# ISER Draft

The Institutional Self-Evaluation Report (ISER) draft for each standard is ready for your review and comment. Please follow the instructions listed below and share your thoughts with us. You may post feedback for as few as one sub-standard to as many as you desire.

**INSTRUCTIONS:** We encourage you to look closely at the content: **accuracy** to ensure it fully represents what our college does, and **clarity**. We have someone working on wordsmithing, grammar, punctuation and formatting, so no need to bog yourself down with this!

Please use the questions listed in each standard's survey to help guide your thinking as you read. Then please submit the survey so we can read your comments. We welcome all feedback and perspectives.

Thank you for being involved in the accreditation self-study process!
