency, statutory and specific area requirements, at one District College shall be determined to have completely fulfilled all area requirements for graduation or certificate programs at any of the District Colleges. Upon transferring to another District College, students shall be required to complete only those courses applicable toward their major for the Associate Degree or Certificate Program.
4. District students who transfer to another College within the District shall receive full transfer credit for instruction completed in their major field but, in order to graduate, they shall be expected to meet the major-field graduation requirements established by the College to which they have transferred.
5. Students who have taken course work at more than one of the District's Colleges shall ordinarily be recommended for graduation by the College in which they have taken the majority of their course work. Students who have completed the majority of their course work at a college outside the District must complete a minimum of 12 units and a minimum of 50% of the total units required for the major at one or more the District Colleges in order to be recommended for graduation with the Associate Degree or completion of a Certificate Program.

Skyline College currently offers twenty-four Associate Degrees for Transfer as follows:

Associate In Arts For Transfer	Anthropology, Art History, Communication Studies, Elementary Teacher Education, English, History, Journalism, Kinesiology, Music, Philosophy, Political Science, Psychology, Sociology, Spanish, Studio Arts
---------------------------------------	--

Associate In Science For Transfer	Administration of Justice, Biology, Business Administration, Computer Science, Early Childhood Education, Geology, Mathematics, Physics, Public Health Science
--	--

Certificate Requirements

Fifty (50) percent of the total units required for the Certificate must be completed at Skyline College. Units earned to meet certificate requirements may be applied toward the 60 units required for an AA or AS degree and may also satisfy the major requirement for an Associate's Degree.

A Pathway To The Associate Degree For Students Who Have Already Achieved A Bachelor's Degree

Students who wish to pursue an Associate Degree at Skyline College who have already been awarded a Bachelor's Degree from a regionally accredited college or university in the United States may be exempt from Skyline College's local Associate Degree General Education requirements. This pathway does not apply to the Associate Degrees for Transfer (AA-T or AS-T). Students must still complete a minimum of 12 units in residence at Skyline College. For the major, at least 12 units, or 50% of the units required for the major, whichever is fewer, must be completed at Skyline College. All other local requirements may be waived if the completed Bachelor's degree includes coursework that fulfills the Title 5 minimum requirements for the Associate Degree as noted below.

Title 5 (55063) Associate Degree Requirements

1. Minimum of 60 units of lower division degree applicable coursework.
2. Completion of Freshman Composition (equivalent to ENGL 100 or ENGL 105 at Skyline College).
3. Completion of Intermediate Algebra (equivalent to MATH 120 or higher at Skyline College).
4. Completion of at least 12 units in residence at Skyline College.
5. Completion of at least 12 units or 50% of the units required for the major, whichever is fewer, completed at Skyline College.
6. Completion of 19 units of general education:
 - a. 6 semester units in English Language Communication and Critical Thinking
 - b. 4 semester units in Scientific Inquiry (includes lab)

- c. 3 semester units in Arts and Humanities
- d. 3 semester units in Social Science
- e. 3 semester units in Lifelong Learning & Self Development or the aforementioned areas.

Satisfaction Of Graduation Requirements By Examination

Some of the course requirements for the AA or AS Degree may be satisfied by examination and/or military service credit in accordance with regulations established by the college.

Changes In State Regulations Governing Community Colleges

The state of California has legislated a series of reforms designed to strengthen the community colleges. One of these reforms was a comprehensive review of standards for instruction in each course and classification of each course as applicable to the Associate Degree. Classes that do not count as units for the Associate Degree are noted in the college catalog following the course description. A course that does not count as units will have the following statement at the end of the course description: (Units do not count toward the Associate Degree.)

Associate Degree Requirements

Graduation from Skyline College with the Associate in Arts Degree or Associate in Science Degree is based upon the completion of 60 units, including the requirements one through nine listed below. An application for the degree must be filed in the Office of Admissions and Records during the last semester of attendance.

ATTENTION: This checklist is a guide to help you in selecting courses and keeping track of your progress. You are strongly encouraged to meet with your counselor to review your selections and to complete a Student Education Plan, which will assist you in keeping track of your progress and in reaching your educational goals.

1. RESIDENCE

A minimum of 12 completed units must be Skyline College courses.

2. GRADE POINT AVERAGE (GPA) REQUIREMENT

- A minimum grade point average of 2.0 is required in all degree-applicable coursework.
- All coursework transferred into SMCCCD, except non-degree applicable and upper division courses, will be evaluated to meet graduation requirements and will become part of the overall GPA.
- The GPA from courses taken in SMCCCD and those courses from outside SMCCCD will be used in the calculation for graduation. Honors and Phi Theta Kappa are calculated and recorded at each college.

3. BASIC COMPETENCY REQUIREMENTS

Note: Satisfactory completion is defined as a grade of C or better.

* Equivalent courses taken outside of the SMCCCD must be completed at a regionally accredited college or university within the United States. Students must seek course approval and provide verification of course equivalency using the Skyline College Prerequisite Equivalency Petition or the official Transcript Evaluation Service.

