### Use of Photography

Skyline College, a non-profit California Community College, reserves the right to take and use photographs, video and electronic images of students and visitors taken on college property and at college-sponsored events for marketing and promotional purposes. Objection must be made in writing to the Office of Development, Marketing and Public Relations (Building 4, Room 4-329).

### Accuracy Statement

Skyline College and the San Mateo County Community College District have made every reasonable effort to determine that everything stated in this schedule is accurate. Courses and programs offered, together with other information contained herein, are subject to change without notice by the administration of Skyline College for reasons related to student enrollment or level of financial support, or for any other reason, at the discretion of the College. The College and the District further reserve the right to add, amend or repeal any of their rules, regulations, policies and procedures, in conformance with applicable laws.

This publication is available upon request in an alternate format by calling the Skyline College Disability Resource Center at (650) 738-4393.
Peer Mentor Program

College can be confusing. As a new student you may feel overwhelmed with the academic workload, with all of the new terms and processes like SEP (student educational plan), or how to navigate Websmart (the online student portal).

What is Peer Mentoring?
The Peer Mentoring program at The Learning Center leverages the skill and experience of continuing students who are selected and trained to facilitate academic and personal success outcomes for their fellow students (mentees).

Why become a mentee?
• Talk with mentors 1 on 1 about success strategies
• Develop educational, leadership, career, and learning skills
• Learn about Skyline resources ad job opportunities
• Increase social engagement and sense of belonging for students
• Increase academic engagement and success

**Notes**

- When a course consists of lecture and laboratory, the final examination is scheduled according to the time of the lecture.

- If your class meets at a time other than those listed, please check with your instructor for further information regarding your final examination.

- If there is an unavoidable conflict in your final examination schedule, see your instructor in one of the classes and request to take the examination with another class.

- Examinations start promptly at hours indicated and are held in the same room in which the class regularly meets.

## EVENING/WEEKEND CLASSES

Final examinations for all evening, Saturday and Sunday classes will be given during the last class meeting for short courses and as follows for full-term courses:

**Note:** Evening courses that meet two nights per week meet both nights during Finals. The first night is a regular class meeting and the Final Exam is held on the second night.

- Monday classes ................................................................. Monday, December 17
- Tuesday classes ................................................................. Tuesday, December 11
- Wednesday classes ............................................................ Wednesday, December 12

Concurrent Enrollment

High School Students: Experience College Now!

The High School Concurrent Enrollment Program offers 9th-12th graders the opportunity to earn both college and high school credit at the same time.

Enrollment fees are free for students enrolling in less than 11 units.

As a student-oriented community college, we will provide you the pathway to transfer programs to UC, CSU and private colleges and universities.

### Learning Communities

#### What is a Learning Community?

Learning Communities are two or more classes, generally in different subjects or fields, designed to be taken together by a group of students in the Learning Community. This structure connects students to each other, their instructors, the college, and to academic and personal achievement. Courses have a common theme and coordinate their assignments, supporting students’ learning from a multi-disciplinary perspective.

In Learning Communities, faculty members work together as a team to assist student learning through a collaborative and supportive learning environment. Students participate in groups, off-campus trips and special events to share ideas and help each other learn inside out of the classroom. Through this structure, students enjoy a greater sense of involvement with their peers and professors.

For more information on Learning Communities, please visit [http://www.skylinecollege.edu/learningcommunities](http://www.skylinecollege.edu/learningcommunities).

#### ASTEP: AFRICAN-AMERICAN SUCCESS THROUGH EXCELLENCE AND PERSISTENCE

The African American Success through Excellence and Persistence (ASTEP) Learning Community, open to all students, is a transfer and support program designed to provide culturally relevant curriculum and programming focused on the African American experience. While enrolled in ASTEP, students will receive personalized support, mentoring and leadership development from instructors, counselors and support services staff that will help them to overcome academic, personal and financial barriers. ASTEP students will also experience curriculum that is designed to improve skills in written and oral communication, critical thinking, life skills, and cultural and identity development while engaging in dialogue, texts, and history highlighting the African-American voice. ASTEP seeks to promote student retention and success in the core college-level courses, and support students with completing their degree requirements, transfer to four-year universities, and other educational goals. Core courses in the program include History, Counseling, English, Math, and Communication. For more information, please contact Danielle Powell at (650) 738-7182 or powell@dsmccd.edu. You can also find more information online at [http://www.skylinecollege.edu/astep](http://www.skylinecollege.edu/astep).

