

"The Promise Scholars Program has helped me have a successful first year at college!"

PROMISE SCHOLARS PROGRAM

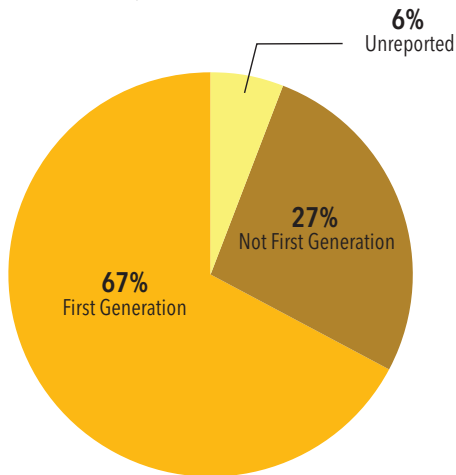

The Promise Scholars Program provides financial, academic and personalized student services including dedicated counseling and transportation assistance for high school graduates and students who recently completed their GED/HSE and who enroll at Skyline College full-time to earn a certificate or degree. The program is based on the ASAP model developed by the City University of New York which has doubled graduation rates.

The Promise Scholars Program at Skyline College has seen clear success with its first two cohorts of 140 and 253 students respectively and the data below focuses on these initial groups. Beginning in Fall 2018, the Promise Scholars Program reached full replication of the ASAP model, implementing all of the key components of the CUNY program and expanding to serve over 750 students in the Fall 2018 and Fall 2019 cohort.

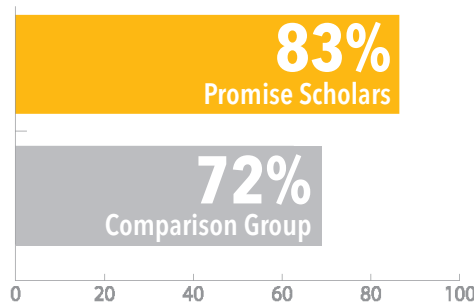

PROMISE SCHOLAR METRICS

FIRST GENERATION STATUS

(Fall 2019 Cohort)

FALL 2018 - FALL 2019 PERSISTENCE RATE*

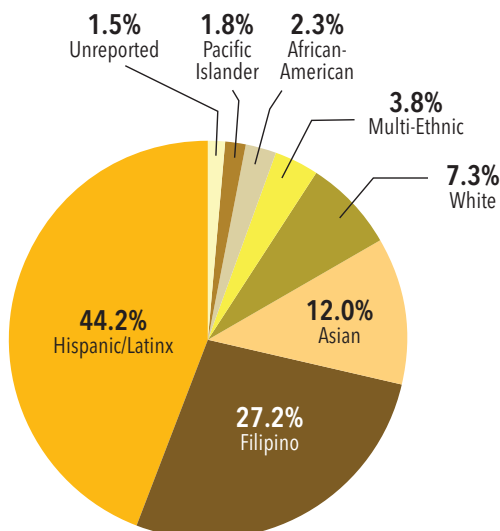

The Promise Scholars Program served 507 students who demonstrated an 83% fall '18 - fall '19 persistence rate - significantly higher than the 72% persistence rate of the full-time comparison group.**

*Continuous enrollment based on program data list of 507 students

**Full-time comparison group: New degree, transfer and/or certificate-seeking full-time Skyline College students who are not Promise Scholars.

ETHNICITY (Fall 2019 Cohort)

FEEDER HIGH SCHOOLS (Fall 2019 Cohort)

HIGH SCHOOL	COUNT	PERCENTAGE
South San Francisco High	68	19.9%
Westmoor High	63	18.4%
El Camino High	47	13.7%
Jefferson High	32	9.4%
Oceana High	23	6.7%
Capuchino High	22	6.4%
Terra Nova High	14	4.1%
All Other High Schools	73	21.3%
Grand Total	342	100.0%

Approximately **95%** of Promise scholars are eligible for the California College Promise Grant (CCPG) for the Fall 2019 cohort.
