Artist, art professor, curator of the Gallery Theater, DE Coordinator, regardless of what position Bridget Fischer held at Skyline College, she always went above and beyond. Bridget began teaching at Skyline College in fall, 1999, and will be retiring this December 2020. Her passion was teaching and Bridget's creativity in the classroom was always on display. The depth of her commitment to her students, her deep respect and fondness for her 'home', Skyline College, and her unquestioning willingness to help her colleagues regardless of what the issue was, will be sorely missed.

## **MIKE FITZGERALD, A.A., B.A., M.A.**

PROFESSOR OF KINESIOLOGY, YEARS OF SERVICE: 1980 - 2020

Mike Fitzgerald started his career at Skyline College as a student-athlete in 1972. During his three years at Skyline, he played #1 singles, was Team Captain and awarded the Most Valuable Player award for the men's tennis team in 1974. He was inducted into the Skyline College Athletic Hall of Fame in 1986, and into the Pacifica hall of Fame in 2005 for his athletic and teaching / coaching career.

Mike was hired in 1980 as an Instructional Aide and worked 40 years in the Physical Education/Kinesiology Department in both classified and faculty positions. He met his late wife Christie while a student at Skyline. They were married for 28 years and had twin sons who both attended Skyline College. Aaron (now a District Attorney for San Mateo County) played three sports for the San Mateo Community College District and was the top ranked tennis player in the county. Lucas (now a Lutheran High School Principal) was a star baseball player at Skyline, All League Pitcher, and received an Athletic Scholarship to Loyola Marymount University.

Mike taught 14 different activity classes in the Physical Education/Kinesiology Department. He coached the women's softball team for 14 seasons. Mike later became the Men's and Women's Cross-Country Coach and was named "Coach of the Year" in 2000 for the first women's championship for any sport in the history of Skyline College.

Mike was also an important part of the Skyline College Fitness Testing program that has been recognized nationally. He personally has given tests to over 15,000 Skyline College students. He was also a key member of the College Budget Committee and a loud and proud advocate for Skyline College students and programs at the college and district level over the years. He served under many different administrations but is most grateful for current Athletic Director Joe Morello and former Athletic Directors Walt Rilliet, Andy Ruiz and Andreas Wolf. Mike and his wife Mychelle plan on traveling and enjoying life with their five grandkids as well as returning to Skyline College often.

As a man of strong faith and beliefs, Mike wants to thank the thousands of students that he had the gift of teaching and coaching over the past 40 years, is grateful for the support of his colleagues and most of all is blessed to enjoy the love and support of his family in his personal and professional life.

He approached his work with a unique understanding of how education can empower and transform and the important role of teachers in this process.

2020 marks Dr. Masare's 80<sup>th</sup> birthday and 35<sup>th</sup> year as an esteemed member of the Skyline College faculty. When asked in a 2019 Skyline View article about his 50+ years of teaching he said, "That is my calling, my mission, my vocation." We believe students, faculty and staff agree.

## ACADEMIC REGALIA

The caps and gowns worn by Skyline College graduates in today's ceremony carry a strong environmental story while preserving the elegance and tradition of graduation. The acetate fabric fiber is made from natural wood sourced exclusively from renewable managed forests. This fabric is proven to decompose in soil. The gown contains an Eco-Zip™ coil zipper with tape and teeth made from 100% recycled PET. Additionally, the cap and gown are packaged in earth-friendly materials. The purchase of this gown offers graduates an opportunity to give back to the environment by responding to Jostens. For every response received, Jostens will donate \$1 to an environmental sustainability project.

Students may choose to wear stoles and cords that designate that they have successfully completed the requirements of different academic programs, learning communities, leadership programs, scholastic honors, student support programs and transfer. Stoles and cords come in a wide range of styles and colors.

Colors and styles worn by individuals in the academic ceremony designate the field in which the highest degree was earned and the institution granting it.

Baccalaureate degree holders wear plain black mortarboards and gowns. Master's gowns have pointed sleeves. Doctoral gowns have round, open sleeves and are faced down the front and across the sleeves with velvet.

Hoods are worn over the gowns. Bachelor's hoods are three feet in length. Master's hoods are 3½ feet long and Doctoral hoods are four feet long with panels at the side.

The inside of the hood or lining is the official color of the institution granting the degree. The color of the outside of the hood indicates the field in which the degree was received. Some of the most common colors are as follows: arts and letters, white; business and commerce, drab; economics, copper; journalism, crimson; music, pink; philosophy, dark blue; physical education, sage green; and science, golden yellow.
