Steps to Enrollment

You must complete the following Student Success Support Program (SSSP) steps before you register for classes if you selected one of the following educational goals on your application:

- Obtain an Associate Degree or Certificate
- Transfer to a university to complete a Bachelor’s degree
- Improve your English, reading or math skills
- Discover career interests or prepare for a new career
- Undecided about your major

**Step 1  APPLY FOR ADMISSION/FINANCIAL AID**
Admissions & Records, Building 2, (650) 738-4251
- Complete the Application for Admission online at www.skylinecollege.edu; select “Apply”.
- Once your application has been processed, you will receive email confirmations containing next steps.

Financial Aid, Building 2, (650) 736-4236
- Students who are US Citizens or Eligible Non-Citizens can apply for all types of Financial Aid at www.fafsa.gov.
- Students who meet the AB540 exemption requirements under AB131 can apply for the California Dream Act at www.caldreamact.org.

**Step 2  ORIENTATION**
Counseling Center, Building 2, (650) 738-4318
Orientation will provide you with information about registration procedures, college policies, student services, academic expectations, and information on how to accomplish your educational goals. Refer to skylinecollege.edu/orientation for further information on orientation.

**Step 3  ASSESSMENT**
Assessment Center, Building 2, (650) 738-4150
Assessments determine your skill level in reading, writing, and mathematics. Students are offered multiple assessment options to determine an appropriate English/ESOL and Math placement.

**Step 4  COUNSELING**
Counseling Center, Building 2, (650) 738-4318
During your counseling appointment a counselor will discuss your placement results and help you select appropriate courses for the upcoming semester and help develop your Student Education Plan (SEP) based on your educational and career goals.

**Step 5  REGISTER FOR CLASSES/PAY FEES**
Upon completion of this process, you will receive an appointment to register through WebSMART.
Access your WebSMART student account for the following services:
- register for classes and pay fees
- access your student email – my.smccd.edu – all official electronic communication will be sent to your my.smccd.edu account
- purchase parking permit

Learning Communities

What is a Learning Community?
Learning Communities are two or more classes, generally in different subjects or fields, designed to be taken together by a group of students in the Learning Community. This structure connects students to each other, their instructors, the college, and to academic and personal achievement. Courses have a common theme and coordinate their assignments, supporting students’ learning from a multi-disciplinary perspective.

In Learning Communities, faculty members work together as a team to assist student learning through a collaborative and supportive learning environment. Students participate in groups, off-campus trips and special events to share ideas and help each other learn inside out outside of the classroom. Through this structure, students enjoy a greater sense of involvement with their peers and professors.

For more information on Learning Communities, please visit http://www.skylinecollege.edu/learningcommunities.

ASTEP: AFRICAN-AMERICAN SUCCESS THROUGH EXCELLENCE AND PERSISTENCE

The African American Success through Excellence and Persistence (ASTEP) Learning Community, open to all students, is a transfer and support program designed to provide culturally relevant curriculum and programming focused on the African American experience. While enrolled in ASTEP, students will receive personalized support, mentoring and leadership development from instructors, counselors and support services staff that will help them to overcome academic, personal and financial barriers. ASTEP students will also experience curriculum that is designed to improve skills in written and oral communication, critical thinking, life skills, and cultural and identity development while engaging in dialogue, texts, and history highlighting the African-American voice. ASTEP seeks to promote student retention and success in the core college-level courses, and support students with completing their degree requirements, transfer to four-year universities, and other educational goals. Core courses in the program include History, Counseling, English, Math, and Communication. For more information, please contact Danielle Powell at (650) 738–7182 or powell2@smccd.edu. You can also find more information online at http://www.skylinecollege.edu/astep.

