FOR IMMEDIATE RELEASE

3 Corner Symphony Art Exhibition at Skyline College

San Bruno, California – September 12, 2011 – *3 Corner Symphony*, a group exhibit featuring paintings, sculpture and mixed media works by Oakland-based artist Gregory Wiley Edwards, Boston-based artist Fay Grajower and Calgary-based artist Malcolm Mooney will run from September 15 – October 21, 2011. An opening reception will be held on Thursday, September 15, from 5:30 p.m. – 7:30 p.m. at Skyline College's Gallery. A live musical performance by Malcolm Mooney and the 10th Planet will follow the reception at 8:30 p.m. in the gallery.

3 Corner Symphony refers to the three points on a map that form a triangle between the artist's studios, with a visual symphony developing in the gallery via the combination of and intersection of the visual "sounds" that the artists present.

Skyline College's gallery is an artistic venue with programming that reflects the cultural diversity of the Skyline College community. Admission is free. For more information, including hours, please visit the gallery website: http://www.smccd.net/accounts/skygallery/ or call (650) 738-4294.

The gallery is located on the ground floor of Building 1. Visitors to the Skyline campus may park in visitor lots D or M, which offer pay-by-space meter parking. Visitors may also park in student lots if they purchase a daily parking permit, which is available from coin/bill operated parking permit dispensers located in student parking lots A, C, F, G, L, N and P. Spaces in Lot E with *Reserved Parking* signs are available to anyone displaying a valid California disabled person parking placard and a daily parking permit on their vehicle.
