## Use of Technology In The Classroom Policy

Students may only use hand-held and wireless technology for legitimate and appropriate educational purposes such as defined by the instructor. The instructor may limit any use of hand-held or wireless technology that disrupts learning opportunities, degrades the learning environment, or promotes academic dishonesty or illegal activities. Students who require access to hand-held or wireless technology as assistive measures for documented disabilities may use them according to their accommodations as provided by the Disability Resource Center. A violation of this policy may result in disciplinary action. Sanctions are explicitly stated in the College's Student Code of Conduct.
