LEARNING COMMUNITIES

What is a Learning Community?

Learning Communities are two or more classes, often in different departments, designed to be taken together by the same group of students in each class of the Learning Community. Learning Communities are designed to connect students to each other, to their teachers, to the college, and to student learning. The classes have a common theme and coordinate their assignments. This allows students to work on themes from a multi-disciplinary perspective.

In Learning Communities, faculty members assist learning and innovation as everyone works together to create community in a positive learning environment. Students participate in groups to share ideas and help each other learn. There is a greater sense of involvement with students and professors.

COURSE REPETITION

A “course repetition” occurs when a student who has previously received an evaluative symbol (i.e. A, A-, B+, B, B-, C+, C, D+, D, D-, F, W, P/NP, CR/NC, RD, I) in a credit course, re-enrolls in that course and receives an evaluative symbol OR attempts a course and receives an evaluative or non-evaluative symbol for the course and wishes to enroll again in the same course. All course attempts in a student’s academic record count toward this enrollment limitation.

COURSE REPETITION TO ALLEVIATE SUBSTANDARD WORK

1. A student who has earned a substandard grade (i.e., D+, D, D-, F, NP, NC) in a course that is not designated as repeatable may repeat the course to improve the grade. To alleviate substandard work, a “course attempt” occurs when a student receives an evaluative or non-evaluative symbol for the course. All course attempts in a student’s academic record count toward this enrollment limitation.
2. When a student repeats a course to alleviate substandard academic work (i.e., D+, D, D-, F, NP, NC), the previous (i.e., last) grade and credit will be disregarded in the computation of grade point averages. A student may **attempt** a course a maximum of three times. A “W” counts as a course attempt. A fourth attempt may be permitted if the student meets one of two criteria:
 - **Significant Lapse of Time:** at least 36 months has elapsed since the student was awarded the grade in the course (at the end of term).
 - **Extenuating Circumstances:** Extenuating circumstances are verified cases of accident, illness, natural disaster, or other circumstances beyond the control of the student. Grades awarded for courses repeated under these provisions may be included when calculating a student’s grade point average. Students must present a petition to the Admissions and Records Office and provide compelling documentation of the extenuating or extraordinary circumstances to justify such repetition.

COURSE REPETITION FOR SATISFACTORY WORK

When a student completes a course that is not designated as repeatable and receives a satisfactory grade (i.e., A, A-, B+, B, B-, C+, C), the student may not repeat the course, unless there is another provision that allows the repetition. Examples of these provisions are described below:

Course Repetition for Significant Lapse of Time

1. A student may repeat a course in which s/he has received a standard grade (i.e., A, A-, B+, B, B-, C+, C, or Pass) after at least 36 months has elapsed since the student was awarded the grade in the course (at the end of term) and the District has established a recency prerequisite that applies to the course, or an institution of higher learning to which the student seeks to transfer has established a recency requirement which the student will not be able to satisfy without repeating the course.
2. The grade and units from the first course completion will be disregarded in the computation of grade point averages.
3. If a student needs to repeat an active participatory experience course in physical education or visual or performing arts, or an active participatory course that is related in content, due to significant lapse of time, that repetition shall be counted in applying the limit on repetitions set forth except that, if the student has already exhausted the number of repetitions permitted, and additional repetition due to significant lapse of time may be permitted. The student should submit a petition to the Admissions and Records Office.

Course Repetition for Students with Verified Disabilities Repeating a Special Class

1. A student with a verified disability may repeat a special class designated for students with disabilities any number of times when an individualized determination verifies that such repetition is required as a disability-related accommodation for that student. When a student with a disability repeats a class, the previous grade and credit shall be included in the computation of grade point averages.
2. Special classes are those instructional activities designed to address the educational limitations of students with disabilities who would be unable to substantially benefit from regular classes even with appropriate support services or accommodations.

Course Repetition for Variable Unit Courses

A student may enroll in a variable unit course as many times as necessary to complete one time the entire curriculum and unit value of the course. However, a student may not repeat any portion of a variable unit course that has already been completed and evaluated.

Course Repetition for Legally Mandated Courses

1. A student may repeat a course as many times as needed if it is required for a student to meet a legally mandated training requirement as a condition of paid or volunteer employment, regardless of whether the student received a substandard grade (i.e., D+, D, D-, F, No Pass). A student must present documentation to the Admissions and Records Office to certify that the course is legally mandated. Admissions staff will approve/disapprove the repetition.
2. A student may petition to repeat a course needed for employment or licensing because of a significant change in the industry or licensure standards. Student may take these courses any number of times. A student must present documentation to the Admissions and Records Office to certify that the course is needed because of a significant change in the industry or licensure standards. Admissions staff will approve/disapprove the repetition.