**ENGINEERING & TECH SCHOLARS**

The Engineering & Tech Scholars (ETS) Learning Community is an accelerated cohort program designed to engage and support students in Engineering, Computer Science, and STEM pathways. Part of the Silicon Valley Engineering Tech Pathways Program, the ETS Learning Community helps students move through core Math, Physics and Chemistry major requirements together with support from faculty and a Retention Specialist. Through supportive cohort-based and contextualized learning, academic workshops, tutoring support, STEM opportunities, paid summer internships at local tech companies, and hands-on projects in the brand new state-of-the-art Fabrication Laboratory, students progress from entry-level mathematics through intermediated advanced Science, Engineering, and Technology courses. The ETS Learning Community prepares students for an Associate’s Degree, as well as transfer to a four-year university. For more information, contact Jenny Le, Retention Specialist, at (650) 738-7048 or lej@smccd.edu. You can also find more information online at https://www.skylinecollege.edu/engineering/engineeringtech.php.

**FIRST YEAR EXPERIENCE (FYE)**

The First Year Experience (FYE) Learning Community is designed to support students new to Skyline College by fostering community. Supportive faculty and a dedicated counselor collaborate with students through a set of chosen classes to establish a strong foundation for success in college. By enrolling in all the FYE classes, the student chooses to engage in a community of learners with a common goal of progressing through accelerated Math and English classes while learning important skills for student success. For more information, please contact the FYE co-coordinators, Jarrod Feiner at feinerj@smccd.edu, or (650) 378-4231 or Younga Choi at choiy@smccd.edu or (650) 738-4223. PUENTE

The Puente Learning Community is a UC affiliated transfer and support program that gives students the instruction, assistance and resources they need to achieve academic success and to transfer to a four-year university. Three components of the Puente Program work together to prepare Puente students for transfer:

- Counseling
- English Instruction
- Mentoring

The Puente Learning Community makes coursework more lively and relevant for students through readings about the Chicano/Latinx experience. Puente students also receive counseling, are connected to professional mentors, and receive unique opportunities to engage in cultural events as well as explore Bay Area four-year university campuses.

The Puente Learning Community is open to all students. For more information on how to join Puente, please call (650) 738-4146. You can also find more information online at http://skylinecollege.edu/puente/.

TEACHER TRACK

The Teacher Track Learning Community is a great choice for students interested in a career working with young children, elementary school-age, or special education. The Teacher Track Learning Community provides a guided pathway that offers students the opportunity to take ECE/EDUC classes connected with hands-on work experience at Skyline College’s Child Development Laboratory Center (CDLC) and a one unit course for guidance and reflection. Students will also be eligible for a small tuition reimbursement upon completion of each semester. The Teacher Track Learning Community offers professional growth opportunities, individualized advising and enrollment support, CA Permit application assistance for Assistant level after completion of the first semester and the Associate Teacher level after completion of the second semester. Courses in this program have a section designator of TE. Students can choose to participate in this Learning Community for one or two semesters.

For an application more information about this program, contact Kristina Brower at brower@smccd.edu or call (650) 738-4304, and visit the program’s website at http://www.skylinecollege.edu/teachertrack.php.

Promise Scholars Program

The Promise Scholars Program at Skyline College is a comprehensive student support model that provides financial, academic, counseling and career supports to participating students. Promise Scholars benefit from an engaged student community and achieve their educational goals on an accelerated timeline by enrolling full-time and working closely with their counselors. Specifically, the program aims to dramatically increase the two-year and three-year graduation rates of participating students.

Promise Scholars Program course sections are designed to foster community and connection between Promise Scholars by providing opportunities to learn and grow together. Below is a listing of all Promise Scholars Program course sections available for the Spring 2019 semester.

**Peer Mentor Program**

College can be confusing. As a new student you may feel overwhelmed with the academic workload, with all of the new terms and processes like SEP (student educational plan), or how to navigate Web-smart (the online student portal).

**What is Peer Mentoring?**

The Peer Mentoring program at The Learning Center leverages the skill and experience of continuing students who are selected and trained to facilitate academic and personal success outcomes for their fellow students (mentees).

