Mission

The Enrollment Services Committee (ESC) strives to provide the most student-centered application and registration processes and activities in the District. To this end, the committee develops and reviews procedures and practices and makes recommendations to the Educational Services & Planning Council (District Joint VP Council) for possible adoption.

The ESC is consisted of college and district personnel involved in admissions, counseling, and other related application and registration activities. The members are deans of student services, directors, and the district office staff. ESC is co-chaired by the Vice Chancellor of Educational Services and Planning and the Vice President of Student Services at College of San Mateo. The committee meets once a month, usually on the first Friday of the month from 8:30 a.m. to 11a.m. Additional members are invited as needed.
