Academic Counseling

Create a pathway to success.

Skyline College's academic counselors are here to provide guidance and information to empower you to succeed and meet your educational goals. We want you to make the most of your time at Skyline College; meeting with a counselor can help ensure you develop a plan of action that works for you.

Counselors also work in collaboration with the staff of the **Career Center** and **Transfer Center** and other student services to support student success.

Types of Counseling

It's important that you give yourself enough time to plan for your success. Don't wait until the last minute to schedule your counseling appointment. To plan for the fall semester, make an appointment in February or March. To plan for spring, make an appointment in September or October.
