

CURRICULUM COMMITTEE
GOALS AND PROJECTS
2016-2017

1) Update Curriculum Processes

- a) Continue to develop a Curriculum Committee professional development process that broadens the knowledge of local and state-wide curriculum issues for Curriculum Committee members.
- b) Continue to revise CurricUNET screens as needed.
- c) Develop a process for assigning courses to disciplines, especially cross-disciplinary or multi-disciplinary courses.
- d) Establish a set of criteria for reviewing and approving Honors courses.
- e) Consult with the Distance Education Coordinator about developing consistent best practices and language for DE Addendums on course proposals.

2) Update Major and Degree Requirements

- a) Continue development, submission and review of Skyline College transfer degrees (including AoE's and MC's) and C-ID course submissions per Transfer Model Curriculum and Intersegmental Model Curriculum guidelines.

3) Promote Curriculum Integrity

- a) Work with the Dean of Planning, Research and Institutional Effectiveness to identify the best and most consistent methodology for completing the appropriate level of scrutiny in the establishment of out of discipline prerequisites for courses in accordance with Title 5.
- b) Promote the Curriculum Committee website to faculty as a tool for curriculum development.

4) Accreditation

- a) Annual review and update of Curriculum Handbook.

5) Comprehensive Program Review

- a) Assess how the Comprehensive Program Review instrument is working.
- b) Create a Student Services Comprehensive Program Review instrument.

6) Baccalaureate Degrees

- a) Continue to monitor and provide curriculum oversight of the Baccalaureate pilot program in Respiratory Care.