Course Repetition for Cooperative Work Experience Education

1. A student may repeat an occupational work experience course if the College only offers one course in occupational work experience in a given field and that course is not offered as a variable unit open-entry/open-exit course.
2. A student may repeat an occupational work experience course any number of times as long as the student does not exceed the limits on the number of units of cooperative work experience.

Course Repetition For Extenuating Circumstances

1. Under certain circumstances, students may repeat a course if extenuating circumstances justify a repetition. Students must provide documentation of the extenuating or extraordinary circumstances to justify such repetition. Extraordinary circumstances are similar to those that would justify the District in providing a student a refund.

Extenuating circumstances are verified cases of accident, illness, natural disaster, or other circumstances beyond the control of the student. Grades awarded for courses repeated under these provisions may be included when calculating a student's

grade point average. Students must present a petition to the Admissions and Records Office. Students will be notified once a decision has been made.

2. A student may enroll for one additional attempt only if documentable extenuating circumstances exist that match the dates of the course for the previous enrollment. Examples of extenuating circumstances are fire, flood, accident/hospitalization, or other extraordinary documentable experience. Students must present a petition to the Office of Admissions. Students will be notified once a decision has been made.

COURSES RELATED IN CONTENT

1. The SMCCD has established related courses with similar educational activities (See #2 below.) Although a course cannot be repeated, a student may attempt up to four related courses. This limitation applies even if the student receives a substandard grade (i.e., D+, D, D-, F, NP, NC) or a "W." Enrollment limitations are monitored District wide for related courses.
2. Students may attempt active participatory courses in physical education/kinesiology, and visual or performing arts where the course objectives are met by repeating a similar primary educational activity and an expanded educational experience occurs each time the course is attempted for the following reasons:
 - a) The student's skills or proficiencies will be enhanced by supervised repetition and practice within class periods and
 - b) Active participatory experience in individualized study or group assignments is the method to learn the objectives.

GENERAL PROVISIONS REGARDING COURSE REPETITIONS

1. Courses that are repeated shall be recorded on the student's permanent academic record using an appropriate symbol.
2. The permanent record shall be annotated in a manner that all work remains legible, insuring a true and complete academic history.
3. The District may claim the attendance of students for enrollments in credit courses for state apportionment.
4. Nothing in these procedures shall conflict with Education Code, Title 5 or District procedures relating to the retention and destruction of records.

REPEATABLE COURSES

Three types of courses are designated as repeatable:

1. Intercollegiate Athletics

Courses in which student athletes enroll to participate in an organized competitive sport sponsored by the district or a conditioning course which supports the organized competitive sport.

2. Intercollegiate Academic or Vocational Competition

a) Courses that are specifically for participation in non-athletic competitive events between students from different colleges may be designated as repeatable. The course must be tied to the student's participation in the competition. The event must be sanctioned by a formal collegiate or industry governing body.

b) Enrollment is limited to no more than four times. This enrollment limit applies even if the student receives a substandard grade or "W" during one or more of the enrollments in such a course or petitions for repetition due to special circumstances.

c) When a course is repeated pursuant to this section, the grade received each time shall be included for the purposes of calculating the student's grade point average.

d) Apportionment shall be limited.

3. Required by CSU or UC For Completion of a Bachelor's Degree

Repetition of the course is required by CSU or UC for completion of the bachelor's degree. Courses are limited to four attempts and this enrollment limitation applies even if the student receives a substandard grade or a "W."

WITHDRAWAL/DROP

1. Withdrawal from a class **MUST** be initiated by the student through WebSMART. Students who are blocked from withdrawal due to Academic Standing may withdraw in-person at the Office of Admissions and Records.

2. IMPORTANT WITHDRAWAL/DROP TIMELINES:

Drop with a refund

Summer Courses First 10% of instruction

Drop without notation of the enrollment shown on record

Summer Courses Prior to completion of the first 30% of instruction

Withdrawal with the notation of "W" shown on record

Summer Courses Prior to completion of the first 75% of instruction

3. The academic record of a student who remains in class beyond the last day to withdraw will reflect a grade. A student who does not attend class and follow the established Withdrawal procedures may be assigned a failing grade of "F" by the professor.

Parking and Transportation

CAMPUS PARKING REGULATIONS

All persons parking on the Skyline College campus are responsible for knowing and following the college's parking regulations. Complete parking regulations are also available online at www.skylinecollege.edu/parking.

All persons driving an automobile, truck or van who utilize campus parking facilities during scheduled class hours and final examination periods are required to pay a parking permit fee and display a campus parking permit in their vehicle at all times while parked on the Skyline College campus. (Vehicles with valid Disabled Placards or Disabled License Plates and motorcycles parked in designated parking are excluded from needing a permit to park.) Students enrolled exclusively in weekend or off-campus classes are exempt. The parking fee is \$52.00 for fall and spring semesters and \$27.00 for the summer session, or a two-term permit may be purchased for \$94.00 (fall and spring together). These fees are nonrefundable except by action of the college. **Parking permits may be transferred from one vehicle to another.**

One day parking permits are available for \$2.00 per day from coin/bill operated parking permit dispensers located in student parking lots A, C, F, G, L, N and P. There are visitor lots that have pay-by-space, timed parking in Lots D and M.

