## Assessment

Assessment is about finding your starting point in college. If you plan to earn a degree or certificate, transfer to a four-year institution, or take a math or English course, you may need to assess your skill level before you register for classes.

### Assessment Measures

Skyline College offers students multiple assessment measures to determine your appropriate English/ESOL and math placement(s). Assessments determine your skill level in reading, writing, and mathematics. Getting an accurate course placement is key to a successful start in college! The following is a description of the multiple assessment measures:

**Student Self-Assessment\*** (Use grades/GPA from high school)

This measure allows students to use their high school data (English and/or math courses, grades, and GPA) to determine an English and/or math course placement at Skyline College.

*\*For English and Math only, option not available for ESOL placement.*

---

**Alternative Placement Exams\*** (Use scores from AP test, IB test, etc.)

This measure allows students who have completed an Alternative Placement Exam (ie. AP, IB) with the required minimum score to use the placement result to determine an English and/or Math course placement.

*\*For English and Math only, option not available for ESOL placement.*

### Hours of Operation

**Location:** Bldg. 2, 1st floor, Rm. 2116

Day	Hours
Monday	9:00am   5:00pm
Tuesday	9:00am   6:00pm
Wednesday	9:00am   5:00pm
Thursday	9:00am   5:00pm
Friday	Closed
Saturday	Special Events only