### CIPHER

The CIPHER (Center for Innovative Practices through Hip Hop Education & Research) Hip Hop Learning Community, open to all students, helps students increase their skills in English and Math and prepares them for success in college and in their career. CIPHER focuses on the culture and history of Hip Hop and promotes critical literacy, personal development, and social change within our communities. CIPHER also provides resources for students interested in the careers in business, music, fashion, teaching, psychology, and social justice studies. It is also designed to encourage students to obtain AA/AS/AA-T/AS-T degrees and/or transfer to a four-year university or other post-secondary institution to continue their studies. Contact Nate Nevado for additional information at nevadon@smccd.edu or at (650) 738-4388. You can also find more information online at [http://skylinecollege.edu/cipher/](http://skylinecollege.edu/cipher/).

### ENGINEERING & TECH SCHOLARS

The Engineering & Tech Scholars (ETS) Learning Community is an accelerated cohort program designed to engage and support students in Engineering, Computer Science, and Biotechnology pathways. Part of the Silicon Valley Engineering Tech Pathways Program, the ETS program helps students move through core Math, Physics and Chemistry major requirements together with support from faculty and a Student Support Specialist. Through supportive cohort-based and contextualized learning, academic workshops, tutoring support, STEM opportunities, paid summer internships at local tech companies, and hands-on projects in the brand new state-of-the-art Fabrication Laboratory, students progress from entry-level mathematics through intermediate advanced Science, Engineering, and Technology courses. The ETS program prepares students for an Associate’s Degree, as well as transfer to a four-year university. For more information, contact Jenny Le at (650) 738-7048 or lej@smccd.edu. You can also find more information online at [https://www.skylinecollege.edu/engineering/engineeringtech.php](https://www.skylinecollege.edu/engineering/engineeringtech.php).

FIRST YEAR EXPERIENCE (FYE)
The First Year Experience (FYE) Learning Community is designed to support students new to Skyline College by fostering community. Supportive faculty and counselors collaborate with students through a set of chosen classes to establish a strong foundation for success in college. By enrolling in all the FYE classes, the student chooses to engage in a community of learners with a common goal of progressing through accelerated Math and English classes while learning important skills for student success. For more information, please contact the FYE co-coordinators, Jarrod Feiner at feinerj@smccd.edu, or (650) 378-4231 or Younga Choi at choiy@smccd.edu or (650) 738-4223. You can also find more information online at https://www.skylinecollege.edu/firstyearexperience/.

PACE

PACE (Proficiency in American Culture & English) is a Learning Community designed for non-native speakers of English. Through involvement in this Learning Community, students are able to use cultural knowledge and communication skills to facilitate their use of English in academic, vocational, and personal contexts. PACE students participate in fun community-building activities such as Family Night, field trips, games, and picnics. Students who are interested in learning more about the PACE Learning Community should contact ESOL professors Serena Chu-Mraz at chuserena@smccd.edu or Erin Struss at strussse@smccd.edu. Please visit or call the English Language Institute in Building 1, Room 1218 or at (650) 738-7089. You can also find more information online at https://www.skylinecollege.edu/esol/pace.php.

PUENTE
The Puente Program is a UC affiliated transfer and support program that gives students the instruction and assistance they need to achieve academic success and to transfer to a four-year college or university. Three components of the Puente Program work together to prepare Puente students for transfer:
• Counseling
• English Instruction
• Mentoring

The Puente Program makes coursework more lively and relevant for students through readings about the Chicano/ Latino experience. Puente students also receive academic advising and are connected to professional mentors as well as unique opportunities to engage in cultural events as well as explore Bay Area four-year university campuses.

The Puente Learning Community is open to all students. For more information on how to join the Puente Program, please call (650) 738-4146. You can also find more information online at http://skylinecollege.edu/puente/.

