The following offices are open with extended hours during the first week of classes:

Admissions & Records • Cashiers • Counseling • Financial Aid

# Steps to Enrollment

You must complete the following Student Success Support Program (SSSP) steps before you register for classes if you selected one of the following educational goals on your application:

- Obtain an Associate Degree or Certificate
- Transfer to a university to complete a Bachelor's degree
- Improve your English, reading or math skills
- Discover career interests or prepare for a new career
- Undecided about your major

## **Step 1 APPLY FOR ADMISSION**

Admissions & Records, Building 2  
(650) 738-4251

- Complete the *Application for Admission* online at [www.skylinecollege.edu](http://www.skylinecollege.edu); select "Apply".
- You will receive email confirmations containing next steps.

## **Step 2 SIGN UP FOR FINANCIAL AID**

Financial Aid, Building 2  
(650) 736-4236

- Students who are US Citizens or Eligible Non-Citizens can apply for all types of Financial Aid at [www.fafsa.gov](http://www.fafsa.gov).
- Students who meet the AB540 exemption requirements under AB131 can apply for the California Dream Act at [www.caldreamact.org](http://www.caldreamact.org).

## **Step 3 ORIENTATION**

Counseling Center, Building 2  
(650) 738-4318

Orientation will provide you with information about registration procedures, college policies, student services, academic expectations, and information on how to accomplish your educational goals. Also see [skylinecollege.edu/orientation](http://skylinecollege.edu/orientation).

## **Step 4 ASSESSMENT**

Assessment Center, Building 2  
(650) 738-4150

Assessments determine your skill level in reading, writing, and mathematics. Students are offered multiple assessment options to determine an appropriate English/ESOL and Math placement.

## **Step 5 COUNSELING**

Counseling Center, Building 2  
(650) 738-4318

During your counseling appointment a counselor will discuss your placement results and help you select appropriate courses for the upcoming semester and help develop your Student Education Plan (SEP).

## **Step 6 REGISTER FOR CLASSES/PAY FEES**

Upon completion of this process, you will receive an appointment to register through WebSMART.

Access your WebSMART student account for the following services:

- register for classes and pay fees

# Learning Communities

## What is a Learning Community?

Learning Communities are two or more classes, generally in different subjects or fields, designed to be taken together by a group of students in the Learning Community.

This structure connects students to each other, their instructors, the college, and to academic and personal achievement. Courses have a common theme and coordinate their assignments, supporting students' learning from a multi-disciplinary perspective.

In Learning Communities, faculty members work together as a team to assist student learning through a collaborative and supportive learning environment. Students participate in groups, off-campus trips and special events to share ideas and help each other learn inside out outside of the classroom. Through this structure, students enjoy a greater sense of involvement with their peers and professors.

For more information on Learning Communities, please visit <http://www.skylinecollege.edu/learningcommunities>.

## ASTEP: AFRICAN-AMERICAN SUCCESS THROUGH EXCELLENCE AND PERSISTENCE

The African American Success through Excellence and Persistence (ASTEP) Learning Community, open to all students, is a transfer and support program designed to provide culturally relevant curriculum and programming focused on the African American experience. While enrolled in ASTEP, students will receive personalized support, mentoring and leadership development from instructors, counselors and support services staff that will help them to overcome academic, personal and financial barriers. ASTEP students will also experience curriculum that is designed to improve skills in written and oral communication, critical thinking, life skills, and cultural and identity development while engaging in dialogue, texts, and history highlighting the African-American voice. ASTEP seeks to promote student retention and success in the core college-level courses, and support students with completing their degree requirements, transfer to four-year universities, and other educational goals. Core courses in the program include History, Counseling, Math, and Communication. For more information, please contact Danielle Powell at (650) 738-7182 or [powell@smccd.edu](mailto:powell@smccd.edu). You can also find more information online at <http://www.skylinecollege.edu/astep>.

