Learning Communities

**What is a Learning Community?**

Learning Communities are two or more classes, often in different departments, designed to be taken together by the same group of students in the Learning Community. Learning Communities are designed to connect students to each other, to their teachers, to the college, and to student learning. The classes have a common theme and coordinate their assignments. This allows students to work on themes from a multi-disciplinary perspective.

In Learning Communities, faculty members assist learning and innovation as everyone works together to create community in a positive learning environment. Students participate in groups to share ideas and help each other learn. There is a greater sense of involvement with students and professors.

### ASTEP: AFRICAN-AMERICAN SUCCESS THROUGH EXCELLENCE AND PERSISTENCE

The African American Success through Excellence and Persistence (ASTEP) Learning Community, open to all students, is a transfer and support program designed to provide culturally-relevant curriculum and programing focused on the African American experience. While enrolled in ASTEP, students will receive personalized support, mentoring and leadership development from instructors, counselors and support services staff that will help them to overcome academic, personal and financial barriers. ASTEP students will also experience curriculum that is designed to improve skills in written and oral communication, critical thinking, life skills, and cultural and identity development while engaging in dialogue, texts, and history highlighting the African-American voice. ASTEP seeks to promote student retention and success in the core college-level courses, and support students with completing their degree requirements, transfer to four-year universities, and other educational goals. Core courses in the program include History, Counseling, English, Math, and Communication. Designated sections are also available in Science, Psychology and other general education courses. For more information, please contact Danielle Powell at (650) 738-7182 or powellld@smccd.edu. You can also find more information online at [http://www.skylinecollege.edu/astep](http://www.skylinecollege.edu/astep).

CIPHER
The CIPHER Hip Hop Learning Community, open to all students, helps students increase their skills in English and Math and prepares them for success in college and in their career. CIPHER focuses on the culture and history of Hip Hop and promotes critical literacy, personal development, and social change within our communities. CIPHER also provides resources for students interested in the careers in business, music, fashion, teaching, psychology, and social justice studies. It is also designed to encourage students to obtain AA/AS/AA-T/AS-T degrees and/or transfer to a four-year university or other post-secondary institution to continue their studies. Contact Nate Nevado for additional information at nevadon@smccd.edu or at (650) 738-4388. You can also find more information online at http://skylinecollege.edu/cipher/.

**ENGINEERING & TECH SCHOLARS**

The Engineering & Tech Scholars (ETS) Learning Community is an accelerated cohort program designed to engage and support students in Engineering, Computer Science, and Biotechnology pathways. Part of the Silicon Valley Engineering Tech Pathways Program, the ETS program helps students move through core Math, Physics and Chemistry major requirements together with support from faculty and a Student Support Specialist. Through supportive cohort-based and contextualized learning, academic workshops, tutoring support, STEM opportunities, paid summer internships at local tech companies, and hands-on projects in the brand new state-of-the-art Fabrication Laboratory, students progress from entry-level mathematics through intermediately advanced Science, Engineering, and Technology courses. The ETS program prepares students for Associate's Degree, as well as transfer to a four-year university. For more information, contact Jenny Le at (650) 738-7048 or lej@smccd.edu. You can also find more information online at [https://www.skylinecollege.edu/engineering/engineeringtech.php](https://www.skylinecollege.edu/engineering/engineeringtech.php).

**FIRST YEAR/SECOND YEAR EXPERIENCE (FYE)**

The First Year Experience (FYE) Learning Community is designed to support students new to Skyline College by fostering community. Supportive faculty and counselors collaborate with students through a set of chosen classes to establish a strong foundation for success in college. By enrolling in all FYE classes, the student chooses to engage in a community of learners with a common goal of progressing through accelerated Math and English classes while learning important skills for student success.

For more information, please contact the FYE co-coordinators, Jarrod Feiner at feinerj@smccd.edu, or (650) 378-4231 or Younga Choi at choiy@smccd.edu or (650) 738-4223. You can also find more information online at [https://www.skylinecollege.edu/firstyearexperience/](https://www.skylinecollege.edu/firstyearexperience/).

## PACE

PACE is a Learning Community designed for non-native speakers of English. Through involvement in this Learning Community, students are able to use cultural knowledge and communication skills to facilitate their use of English in academic, vocational, and personal contexts. PACE students participate in fun community building activities such as Family Night, field trips, games, and picnics. Students who are interested in learning more about the PACE Learning Community should contact ESOL professors Serena Chu-Mraz at chuserena@smccd.edu or Erinn Struss at strusse@smccd.edu. Please visit or call the English Language Institute in Building 1, Room 1218 or at (650) 738-7089. You can also find more information online at https://www.skylinecollege.edu/esol/pace.php.

TEACHER TRACK

The Teacher Track Learning Community is a great choice for students interested in a career working with young children, elementary school-age, or special education. The Teacher Track Learning Community provides a guided pathway that includes foundational courses in Early Childhood Education (ECE), and offers students the opportunity to take ECE/EDUC classes connected with hands-on work experience at Skyline College’s Child Development Laboratory Center (CDLC): http://skylinecollege.edu/childdevelopmentcenter along with a one unit ECE. course that will serve as a space for guidance and reflection. Students will also be eligible for a small tuition reimbursement upon completion of each semester. Students in the Teacher Track Learning Community benefit from guaranteed course enrollment, professional growth opportunities, individualized advising and support, CA Permit application assistance for Assistant level after completion of the first semester and the Associate Teacher level after completion of the second semester. Courses in this program have a section designator of TE or TEX. Students can choose this Learning Community for one or two semesters.

For more information about this program or how to enroll, contact Kristina Brower at brower@smccd.edu or call (650) 738-4304, and visit the program’s website at http://www.skylinecollege.edu/teachertrack.php.