WRITING/READING

- Satisfactory completion of English 100 or English 105, or equivalent, or higher *; or
- Score of 3, 4, or 5 on one of the following College Board Advanced Placement (AP) Tests: English Language and Composition or English Literature and Composition.

MATHEMATICS/QUANTITATIVE REASONING

- Eligibility for Math 130, Math 150, 200, 201, or 241 or higher as determined by a Skyline College approved placement test; or
- Satisfactory completion of Math 120 or equivalent; or
- Satisfactory completion of any course having MATH 120 (Intermediate Algebra) as a prerequisite*; or
- Score of 3, 4, or 5 on College Board Advanced Placement Tests (AP): Calculus AB, or Calculus BC, or Statistics; or
- Score of 4 or higher on International Baccalaureate Exam (IB): Mathematics HL.

INFORMATION LITERACY

- Satisfactory completion of a Skyline College English 100 or English 105 course taken Fall 2011 or thereafter; or
- Satisfactory completion of the Skyline College online "Information Literacy Tutorial" (Consult the Skyline Library website at www.skylinecollege.edu/library for details on completing the online tutorial.); or
- Satisfactory completion of an equivalent college-level information literacy or information competency course or requirement.

4. MAJOR REQUIREMENT

A minimum of 18 units must be completed in a major. Some majors require the completion of more than 18 semester units. In addition to completing the course and unit requirements for the major, a student must:

- Complete with a grade of "C" or better (or Pass) all courses used to satisfy both core and elective requirements for the major.
- Complete 12 units or 50% of the units required for the major, whichever is fewer, at Skyline College.

Note: Specific requirements for majors may be found in the Skyline College Catalog under "Associate Degree and Certificate Programs."

5. ETHNIC AND CULTURAL DIVERSITY

Students must complete a total of 3 units from either group listed below. The course(s) may be applied to General Education requirements.

Note: *HIST 335 and PLSC 335 are the same course.*

7. PHYSICAL EDUCATION (KINESIOLOGY)

Two activity courses in PE (Kinesiology) are required. However, this requirement may be waived or modified for students in the following categories:

- Graduates of accredited community colleges, other colleges, or universities.
- Veterans with one or more years of service who have submitted a DD214.
- Persons who successfully petition the Dean of Kinesiology, Dance and Athletics for a medical waiver or modification based on being restricted or unable to successfully complete any of the curricular offerings as certified by a licensed physician due to a medical condition.

Note: *The following courses offered through the Kinesiology, Dance and Athletics division are not activity based and therefore may not be used to satisfy the Physical Education requirement: DANC 100; KINE 100, 305 and 510; and P.E. 105, 152, 301 and 302.*

8. GENERAL ELECTIVES

Additional courses to meet the minimum 60 units degree requirement (non-degree applicable courses do not meet this requirement).

9. GENERAL EDUCATION 19 units required

See General Education (GE) Areas A through E below.

Important: Although a course may be listed in more than one area, a student may use a course to satisfy only one subject area.

A. ENGLISH LANGUAGE COMMUNICATION AND CRITICAL THINKING (6 units required; 3 units from Area A2 and 3 units from Area A1 or A3)

Associate Degree And Certificate Programs

Following are courses of study leading to majors in AA or AS degrees, AA-T or AS-T degrees, and certificate programs. Not all courses in all majors are offered each semester. Many courses listed in these programs will transfer to four-year colleges or universities in satisfaction of lower division requirements; however, an Associate degree does not necessarily complete all lower division requirements for transfer. For specific courses students should confer with their counselors or contact the college to which they intend to transfer.

Certificates

Skyline College offers three types of certificates. A Certificate of Achievement (generally 12 to 30 units) is awarded in certain occupational fields upon satisfactory completion of a specific course of study in a state-approved program. Students must complete with a grade of "C" or better (or Pass) all courses used to satisfy both core and elective requirements for the certificate. Certificates of Achievement are posted to a student's transcript. A Certificate of Specialization (generally 12 to 17.5 units) is awarded in certain occupational fields upon satisfactory completion (minimum 2.0 grade point average) of a specific course of study in a locally-approved program. Certificates of Specialization are not posted to a student's transcript.

A Skills or Career Certificate (fewer than 12 units) is awarded upon successful completion of designated courses in a specific occupational field. Skills and Career Certificates are not posted to a student's transcript.

Units earned to meet certificate requirements may be applied toward the 60 units required for an AA or AS degree and may also satisfy the major requirement for an Associate's Degree. Fifty (50) percent of the total units required for the Certificate must be completed at Skyline College.

Certificate requirements for an individual student shall be those listed in the Skyline College Catalog at the time the student's studies begin. Those requirements may be followed throughout the student's course of study as long as the student remains in continuous enrollment. For the purposes of this requirement, continuous enrollment is defined as enrollment in at least one semester each calendar year. If a break in attendance occurs before the certificate is earned, the certificate requirements shall become those listed in the College Catalog which is current at the time the student's studies are resumed.

A student may earn multiple Certificates from Skyline College. Each Certificate of Achievement will be posted to the student's academic record and the student will receive a Certificate of Achievement, Certificate of Specialization, Skills Certificate or Career Certificate for each certificate

earned. Courses used to meet requirements for one certificate may be used to meet requirements for additional certificates.