**BIOLOGY & CHEMISTRY SCHOLARS**

The Biology & Chemistry Scholars (BCS) Learning Community is an accelerated STEM learning community designed to support students in Biology, Biotechnology, Chemistry, and pre-health or pre-medical pathways. BCS students are enrolled in accelerated math and entry-level biology and chemistry courses to establish foundational skills. As a cohort, students move through core major requirements together with their cohort until transfer. Through supportive cohort-based learning and participation in introductory research, students advance through the biology and chemistry pathway, gaining valuable skill sets for internship placement, transfer, and career readiness. BCS prepares students for an Associate in Science Degree for Transfer (AS-T) in Biology and transfer to university. For more information on program enrollment, please contact Jenny Le, STEM Counselor, at [lej@smccd.edu](mailto:lej@smccd.edu) or by calling (650) 738-7048, and visit the program’s website at <http://skylinecollege.edu/biology/bcs.php> to complete the online interest form. The program is a fall-start program that accepts students enrolling in at least two of the following courses: BIOL 215, CHEM 192, or CHEM 210, MATH 130, 222, 225, or 251 during the fall.

Please visit [skylinecollege.edu/webschedule](http://skylinecollege.edu/webschedule) for an up-to-date list of BCS courses offered for the Spring 2020 Semester. In the “Search by Keywords” area, enter “BCS” to view courses in this program.

**CIPHER Hip Hop**

The CIPHER (Center for Innovative Practices through Hip Hop Education & Research) Hip Hop Learning Community, open to all students, helps students increase their skills in English and Math and prepares them for success in college and in their career. CIPHER focuses on the culture and history of Hip Hop and promotes critical literacy, personal development, and social change within our communities. CIPHER also provides resources for students interested in the careers in business, music, fashion, teaching, psychology, and social justice studies. It is also designed to encourage students to obtain AA/AS/AA-T/AS-T degrees and/or transfer to a four-year

university or other post-secondary institution to continue their studies. Contact Nate Nevado, CIPHER Coordinator and Counselor for additional information at [nevadon@smccd.edu](mailto:nevadon@smccd.edu) or at (650) 738-4388. **ENGINEERING & TECH SCHOLARS**

The Engineering & Tech Scholars (ETS) Learning Community is an accelerated cohort program designed to engage and support students in Engineering, Computer Science, and Biotechnology pathways. As a cohort, students move through core Math, Physics and Chemistry major requirements together with support from a team of dedicated faculty and staff. Students are connected to faculty mentors and to a dedicated retention specialist and counselor. Through supportive cohort-based and contextualized learning, academic workshops, tutoring support, STEM opportunities, paid summer internships at local tech companies, and hands-on projects in the brand new state-of-the-art Fabrication Laboratory, students progress from entry-level mathematics through intermediately advanced Science, Engineering, and Technology courses. The ETS

program prepares students for an Associate's Degree, as well as transfer to a four-year university. ETS is a fall-start program that accepts students enrolling in MATH 130, 222, 225, or 251 during Fall. For more information, contact Jenny Le, STEM Counselor, at (650) 738-7048 or [lej@smccd.edu](mailto:lej@smccd.edu). **FIRST YEAR EXPERIENCE (FYE)**

The First Year Experience (FYE) Learning Community is designed to support students new to Skyline College by fostering community. Supportive faculty and counselors collaborate with students through a set of chosen classes to establish a strong foundation for success in college. By enrolling in all the FYE classes, the student chooses to engage in a community of learners with a common goal of progressing through accelerated Math and English classes while learning important skills for student success. For more information, please contact the FYE co-coordinators, Jarrod Feiner at feinerj@smccd.edu or (650) 378-4231, or Younga Choi at choiy@smccd.edu or (650) 738-4223. You can also find more information online at <https://www.skylinecollege.edu/firstyearexperience/>.

