Learning Communities

What is a Learning Community?

Learning Communities are two or more classes, generally in different subjects or fields, designed to be taken together by a group of students in the Learning Community. This structure connects students to each other, their instructors, the college, and to academic and personal achievement. Courses have a common theme and coordinate their assignments, supporting students’ learning from a multi-disciplinary perspective.

In Learning Communities, faculty members work together as a team to assist student learning through a collaborative and supportive learning environment. Students participate in groups, off-campus trips and special events to share ideas and help each other learn inside and outside of the classroom. Through this structure, students enjoy a greater sense of involvement with their peers and professors.

For more information on Learning Communities, please visit http://www.skylinecollege.edu/learningcommunities.

ASTEP: AFRICAN-AMERICAN SUCCESS THROUGH EXCELLENCE AND PERSISTENCE

The African American Success through Excellence and Persistence (ASTEP) Learning Community, open to all students, is a transfer and support program designed to provide culturally relevant curriculum and programming focused on the African American experience. While enrolled in ASTEP, students will receive personalized support, mentoring and leadership development from instructors, counselors and support services staff that will help them to overcome academic, personal and financial barriers. ASTEP students will also experience curriculum that is designed to improve skills in written and oral communication, critical thinking, life skills, and cultural and identity development while engaging in dialogue, texts, and history highlighting the African-American voice. ASTEP seeks to promote student retention and success in the core college-level courses, and support students with completing their degree requirements, transfer to four-year universities, and other educational goals. Core courses in the program include History, Counseling, English, Math, and Communication. For more information, please contact Danielle Powell at (650) 738-7182 or powelld@smccd.edu. You can also find more information online at http://www.skylinecollege.edu/astep.

FIRST YEAR EXPERIENCE (FYE)
The First Year Experience (FYE) Learning Community is designed to support students new to Skyline College by fostering community. Supportive faculty and a dedicated counselor collaborate with students through a set of chosen classes to establish a strong foundation for success in college.
By enrolling in all the FYE classes, the student chooses to engage in a community of learners with a common goal of progressing through accelerated Math and English classes while learning important skills for student success. For more information, please contact the FYE co-coordinators, Jarrod Feiner at feinerj@smccd.edu, or (650) 378-4231 or Younga Choi at choiy@smccd.edu or (650) 738-4223. **PUENTE**

The Puente Learning Community is a UC affiliated transfer and support program that gives students the instruction, assistance and resources they need to achieve academic success and to transfer to a four-year university. Three components of the Puente Program work together to prepare Puente students for transfer:

- Counseling
- English Instruction
- Mentoring

The Puente Learning Community makes coursework more lively and relevant for students through readings about the Chicano/Latinx experience. Puente students also receive counseling, are connected to professional mentors, and receive unique opportunities to engage in cultural events as well as explore Bay Area four-year university campuses.

The Puente Learning Community is open to all students. For more information on how to join Puente, please call (650) 738-4146. You can also find more information online at [http://skylinecollege.edu/puente/](http://skylinecollege.edu/puente/).

**TEACHER TRACK**

The Teacher Track Learning Community is a great choice for students interested in a career working with young children, elementary school-age, or special education. The Teacher Track Learning Community provides a guided pathway that offers students the opportunity to take ECE EDUC classes connected with hands-on work experience at Skyline College’s Child Development Laboratory Center (CDLC) and a one unit course for guidance and reflection. Students will also be eligible for a small tuition reimbursement upon completion of each semester. The Teacher Track Learning Community offers professional growth opportunities, individualized advising and enrollment support, CA Permit application assistance for Assistant level after completion of the first semester and the Associate Teacher level after completion of the second semester. Courses in this program have a section designator of TE.

For an application more information about this program, contact Kristina Brower at brower@smccd.edu or call (650) 738-4304, and visit the program’s website at [http://www.skylinecollege.edu/teachertrack.php](http://www.skylinecollege.edu/teachertrack.php).

**Promise Scholars Program**

The Promise Scholars Program at Skyline College is a comprehensive student support model that provides financial, academic, counseling and career supports to participating students. Promise Scholars benefit from an engaged student community and achieve their educational goals on an accelerated timeline by enrolling full-time and working closely with their counselors. Specifically, the program aims to dramatically increase the two-year and three-year graduation rates of participating students.

Promise Scholars Program course sections are designed to foster community and connection between Promise Scholars by providing opportunities to learn and grow together. Below is a listing of all Promise Scholars Program course sections available for the Spring 2019 semester.

ART (ART)

(See also: FILM.)
Art activity courses are subject to repeatability limitations. Students are now limited to a maximum of four courses per family. A family of courses may contain more than four courses. If there are more than four courses in a particular family, a student may only enroll in a maximum of four total courses within that family. A course previously taken by a student (prior to the legislation) within the identified family will count as a repeat and limit future enrollments of courses within that family to a maximum of four.

Art activity courses are offered in levels by progression. Courses are listed by title; for example, Black and White Photography, Ceramics, etc, and then by level. Level I is beginning; Level II is intermediate; and Level III is intermediate/advanced.

New students are advised to enroll in the beginning level and be placed by their instructor upon assessment. Continuing students who have previously taken a course within a family, must progress to the next level.

* This class will be held in Skyline’s Pacific Heights building, located across the perimeter road from Building 5.
Skyline College is proud to offer a certificate and an Associate’s degree in Biotechnology, a fast-growing and exciting career path that harnesses biology to discover cures for diseases, battle climate change, solve global food shortages, and more! The program is designed to transfer to local Bachelor’s programs in Biotech manufacturing. Individuals in the field should be curious, imaginative, & persistent problem solvers.

Join our upcoming classes:

BTEC 170 Principles of Applied Bioscience emphasizes experimental approaches, current issues, and practical application of the scientific method and biological principles to issues affecting public health, agriculture, and socioeconomic change.

BTEC 171 Laboratory Principles of Applied Bioscience introduces students to practical methods in preparing materials, reagents and media for conducting biological investigations and products of genetic engineering.

BTEC 220 Cell Culture and Protein Recovery allows students to develop the skills needed to serve as a technician in biotechnology production.

Courses Offered in 5 Languages

Studying language teaches students to broaden their horizons and interpret the world through alternative perspectives. Language deeply affects the way we think about ourselves and how we communicate and interact with others, helping to build connection and understanding as part of a basic liberal education.

Skyline College’s World Languages Program offers a unique opportunity for students to challenge themselves to expand their worlds and enrich their lives. Students can choose courses from the following languages:

- Arabic
- American Sign Language (ASL)
- Chinese
- Filipino
- Spanish

**Note:** A computerized checking system is in place to enforce any stated prerequisites. See the Online Catalog for more information.
**DRAMA (DRAM)**

Drama activity courses are subject to repeatability limitations. Students are now limited to a maximum of four courses per family. A family of courses may contain more than four courses. If there are more than four courses in a particular family, a student may only enroll in a maximum of four total courses within that family. A course previously taken by a student (prior to the legislation) within the identified family will count as a repeat and limit future enrollments of courses within that family to a maximum of four.

Drama activity courses are offered in levels by progression. Courses are listed by title; for example, Acting, Rehearsal and Performance, etc, and then by level. Level I is beginning; Level II is intermediate; Level III is intermediate/advanced; and Level IV is advanced. The course number also indicates the level. For example, a beginning Acting class would be DRAM 201,1, Acting I while an advanced Acting class would be DRAM 201.4, Acting IV.

New students are advised to enroll in the beginning level and be placed by their instructor upon assessment. Continuing students who have previously taken a course within a family, must progress to the next level.
