

Skyline Shines

Victoria P. Morrow, President
September 1, 2006

Welcome to Joe Morello: Our Interim Dean of Physical Education, Athletics and Dance began Thursday. Please join me in welcoming him to Skyline! The Division moves back to Building 3 this Friday, with most classes being held there effective next Tuesday. Thanks to Mike Williamson for serving as Interim Dean for the division during the past month, and to Dino Nomicos for his role as faculty coordinator. Between them they kept things on an even keel. Congratulations to the division on their beautiful remodeled facility. The college will hold a “ribbon cutting” celebration a little later this semester when the division has had a chance to settle in.

College committee website: We have added a link to the front page of our website to make our committee information a bit more readily accessible for students as well as other members of the college. From here, <http://www.skylinecollege.edu/committees/index.html> you can then access individual websites for many of the committees. Also available at this site under “Shared Governance and College Committees” is our *Philosophy of Shared Governance*, and our *Compendium of Committees*, which lists the name, charge and current membership of all of the college’s standing committees.