## PUENTE

The Puente Program is a UC affiliated transfer and support program that gives students the instruction and assistance they need to achieve academic success and to transfer to a four-year college or university. Three components of the Puente Program work together to prepare Puente students for transfer:

- Counseling
- English Instruction
- Mentoring

The Puente Program makes coursework more lively and relevant for students through readings about the Chicano/Latino/Latinx experience. Puente students also receive academic, career, and personal counseling and advising and are connected to professional mentors as well as unique opportunities to engage in cultural events as well as explore Bay Area four-year university campuses.

The Puente Learning Community is open to all students. For more information on how to join the Puente Program, please call (650) 738-4146. You can also find more information online at <http://skylinecollege.edu/puente/>.

**TEACHER TRACK**

The Teacher Track Learning Community is a great choice for students interested in a career working with young children, elementary school-age, or special education. The Teacher Track Learning Community provides a guided pathway that offers students the opportunity to take ECE/CD classes connected with hands-on work experience at Skyline College's Child Development Laboratory Center (CDLC) and a one-unit course for guidance and reflection. Students will also be eligible for a small tuition reimbursement upon completion of each semester. The Teacher Track Learning Community offers professional growth opportunities, individualized advising and enrollment support, CA Permit application assistance for Assistant level after completion of the first semester and the Associate Teacher level after completion of the second semester. Students can choose to participate in this Learning Community for one or two semesters and will take a minimum of two foundational ECE courses each semester from ECE 201, 210, 211, and 212, and all Teacher Track students enroll in ECE 331: Role of the Teacher.

For an application more information about this program, contact Kristina Brower, ECE/CD Program Services Coordinator at [brower@smccd.edu](mailto:brower@smccd.edu) or call (650) 738-4304, and visit the program's website at <http://www.skylinecollege.edu/teachertrack.php>.

**ECE. 331 THE ROLE OF THE TEACHER –  
TEACHER TRACK LEARNING COMMUNITY**

Recommended: Eligibility for ENGL 846 or ESOL 400, or equivalent. NOTE: The class is for students in the Teacher Track Learning Community which includes a PAID stipend at the Skyline College Child Development Laboratory Center. Students interested in this Learning Community should enroll in ECE. 331 TE and contact Kristina Brower, Early Childhood Education and Education Program Services Coordinator at [brower@smccd.edu](mailto:brower@smccd.edu) or by phone at (650) 738-4304 to discuss internship/course scheduling options. Teacher Track Learning Community students enroll in at least two of the four core level courses offered (ECE 201, ECE 210, ECE 211, ECE 212) and ECE 331 Role of the Teacher (CRN 45725) which meets once a month (1/24, 2/7, 2/28, 3/20 and 4/10 and 5/1) during the Spring 2020 semester. # Promise Scholars Program

The Promise Scholars Program at Skyline College is a comprehensive student support model that provides financial, academic, counseling and career supports to participating students. Promise Scholars benefit from an engaged student community and achieve their educational goals on an accelerated timeline by enrolling full-time and working closely with their counselors. Specifically, the program aims to dramatically increase the two-year and three-year graduation rates of participating students.

Promise Scholars Program course sections are designed to foster community and connection between Promise Scholars by providing opportunities to learn and grow together. Below is a listing of all Promise Scholars Program course sections available for the Spring 2020 semester.

For more information, please contact Ellen Murray, Director, Promise Scholars Program, at [murraye@smccd.edu](mailto:murraye@smccd.edu).

**Peer Mentor Program**

College can be confusing. As a new student you may feel overwhelmed with the academic workload, with all of the new terms and processes like SEP (student educational plan), or how to navigate Web-smart (the online student portal).

**What is Peer Mentoring?**

The Peer Mentoring program at The Learning Center leverages the skill and experience of continuing students who are selected and trained to facilitate academic and personal success outcomes for their fellow students (mentees). Our mentors will work 1:1 with you to help set goals, overcome challenges, and build skills.

