

Evidence for: Standard IIA6

SPOL Naming Convention: SC-Website-GuidedPathways-20190301

Date Accessed: March 1, 2019

URL: <http://skylinecollege.edu/guidedpathways/>

The screenshot shows a web browser window displaying the Skyline College website. The browser's address bar shows the URL <http://skylinecollege.edu/guidedpathways/>. The website's navigation menu includes links for ADMISSIONS, ACADEMICS, CAREER, STUDENTS, CAMPUS, and ABOUT. A search bar is located in the top right corner. On the left side, a sidebar menu lists various resources: Meta Majors, Meta Majors Counselors, Catalog, WebSMART / Registration, and All Degrees / Certificates. The main content area features a large heading "Guided Pathways" with an information icon. Below the heading, the text explains that guided pathways provide a roadmap to help students shape their personal pathway to a certificate or degree. It advises students to find their certificate or degree below to see its Guided Pathway and use it to decide which classes to take and when to take them. The text also mentions that below the heading, students will find guided pathways with 2-year plans and 3-year plans, and to choose plans that work with their timeline. A final reminder states that this is NOT a Student Educational Plan, but a road map to help plan the educational journey over the next 2-3 years, and that students will still need to meet with a counselor to create their official Student Educational Plan. The browser's taskbar at the bottom shows several open PDF files related to Economics and Automotive courses, and the system tray indicates the time is 4:00 PM on 3/3/2019.