**Why become a mentee?**

- Talk with mentors 1 on 1 about success strategies
- Develop educational, leadership, career, and learning skills
- Learn about Skyline resources ad job opportunities
- Increase social engagement and sense of belonging for students
- Increase academic engagement and success

ART (ART)

(See also: FILM.)
Art activity courses are subject to repeatability limitations. Students are now limited to a maximum of four courses per family. A family of courses may contain more than four courses. If there are more than four courses in a particular family, a student may only enroll in a maximum of four total courses within that family. A course previously taken by a student (prior to the legislation) within the identified family will count as a repeat and limit future enrollments of courses within that family to a maximum of four.

Art activity courses are offered in levels by progression. Courses are listed by title; for example, Black and White Photography, Ceramics, etc, and then by level. Level I is beginning; Level II is intermediate; and Level III is intermediate/advanced.

New students are advised to enroll in the beginning level and be placed by their instructor upon assessment. Continuing students who have previously taken a course within a family, must progress to the next level.

*This class will be held in Skyline's Pacific Heights building, located across the perimeter road from Building 5.*
Biology > Biotechnology

Skyline College is proud to offer a certificate and an Associate’s degree in Biotechnology, a fast-growing and exciting career path that harnesses biology to discover cures for diseases, battle climate change, solve global food shortages, and more! The program is designed to transfer to local Bachelor’s programs in Biotech manufacturing. Individuals in the field should be curious, imaginative, & persistent problem solvers.

Join our upcoming classes:

BTEC 170 Principles of Applied Bioscience emphasizes experimental approaches, current issues, and practical application of the scientific method and biological principles to issues affecting public health, agriculture, and socioeconomic change.

BTEC 171 Laboratory Principles of Applied Bioscience introduces students to practical methods in preparing materials, reagents and media for conducting biological investigations and products of genetic engineering.

BTEC 220 Cell Culture and Protein Recovery allows students to develop the skills needed to serve as a technician in biotechnology production.

*This class will be held in Skyline’s Pacific Heights building, located across the perimeter road from Building 5.*
Courses Offered in 5 Languages

Studying language teaches students to broaden their horizons and interpret the world through alternative perspectives. Language deeply affects the way we think about ourselves and how we communicate and interact with others, helping to build connection and understanding as part of a basic liberal education.

Skyline College’s World Languages Program offers a unique opportunity for students to challenge themselves to expand their worlds and enrich their lives. Students can choose courses from the following languages:

- Arabic
- American Sign Language (ASL)
- Chinese
- Filipino
- Spanish

DRAMA (DRAM)

Drama activity courses are subject to repeatability limitations. Students are now limited to a maximum of four courses per family. A family of courses may contain more than four courses. If there are more than four courses in a particular family, a student may only enroll in a maximum of four total courses within that family. A course previously taken by a student (prior to the legislation) within the identified family will count as a repeat and limit future enrollments of courses within that family to a maximum of four.

Drama activity courses are offered in levels by progression. Courses are listed by title; for example, Acting, Rehearsal and Performance, etc, and then by level. Level I is beginning; Level II is intermediate; Level III is intermediate/advanced; and Level IV is advanced. The course number also indicates the level. For example, a beginning Acting class would be DRAM 201, Acting I while an advanced Acting class would be DRAM 201.4, Acting IV.

New students are advised to enroll in the beginning level and be placed by their instructor upon assessment. Continuing students who have previously taken a course within a family, must progress to the next level.

Why should you pursue Public Health Science?

The Associates Degree of Transfer in Public Health Science prepares students for advanced study in public health and community health education.

After receiving their AS-T, students can choose to pursue advanced study in public health or health education, or work in the field of community health education in a variety of settings.

You could work at:
- public schools,
- community clinics,
- hospitals and medical centers,
- government public health agencies,
- and more!

**KABABAYAN LEARNING COMMUNITY**
(Refer to course listings under LEARNING COMMUNITIES, beginning on page 13.)

**KINESIOLOGY**

As a result of changes to Title 5 regulations, Kinesiology and Dance activity courses are no longer repeatable. Kinesiology and Dance activity courses are now offered in levels by progression. Courses are listed by title; for example, Basketball, Tennis, Ballet, etc., and then by level. Level I is beginning, Level II is intermediate, Level III is intermediate/advanced, and Level IV is advanced. The course number also indicates the level. For example, a beginning Tennis course would be listed as INDV 251.1, Tennis I, while an advanced Tennis class would be listed as INDV 251.4, Tennis IV.