TEACHER TRACK

The Teacher Track Learning Community is a great choice for students interested in a career working with young children, elementary school-age, or special education. The Teacher Track Learning Community provides a guided pathway that offers students the opportunity to take ECE/EDUC classes connected with hands-on work experience at Skyline College’s Child Development Laboratory Center (CDLC) and a one unit course for guidance and reflection. Students will also be eligible for a small tuition reimbursement upon completion of each semester. The Teacher Track Learning Community offers professional growth opportunities, individualized advising and enrollment support, CA Permit application assistance for Assistant level after completion of the first semester and the Associate Teacher level after completion of the second semester. Courses in this program have a section designator of TE. Students can choose to participate in this Learning Community for one or two semesters.

For an application more information about this program, contact Kristina Brower at brower@smccd.edu or call (650) 738-4304, and visit the program’s website at http://www.skylinecollege.edu/teachertrack.php.

ART (ART)
(See also: FILM.)
Art activity courses are subject to repeatability limitations. Students are now limited to a maximum of four courses per family. A family of courses may contain more than four courses. If there are more than four courses in a particular family, a student may only enroll in a maximum of four total courses within that family. A course previously taken by a student (prior to the legislation) within the identified family will count as a repeat and limit future enrollments of courses within that family to a maximum of four.
Art activity courses are offered in levels by progression. Courses are listed by title; for example, Black and White Photography, Ceramics, etc, and then by level. Level I is beginning; Level II is intermediate; and Level III is intermediate/advanced.
New students are advised to enroll in the beginning level and be placed by their instructor upon assessment. Continuing students who have previously taken a course within a family, must progress to the next level.

Automotive Course Repeatability: Course repeatability for those who have taken and passed an automotive course in the past is possible if you fall within the guidelines. You may repeat a previously passed automotive course if it has been longer than 36 months, if it is required by your employer or for employment, or if it is needed to pass certifications tests such as ASE certification or state automotive licensing. For more details refer to the “Course Repetition” section under “Policies” in this schedule. To find out more on how to petition to repeat an automotive course under these guidelines please contact Tom Broxholm at: (650) 738-4131 or broxholm@smccd.edu.

DRAMA (DRAM)

Drama activity courses are subject to repeatability limitations. Students are now limited to a maximum of four courses per family. A family of courses may contain more than four courses. If there are more than four courses in a particular family, a student may only enroll in a maximum of four total courses within that family. A course previously taken by a student (prior to the legislation) within the identified family will count as a repeat and limit future enrollments of courses within that family to a maximum of four.

Drama activity courses are offered in levels by progression. Courses are listed by title; for example, Acting, Rehearsal and Performance, etc., and then by level. Level I is beginning; Level II is intermediate; Level III is intermediate/advanced; and Level IV is advanced. The course number also indicates the level. For example, a beginning Acting class would be listed as DRAM 201.1, Acting I while an advanced Acting class would be DRAM 201.4, Acting IV.

New students are advised to enroll in the beginning level and be placed by their instructor upon assessment. Continuing students who have previously taken a course within a family, must progress to the next level.

EARLY CHILDHOOD EDUCATION (ECE.)/EDUCATION (EDUC)

(See also: PSYCHOLOGY)

Funding from First 5 San Mateo County to the Early Childhood Education Program is providing a textbook loan program, administered through individual classes once instruction begins.

If you work with young children and are enrolled in Early Childhood Education classes leading to a California CD Teaching Permit, Skyline College tuition assistance is available to eligible students from the Child Care Training Consortium. Contact ECE Program Services Coordinator Kristina Brower at brower@smccd.edu or (650) 738-4304, or Kate Williams Browne, ECE Program Coordinator, at brownek@smccd.edu or (650) 738-7092 for more information or to apply.

**Note:** A computerized checking system is in place to enforce any stated prerequisites. See the Online Catalog for more information.

KABABAYAN LEARNING COMMUNITY

(Rrefer to course listings under LEARNING COMMUNITIES, beginning on page 13.)

Note: A computerized checking system is in place to enforce any stated prerequisites. See the Online Catalog for more information.
KINESIOLOGY

As a result of changes to Title 5 regulations, Kinesiology and Dance activity courses are no longer repeatable. Kinesiology and Dance activity courses are now offered in levels by progression. Courses are listed by title; for example, Basketball, Tennis, Ballet, etc., and then by level. Level I is beginning, Level II is intermediate, Level III is intermediate/advanced, and Level IV is advanced. The course number also indicates the level. For example, a beginning Tennis course would be listed as INDV 251.1, Tennis I, while an advanced Tennis class would be listed as INDV 251.4, Tennis IV.