**Why become a mentee?**

- Talk with mentors 1 on 1 about success strategies
- Develop educational, leadership, career, and learning skills
- Learn about Skyline resources and job opportunities
- Increase social engagement and sense of belonging for students
- Increase academic engagement and success

**ART (ART)**

(See also: FILM.)

Art activity courses are subject to repeatability limitations. Students are now limited to a maximum of four courses per family. A family of courses may contain more than four courses. If there are more than four courses in a particular family, a student may only enroll in a maximum of four total courses within that family. A course previously taken by a student (prior to the legislation) within the identified family will count as a repeat and limit future enrollments of courses within that family to a maximum of four.

Art activity courses are offered in levels by progression. Courses are listed by title; for example, Black and White Photography, Ceramics, etc, and then by level. Level I is beginning; Level II is intermediate; and Level III is intermediate/advanced.

New students are advised to enroll in the beginning level and be placed by their instructor upon assessment. Continuing students who have previously taken a course within a family, must progress to the next level.

**DRAMA (DRAM)**

Drama activity courses are subject to repeatability limitations. Students are now limited to a maximum of four courses per family. A family of courses may contain more than four courses. If there are more than four courses in a particular family, a student may only enroll in a maximum of four total courses within that family. A course previously taken by a student (prior to the legislation) within the identified family will count as a repeat and limit future enrollments of courses within that family to a maximum of four.

Drama activity courses are offered in levels by progression. Courses are listed by title; for example, Acting, Rehearsal and Performance, etc, and then by level. Level I is beginning; Level II is intermediate; Level III is intermediate/advanced; and Level IV is advanced. The course number also indicates the level. For example, a beginning Acting class would be listed as DRAM 201.1, Acting I while an advanced Acting class would be DRAM 201.4, Acting IV.

New students are advised to enroll in the beginning level and be placed by their instructor upon assessment. Continuing students who have previously taken a course within a family, must progress to the next level.

## EDUCATION/CHILD DEVELOPMENT (ECE./EDUC)

(See also: PSYCHOLOGY.)

Funding from First 5 San Mateo County to the Education and Child Development Program is providing a textbook loan program, administered through individual classes once instruction begins.

If you work with young children and are enrolled in Education and Child Development classes leading to a California CD Teaching Permit, Skyline College tuition assistance is available to eligible students from the Child Care Training Consortium. Students interested in gaining classroom experience may apply for the Teacher Internship. Contact Education and Child Development Program Services Coordinator Kristina Brower at [brower@smccd.edu](mailto:brower@smccd.edu) or (650) 738-4304, or Kate Williams Browne, Education and Child Development Program Coordinator, at [brownek@smccd.edu](mailto:brownek@smccd.edu) or (650) 738-7092 for more information or to apply.

## KABABAYAN PROGRAM

(Refer to course listings under LEARNING COMMUNITIES, beginning on page 12.)

## KINESIOLOGY

As a result of changes to Title 5 regulations, Kinesiology and Dance activity courses are no longer repeatable. Kinesiology and Dance activity courses are now offered in levels by progression. Courses are listed by title; for example, Basketball, Tennis, Ballet, etc., and then by level. Level I is beginning, Level II is intermediate, Level III is intermediate/advanced, and Level IV is advanced. The course number also indicates the level. For example, a beginning Tennis course would be listed as INDV 251.1, Tennis I, while an advanced Tennis class would be listed as INDV 251.4, Tennis IV.

Course levels may be scheduled simultaneously. New students are advised to enroll in the beginning level and be placed by their instructor upon assessment. Continuing students who have previously taken and successfully completed a course must progress to the next level.

Students are now limited to a maximum of four courses that are related in content which are considered a family. A family may contain more than four courses. If there are more than four courses in a particular family, a student may only enroll in a maximum of four total courses within that family. A course previously taken by a student (prior to the changes) within the identified family will count as a repeat and limit future enrollments of courses within that family to a maximum of four.

