**Certification Statement**

As a condition for receiving and expending these funds for maintenance or special repairs, the district certifies that it will increase its operations and maintenance spending from the 1995-96 fiscal year by the amount it allocates from this appropriation for maintenance and special repairs. The district's compliance with its resolution shall be reviewed under the annual audit of the district. The State Controller's Office has confirmed that the budget allows for 2 years to encumber and 2 years to expend. For the 2016-17 Budget Act, the encumbrance date is June 30, 2018 and the expenditure date is June 30, 2020.