Course levels may be scheduled simultaneously. New students are advised to enroll in the beginning level and be placed by their instructor upon assessment. Continuing students who have previously taken and successfully completed a course must progress to the next level.

Students are now limited to a maximum of four courses that are related in content which are considered a family. A family may contain more than four courses. If there are more than four courses in a particular family, a student may only enroll in a maximum of four total courses within that family. A course previously taken by a student (prior to the changes) within the identified family will count as a repeat and limit future enrollments of courses within that family to a maximum of four.
KINESIOLOGY – ADAPTED > KINESIOLOGY – DANCE

For information about these changes, what courses constitute a family, or if you are not able to enroll in a class, please contact Joe Morello, Division Dean of Kinesiology, Athletics and Dance, at (650) 738-4271 or morelloj@smccd.edu. You can also refer to the Skyline College website at http://skylinecollege.edu/physedkinesiology for information.

What is SI?
Supplemental Instruction is a free academic assistance program designed to help students succeed in historically difficult courses. SI Leaders, students who have already passed the class, lead weekly voluntary study sessions for these classes.

How does SI work?
SI Leaders attend class meetings, work with the instructors, and hold study sessions 1-3 times per week. Most SI sessions take place either before or after class, but meeting times are flexible.

Why you should attend:
• Develop a better understanding of course material
• Develop more effective ways of studying
• Prepare for tests, quizzes, presentations, papers and more
• Interact with other students in your class and build community
• Finish the course and potentially earn a better grade

townsleyg@smccd.edu | (650) 738-7084

Note: A computerized checking system is in place to enforce any stated prerequisites. See the Online Catalog for more information.
LEARNING COMMUNITIES

(LEARNING COMMUNITIES are listed beginning on page 13.)

LEARNING SKILLS (LSKL)

Supplemental Instruction
Supplemental Instruction (SI) is a voluntary academic assistance program that utilizes peer-led group study to help students succeed in traditionally difficult courses. SI sessions are led by Skyline College students who have previously completed the course successfully and have received SI training.

Supplemental Learning Assistance
Supplemental Learning Assistance is a required academic assistance program for certain courses and learning communities. LSKL courses are linked with specific ENGL and MATH courses.

Supervised Peer Tutoring
Free peer tutoring is available to students in a variety of subjects at the Learning Center. Students must be enrolled in LSKL 803 to receive tutoring.

Interested in Becoming a Tutor?
The first step to becoming a peer tutor in the Learning Center is to register for LSKL 110, the tutor training course. Students completing LSKL 110 will receive course credit and earn the first step toward a CRLA Level 1 tutor certificate. With your CRLA certificate you will be eligible to work in The Learning Center as a tutor, as the budget permits.

LSKL 110 EFFECTIVE TUTORING AND PRACTICUM
Recommended: Eligibility for ENGL 100 or ENGL 105, or equivalent; and completion of MATH 120, or MATH 122 and MATH 123, with a grade of C or better, or equivalent. Transfer: UC; CSU.

Attention Students:
Registration for the Spring term begins on October 31, 2018. All fees or payment plans are due at the time of registration to prevent being dropped from your class(es). Past due balances will block you from registration.

IF YOU NEED ASSISTANCE TO PAY YOUR FEES, YOU ARE ENCOURAGED TO:
- Enroll in an inexpensive payment plan via WebSMART
- Apply for Financial Aid (www.fafsa.gov) at least five (5) business days prior to registering for your classes
- Complete the Board of Governors Fee Waiver via WebSMART
- Refer to WebSMART for additional information.

If you still need financial assistance after exhausting all options listed above, please contact the Dean of Enrollment Services.

*This class will be held in Skyline’s Pacific Heights building, located across the perimeter road from Building 5.

MUSIC (MUS.)