For information about these changes, what courses constitute a family, or if you are not able to enroll in a class, please contact Joe Morello, Division Dean of Kinesiology, Athletics and Dance, at (650)738-4271 or [morelloj@smccd.edu](mailto:morelloj@smccd.edu). You can also refer to the Skyline College website at <http://skylinecollege.edu/physedkinesiology> for information.

## Exercise on Your Own! Earn from 1 to 3 college credits!

### Fitness Academy – (FITN 400 AX)

The FITN 400 AX By-Arrangement class allows you to work out at your own gym or on your own and earn college credits.

- Perfect for someone who has a busy schedule!
- Counts towards an AA degree, transfer (CSU) and the Skyline College PE requirement.
- Financial aid and full time student status
- You can earn from 1.0 to 3.0 units based on how often you work out.

You can use Skyline College facilities during the morning or workout on your own off campus, and Personal Trainer and Coach Mike Fitzgerald will set up goals for you to accomplish.

ENROLL NOW! Course CRNs:  
94171 - Fitness Academy I – 400 AX  
94172 – Fitness Academy II – 400 AX

**LEARNING COMMUNITIES**

(LEARNING COMMUNITIES are listed beginning on page 12.)

**LEARNING SKILLS (LSKL)**

**Supplemental Instruction**

Supplemental Instruction (SI) is a voluntary academic assistance program that utilizes peer-led group study to help students succeed in traditionally difficult courses. SI sessions are led by Skyline College students who have previously completed the course successfully and have received SI training.

**Supervised Peer Tutoring**

Free peer tutoring is available to students in a variety of subjects at the Learning Center. Students must be enrolled in LSKL 803 to receive tutoring.

**Interested in Becoming a Tutor?**

The first step to becoming a peer tutor in the Learning Center is to register for LSKL 110, the tutor training course. Students completing LSKL 110 will receive course credit and earn the first step toward a CRLA Level 1 tutor certificate. With your CRLA certificate you will be eligible to work in The Learning Center as a tutor, as the budget permits.

**LSKL 110 EFFECTIVE TUTORING AND PRACTICUM**

## Math Placement

Students may use a variety of measures for appropriate placement into the pathways depicted below.

These include EAP, IB, ELM, SAT, ACT, and AP exam scores; High School Transcripts; and Guided Self Placement.

Please see the Assessment Center for more information: call (650) 738-4150, email [skyassessment@smccd.edu](mailto:skyassessment@smccd.edu), or go to Building 2, 1st floor, office 2118.

### Statistics and Liberal Arts Mathematics (SLAM) Pathway

Math 890 may be recommended as a co-requisite with Math 190 to support student success

Math 800 may be recommended as a co-requisite with Math 200 to support student success

### Business, Science, Technology, Engineering, and Mathematics (B-STEM) Pathway

Math 820 may be recommended as a co-requisite with Math 120 to support student success

Math 825 may be recommended as a co-requisite with Math 225 to support student success

Equivalent to MATH 130 and MATH 222

Math 830 may be recommended as a co-requisite with Math 130 to support student success

Math 841 may be recommended as a co-requisite with Math 241 to support student success

Note: BUS. 120, BUS. 123 and PSYC 171 also meet quantitative reasoning requirement for transfer.

**IMPORTANT**  
Which Transfer math courses you take depends on your transfer destination and your intended major. To select the appropriate math class, see a counselor and use PROJECT ASSIST ([www.assist.org](http://www.assist.org)) to retrieve course articulation information.

**MUSIC (MUS.)**

(Dance courses are offered through the Physical Education Division.)

Music activity courses are subject to repeatability limitations. Students are now limited to a maximum of four courses per family. A family of courses may contain more than four courses. If there are more than four courses in a particular family, a student may only enroll in a maximum of four total courses within that family. A course previously taken by a student (prior to the legislation) within the identified family will count as a repeat and limit future enrollments of courses within that family to a maximum of four.