Course levels may be scheduled simultaneously. New students are advised to enroll in the beginning level and be placed by their instructor upon assessment. Continuing students who have previously taken and successfully completed a course must progress to the next level.

Students are now limited to a maximum of four courses that are related in content which are considered a family. A family may contain more than four courses. If there are more than four courses in a particular family, a student may only enroll in a maximum of four total courses within that family. A course previously taken by a student (prior to the changes) within the identified family will count as a repeat and limit future enrollments of courses within that family to a maximum of four.

For information about these changes, what courses constitute a family, or if you are not able to enroll in a class, please contact Joe Morello, Division Dean of Kinesiology, Athletics and Dance, at (650) 738-4271 or morelloj@smccd.edu. You can also refer to the Skyline College website at http://skylinecollege.edu/physedkinesiology for information.

KINESIOLOGY – FITNESS

Interactive Cardiovascular Fitness

Utilize technology to make yourself fit!

Interactive Cardiovascular Fitness is an online fitness course utilizing technology to verify performance via self-reported cardiovascular activities, including online assignments, testing and discussion. Students will learn to improve fitness through the use of cardiovascular activities such as walking, jogging, running or hiking. Students at all levels of fitness can participate.

To participate in this course, the Nike + Run Club application on either a GPS enabled iPhone or Android based device is required. Please contact the instructor with any questions.

Benefits:
- Feel more alert and concentrate better when studying or at work
- Have more energy
- Enjoy a better quality of life
- Receive feedback via technology about performance
- Be able to engage in activity around your schedule

LEARNING COMMUNITIES

(LEARNING COMMUNITIES are listed beginning on page 13.)

LEARNING SKILLS (LSKL)

Supplemental Instruction
Supplemental Instruction (SI) is a voluntary academic assistance program that utilizes peer-led group study to help students succeed in traditionally difficult courses. SI sessions are led by Skyline College students who have previously completed the course successfully and have received SI training.

Supplemental Learning Assistance
Supplemental Learning Assistance is a required academic assistance program for certain courses and learning communities. LSKL courses are linked with specific ENGL and MATH courses.

Supervised Peer Tutoring
Free peer tutoring is available to students in a variety of subjects at the Learning Center. Students must be enrolled in LSKL 803 to receive tutoring.

Interested in Becoming a Tutor?
The first step to becoming a peer tutor in the Learning Center is to register for LSKL 110, the tutor training course. Students completing LSKL 110 will receive course credit and earn the first step toward a CRLA Level 1 tutor certificate. With your CRLA certificate you will be eligible to work in The Learning Center as a tutor, as the budget permits.

LSKL 110 EFFECTIVE TUTORING AND PRACTICUM

MUSIC (MUS.)

Music activity courses are subject to repeatability limitations. Students are now limited to a maximum of four courses per family. A family of courses may contain more than four courses. If there are more than four courses in a particular family, a student may only enroll in a maximum of four total courses within that family. A course previously taken by a student (prior to the legislation) within the identified family will count as a repeat and limit future enrollments of courses within that family to a maximum of four.

Music activity courses are offered in levels by progression. Courses are listed by title; for example, Piano, Guitar, etc, and then by level. Level I is beginner; Level II is intermediate; Level III is intermediate/advanced; and Level IV is advanced. The course number also indicates the level. For example, a beginning Piano class would be listed as MUS. 301.1, Piano I while an advanced Piano class would be MUS. 301.4, Piano IV. New students are advised to enroll in the beginning level and be placed by their instructor upon assessment. Continuing students who have previously taken a course within a family must progress to the next level.

**Connect to careers in the Networking/Electronics Education and Training Center**

Learn in our new state-of-the-art Networking/Electronic laboratories with industry-standard equipment and design. Gain skills and training in the fast-paced world of computers and network infrastructure.