(Dance courses are offered through the Physical Education Division.)

Music activity courses are subject to repeatability limitations. Students are now limited to a maximum of four courses per family. A family of courses may contain more than four courses. If there are more than four courses in a particular family, a student may only enroll in a maximum of four total courses within that family. A course previously taken by a student (prior to the legislation) within the identified family will count as a repeat and limit future enrollments of courses within that family to a maximum of four.

Music activity courses are offered in levels by progression. Courses are listed by title; for example, Piano, Guitar, etc, and then by level. Level I is beginning; Level II is intermediate; Level III is intermediate/advanced; and Level IV is advanced. The course number also indicates the level. For example, a beginning Piano class would be listed as MUS. 301.1, Piano I while an advanced Piano class would be MUS. 301.4, Piano IV.

New students are advised to enroll in the beginning level and be placed by their instructor upon assessment. Continuing students who have previously taken a course within a family, must progress to the next level.

What should I know about Distance Education (DE) courses at Skyline College?

The San Mateo County Community College District is committed to providing students and the community access to transfer education and workforce training through career/technical programs. Skyline College provides such access through Distance Education. Through Distance Education courses, all students will have access to earning associate degrees, credit for courses that satisfy transfer course requirements, and career/technical education. These courses are designed to give students greater freedom of scheduling, but they can require more self-discipline and as much time and effort as on-campus classes. For new or first-time DE students, please keep in mind the following:

- Online courses are recommended for students who can work well independently and have solid study skills and self-discipline.
- Online courses have parity with courses taught in the classroom and are transferable to most four-year colleges and universities.
- Students enrolled in online courses have the same status as students enrolled in on-campus courses.
- Online courses require as much time and effort as on-campus courses, yet give students greater flexibility with their schedules.
- It is important to have reliable computer access and Internet in your home. If you do not, computers are available at Skyline College or through your local library.

All communication between student and instructor occurs through the student email system known as “My.SMCCD”. Information to set up and use the account can be found here: http://my.smccd.edu/

Skyline offers two different types of distance learning, Online or Hybrid courses.

Online Courses

Online courses are those in which the instructor and student are separated by distance for the entire course and can interact exclusively (100%) through the assistance of computer technology. The course is conducted through Skyline’s Learning Management System called Canvas. The course may include text and sound and video links, in addition to other online resources. Students interact with the instructor and other students through posted class discussions, direct individual communication, and assignments (which may include group work). Testing may be done online, via proctoring arrangements, or by other means. Instructors require no mandatory on-campus meetings. If an instructor wishes to incorporate on-campus meetings into the course, the instructor/student will provide for alternative distance education means of student participation.

Hybrid Courses

Hybrid courses are those that substitute 51% to 99% of face-to-face instructional hours with online work, and have some regularly scheduled on-campus meetings without alternative distance education means of student participation.

We Respect Your Privacy

Skyline College helps protect its students’ privacy and authenticates its students’ identity by requiring secure login and password whenever a student registers for classes, review his/her enrollment information, or logs in to any other secure SMCCCD site. The District will not share student login and password information with anyone, and students are advised not to share their login and password information. A statement to this effect is posted prominently for students each time they login to WebSMART, the San Mateo County Community College District’s electronic registration system.

Online/Hybrid courses will be taught in Canvas. Detailed information on Canvas and which courses will be taught in Canvas during the spring is available on the Skyline College Distance Education homepage:

**Go Online**

24 hours a day, 7 days a week

If you have email and Internet access, you have everything you need to take advantage of the opportunity to learn online! Enrolling in online courses allows you to enjoy the benefits of a traditional classroom education in a non-traditional way. Online courses provide you with the freedom to plan your coursework around your personal schedule while maintaining interaction with faculty and fellow students. Enter the “virtual classroom” at any time of the day or night to participate in meaningful class discussions, access course information and lectures, work on challenging assignments, and take part in exciting group activities.

Students who have tried online classes tell us they prefer the independence of completing quality college courses via the Internet. Consider joining us on the Web!