Music activity courses are offered in levels by progression. Courses are listed by title; for example, Piano, Guitar, etc, and then by level. Level I is beginning; Level II is intermediate; Level III is intermediate/advanced; and Level IV is advanced. The course number also indicates the level. For example, a beginning Piano class would be listed as MUS. 301.1, Piano I while an advanced Piano class would be MUS. 301.4, Piano IV.

New students are advised to enroll in the beginning level and be placed by their instructor upon assessment. Continuing students who have previously taken a course within a family, must progress to the next level.

## World Languages

## Courses Offered in 5 Languages

Studying language teaches students to broaden their horizons and interpret the world through alternative perspectives. Language deeply affects the way we think about ourselves and how we communicate and interact with others, helping to build connection and understanding as part of a basic liberal education.

Skyline College's World Languages Program offers a unique opportunity for students to challenge themselves to expand their worlds and enrich their lives. Students can choose courses from the following languages:

- Arabic
- American Sign Language (ASL)
- Chinese
- Filipino
- Spanish (AA-T degree)

# Online Classes

(<http://www.skylinecollege.edu/onlineeducation/>)

## What should I know about Distance Education (DE) courses at Skyline College?

The San Mateo County Community College District is committed to providing students and the community access to transfer education and workforce training through career/technical programs. Skyline College provides such access through Distance Education. Through Distance Education courses, all students will have access to earning associate degrees, credit for courses that satisfy transfer course requirements, and career/technical education. These courses are designed to give students greater freedom of scheduling, but they can require more self-discipline and as much time and effort as on-campus classes. For new or first-time DE students, please keep in mind the following:

- Online courses are recommended for students who can work well independently and have solid study skills and self-discipline.
- Online courses have parity with courses taught in the classroom and are transferable to most four-year colleges and universities.
- Students enrolled in online courses have the same status as students enrolled in on-campus courses.
- Online courses require as much time and effort as on-campus courses, yet give students greater flexibility with their schedules.
- It is important to have reliable computer access and Internet in your home. If you do not, computers are available at Skyline College or through your local library.

**All communication between student and instructor occurs through the student email system known as "My.SMCCD". Information to set up and use the account can be found here: <http://my.smccd.edu/>**

**Skyline offers two different types of distance learning, Online or Hybrid courses.**

## Online Courses

Online courses are those in which the instructor and student are separated by distance for the entire course and can interact exclusively (100%) through the assistance of computer technology. The course is conducted through Skyline's Learning Management System called Canvas. The course may include text and sound and video links, in addition to other online resources. Students interact with the instructor and other students through posted class discussions, direct individual communication, and assignments (which may include group work). Testing may be done online, via proctoring arrangements, or by other means. Instructors require no mandatory on-campus meetings. If an instructor wishes to incorporate on-campus meetings into the course, the instructor/student will provide for alternative distance education means of student participation.

## Hybrid Courses

Hybrid courses are those that substitute 51% to 99% of face-to-face instructional hours with online work, and have some regularly scheduled on-campus meetings without alternative distance education means of student participation.

## We Respect Your Privacy

Skyline College helps protect its students' privacy and authenticates its students' identity by requiring secure login and password whenever a student registers for classes, review his/her enrollment information, or logs in to any other secure SMCCCD site. The District will not share student login and password information with anyone, and students are advised not to share their login and password information. A statement to this effect is posted prominently for students each time they login to WebSMART, the San Mateo County Community College District's electronic registration system.

**Go ONLINE**

*24 hours a day, 7 days a week*

If you have email and Internet access, you have everything you need to take advantage of the opportunity to learn online! Enrolling in online courses allows you to enjoy the benefits of a traditional classroom education in a non-traditional way. Online courses provide you with the freedom to plan your coursework around your personal schedule while maintaining interaction with faculty and fellow students. Enter the "virtual classroom" at any time of the day or night to participate in meaningful class discussions, access course information and lectures, work on challenging assignments, and take part in exciting group activities.

Students who have tried online classes tell us they prefer the independence of completing quality college courses via the Internet. Consider joining us on the Web!