Earn $40-$50k per year or more working as a:
- Wiring and Installation Technician
- Fiber Optic Installation Technician
- PC Support Technician
- Network Technician/Engineer
- Network Security Support Technician
- Network Systems Administration

This industry-backed, hands-on program is designed to keep students current with changing technology of cyber-security, mobile and wireless devices. Developed in direct response to the needs of the industry, the program focuses on the skills employers want.

Degrees and certificates offered:
- Network Engineering A.S. Degree
- Network Engineering Certificate
- Wiring and Installation

On the job: Internships are available for advanced students.

RESPIRATORY CARE – BACHELOR OF SCIENCE PROGRAM

Supplemental Instruction (SI)

What is SI?

Supplemental Instruction is a free academic assistance program designed to help students succeed in historically difficult courses. SI Leaders, students who have already passed the class, lead weekly voluntary study sessions for these classes.

How does SI work?

SI Leaders attend class meetings, work with the instructors, and hold study sessions 1-3 times per week. Most SI sessions take place either before or after class, but meeting times are flexible.

Why you should attend:

- Develop a better understanding of course material
- Develop more effective ways of studying
- Prepare for tests, quizzes, presentations, papers and more
- Interact with other students in your class and build community
- Finish the course and potentially earn a better grade

What should I know about Distance Education (DE) courses at Skyline College?

The San Mateo County Community College District is committed to providing students and the community access to transfer education and workforce training through career/technical programs. Skyline College provides such access through Distance Education. Through Distance Education courses, all students will have access to earning associate degrees, credit for courses that satisfy transfer course requirements, and career/technical education. These courses are designed to give students greater freedom of scheduling, but they can require more self-discipline and as much time and effort as on-campus classes. For new or first-time DE students, please keep in mind the following:

- Online courses are recommended for students who can work well independently and have solid study skills and self-discipline.
- Online courses have parity with courses taught in the classroom and are transferable to most four-year colleges and universities.
- Students enrolled in online courses have the same status as students enrolled in on-campus courses.
- Online courses require as much time and effort as on-campus courses, yet give students greater flexibility with their schedules.
- It is important to have reliable computer access and Internet in your home. If you do not, computers are available at Skyline College or through your local library.

All communication between student and instructor occurs through the student email system known as “My.SMCCD”. Information to set up and use the account can be found here: http://my.smccd.edu/

Skyline offers two different types of distance learning, Online or Hybrid courses.

Online Courses

Online courses are those in which the instructor and student are separated by distance for the entire course and can interact exclusively (100%) through the assistance of computer technology. The course is conducted through Skyline’s Learning Management System called Canvas. The course may include text and sound and video links, in addition to other online resources. Students interact with the instructor and other students through posted class discussions, direct individual communication, and assignments (which may include group work). Testing may be done online, via proctoring arrangements, or by other means. Instructors require no mandatory on-campus meetings. If an instructor wishes to incorporate on-campus meetings into the course, the instructor/student will provide for alternative distance education means of student participation.

Hybrid Courses

Hybrid courses are those that substitute 51% to 99% of face-to-face instructional hours with online work, and have some regularly scheduled on-campus meetings without alternative distance education means of student participation.

We Respect Your Privacy

Skyline College helps protect its students’ privacy and authenticates its students’ identity by requiring secure login and password whenever a student registers for classes, review his/her enrollment information, or logs in to any other secure SMCCCD site. The District will not share student login and password information with anyone, and students are advised not to share their login and password information. A statement to this effect is posted prominently for students each time they login to WebSMART, the San Mateo County Community College District’s electronic registration system.

Online/Hybrid courses will be taught in Canvas. Detailed information on Canvas and which courses will be taught in Canvas during the fall is available on the Skyline College Distance Education homepage:

**Go Online**

24 hours a day, 7 days a week

If you have email and Internet access, you have everything you need to take advantage of the opportunity to learn online! Enrolling in online courses allows you to enjoy the benefits of a traditional classroom education in a non-traditional way. Online courses provide you with the freedom to plan your coursework around your personal schedule while maintaining interaction with faculty and fellow students. Enter the “virtual classroom” at any time of the day or night to participate in meaningful class discussions, access course information and lectures, work on challenging assignments, and take part in exciting group activities.

Students who have tried online courses tell us they prefer the independence of completing quality college courses via the Internet. Consider joining us on the Web!