Students may pay for their parking permits at the time of **WebSMART** registration, online or in person at the Cashier's Office.

Students may park in designated student parking lots only. Staff lots are marked with yellow parking lines and are reserved for Staff and Faculty only. Please refer to the campus map for parking lot locations. While parking in Skyline College campus parking lots, all students, staff, faculty and the general public must obey all campus, local and state regulations.

A parking permit is required inside the vehicle in order to park in any lot on campus other than a visitor lot. All Staff parking areas on the Skyline College campus are restricted to San Mateo County Community College District employees (excluding student aids, assistants or student workers while enrolled in the current semester). Vendors and contractors at the college may also park in staff parking lots with proper authorization and permit.

Parking spaces are available on a first-come, first-served basis. Therefore, a parking permit is not a guarantee of a parking space. Skyline College and the San Mateo County Community College District do not accept liability for vandalism, theft or accidents. Use of campus parking facilities is at the user's risk. However, any such incidents should be reported to the Campus Public Safety Office, Building 6, Room 106, (650) 738-4199.

PARKING GRACE PERIODS

There is a two-week grace period in student parking lots only at the beginning of the fall and spring semesters. There is a one-week grace period in student parking lots only at the beginning of the summer session. The grace period does not apply to staff lots, disabled person parking and other restricted parking areas.

VISITOR PARKING

Visitors to the Skyline College campus may park in **Visitor Lot D** or **Visitor Lot M**. These visitor lots are pay-by-space meter parking. After parking the vehicle, the visitor notes the number of the parking space, enters the number into the meter, and deposits coin or currency. The receipt from a visitor parking permit machine does not have to be displayed in the vehicle. Visitor parking permits are valid **ONLY** in the respective visitor parking lot in which they are purchased. Daily permits, Staff/Faculty permits, and Student permits are **not valid** in visitor parking lots.

Visitors may also park in student lots if they have purchased a **daily** parking permit. For the location of daily parking permit machines, please refer to the campus map.

DISABLED PARKING

No student, staff, daily, patron or visitor parking permit required when displaying either a valid CA Disabled Person placard or license plates. Blue disabled person parking spaces have been provided in Lots D, G, J, K, L, M, P, R, S and in front of the Pacific Heights building. (see Campus Map). A vehicle must have and display either a valid California State Disabled Person Placard or California Disabled License Plates (both issued by DMV) to park. Temporary parking permits are also available with doctor's verification. For further information contact the Disability Resource Center, Building 5, Room 5132, (650) 738-4280; Disability Parking spaces are regulated under California Vehicle Code Section 22511.5 Disabled Parking Authorized Parking Zones.

CAR/VAN POOL PARKING APPLICATION PROCESS

Students who wish to participate in the Car Pool parking program can pick up an application at the Skyline College Public Safety Office. To qualify for the program, each student on the application must have paid for a semester or dual semester student parking permit(s). Each student must be enrolled in at least one class at Skyline College and there must be a minimum total of THREE students on the application.

The Public Safety Department is currently limited to 12 Car/Van Pool parking permits per semester. Each permit is valid only for the semester for which it is issued. The Public Safety Department will begin taking applications on the first day of every new semester. Permits are issued on a first come, first served basis upon submission of a fully completed permit application to the Public Safety Department.

CAR/VAN POOL PARKING REGULATIONS

Any vehicle parking in any Car/Van Pool parking stall without a visible Car/Van Pool parking permit issued by the Public Safety Department may receive a citation. Car/Van Pool parking permits are valid ONLY in designated Car/Van Pool parking spaces.

In order for a vehicle to park in a Car/Van Pool designated space, the vehicle MUST display a valid Car/Van Pool parking permit and a valid, student parking permit or valid daily parking permit, as well as have a minimum of two (2) occupants in the vehicle when it is parked. Car/Van Pool parking permits are valid only for the driver(s) and vehicle(s) listed on the application.

It is a violation of law to copy, duplicate, manufacture or otherwise reproduce Car/Van Pool parking permits as well as a violation of the Student Code of Conduct. Violators may be arrested and prosecuted for forgery and theft pursuant to California Penal Code sections 470 and 484, as well as face immediate student disciplinary action.

Car/Van Pool parking permits may not be transferred or loaned to another person or another vehicle that is not on the application. If a person displays a valid Car/Van Pool parking permit issued to another person or vehicle, that vehicle is subject to a citation. The Car/Van Pool parking permit will be seized and a report will be forwarded to the Vice President of Student Services for a violation of the Student Code of Conduct. The seized Car/Van Pool parking permit will not be returned to the person(s) who applied for the permit.
