## Meet Courtney Mogg – Outreach Counselor

The Counseling Division would like to introduce Courtney Mogg, Outreach Counselor at Skyline College. Courtney received her master's degree in Counseling, concentrating in College Student Services from Saint Mary's College of California. During the 2011/2012 academic year, she worked with the TRiO Program at Laney College in Oakland, where she served a diverse and at-risk student population.

In her previous career, Courtney was a Special Education teacher at both the high school and middle school level in Alameda. Although she thoroughly enjoyed working with this population of students, she knew that it did not align with her passion of working with college students.

Courtney states, "My goal as Outreach Counselor is to inform high school students about the variety of programs offered at Skyline College and the other colleges in the San Mateo Community College District. I look forward to working with everyone here on campus and wish everyone a successful semester."

Courtney came on board in December and has been a welcomed addition to the team. She will be working closely with the Outreach team that has been identified to be a centralized effort for community engagement. To contact Courtney directly, please email her at [moggc@smccd.edu](mailto:moggc@smccd.edu).

## Call for Submissions: *Aming Kuwento II: The Next Chapter*

In Fall 2004, several students from the Filipino Student Union and Kababayan Program met Evangeline “Vangie” Canonizado Buell, Filipina community activist and co-founder of the East Bay chapter of the Filipino American National Historical Society (FANHS), who reminded all of us of the significance of remembering and writing about our history:

“If we do not tell our own history, then others will tell it for us — as *they* interpret it — and we will risk losing the essence and truth about the Filipino American experience. That history could fade from memory, and one day, our children’s children could be asking, ‘Who were our ancestors? What were they like? What did they do?’ and there could be no one to answer and nowhere to look.”

Moved by these inspiring words, these students created *Aming Kuwento: Our Stories*, a collection of artwork, photography, poetry, short stories, and essays about the Filipino and Filipino American experience. Students, faculty, staff, and community members all contributed to the project, which was funded by a Trustees’ Fund for Program Improvement awarded in Fall 2004.

This year, the Kababayan Program at Skyline College is celebrating its 10th anniversary, and to commemorate the event, with the help of the Literature 267: Filipino American Literature class, we are putting together *Aming Kuwento II: The Next Chapter*, another anthology about the Filipino and Filipino American experience, open to Filipinos and non-Filipinos at Skyline College alike.

Themes may include, but are not limited to, issues concerning family, friends, values, heritage, culture, language, immigration, racism, community — anything about you and your personal history, your story.

We are looking for:

- |                 |               |
|-----------------|---------------|
| • Poetry        | • Memoir      |
| • Spoken Word   | • Photography |
| • Song Lyrics   | • Drawings    |
| • Fiction       | • Paintings   |
| • Short Stories | • Sculpture   |
| • Non-Fiction   |               |

We are inviting all students, staff, and faculty to submit their work. If you would like someone to come to your class to make the announcement, please let us know and we’ll see who is available. **Deadline for submissions is March 13, 2013.** For more information, please contact Liza Erpelo at x4119 or [erpelol@smccd.edu](mailto:erpelol@smccd.edu), or visit our website at <http://amingkuwento2.blogspot.com/>.

Are you a writer, photographer, or artist?  
 Want to get your work out there for the world to see?

## **Community Emergency Response Team Training at Skyline College**

The City of San Bruno and Skyline College are partnering up to hold a Community Emergency Response Team training course here at the college, to start February 27, 2013 and ending with graduation on April 13, 2013. Classes will be held on consecutive Wednesday nights with the exception of the Easter break, starting at 6:30PM and ending at 9PM.

The training is provided free of charge and covers a wide range of topics related to problems encountered when we have a disaster type event that occurs. The overall aim of the training is to provide knowledge, hone basic emergency skills and learn the value of working as a team to aid others in need of assistance.

Anyone can benefit from this training but it will be especially useful for us here at the college, should we be used as an evacuation site or find the need to evacuate the campus. Building captains and managers should endeavor, if possible, to avail themselves of this free training.

Lastly, we here at Skyline College are proud to work with the City of San Bruno and host this valuable class for the community at large. I hope to see you here.

## Domini Hoskins Black History Museum and Learning Center Opens in Woodside Plaza, Redwood City

The NFL Alumni Northern California Chapter is presenting the awesome Domini Hoskins Black History Museum and Learning Center from Saturday (Feb. 2) to Feb. 28 at 282 Woodside Plaza (next to Lucky's), in Redwood City.

Open to the public, the 11,000-square foot exhibit hours are from 10 a.m. to 7 p.m. Monday to Friday, from 10 a.m. to 6 p.m. Saturday, and from noon to 5 p.m. Sunday.

Parents, teachers and others who are interested in American history should be sure to visit this amazing display of black culture and history.

Carolyn Hoskins is the founder and executive director of the nonprofit Domini Hoskins Black History Museum and Learning Center Foundation and curator of the extensive exhibit. The widow of Robert "Bob" Hoskins, a former S.F. 49er defensive tackle, she is also a member of the NFL Alumni Northern California Chapter executive committee.

The museum and learning center is named after Carolyn Hoskins' grandson, 21-year-old Domini Hoskins. He admits that, "my favorite part of the museum is the sports collection."

"This is very, very passionate for me," said Carolyn Hoskins. "Kids in school are just not getting the knowledge about black history and the important roles blacks have held in our country. It's a lot of work and sometimes I get discouraged."

"People can go all over the country and never see a unique collection like this!" said Jeff Bayer, the NFL Alumni chapter's director of marketing.

Donations are \$5 per adult; \$3 per student and senior; and free for children five and under. Special group rates are also available.

Mid-Peninsula Boys & Girls Club, Seaport Storage in Redwood City, and Woodside Plaza Properties are also community partners for the exhibit.

## **Mental Health First Aid**

Psychological Services, in conjunction with San Mateo Behavioral Health and Recovery Services, and the Filipino Mental Health Initiative began their Mental Health First Aid Training. This training teaches how to understand, identify and take action with individuals displaying emotional distress. There was a full house of thirty five attendees which included Skyline College faculty and staff as well as community members for this 4 week, 12 hour training event. Attendees were very excited with the materials and information presented.

Did you know that it is estimated 1 in 4 Americans have a diagnosable mental illness? The stigma surrounding mental illness often prevents people from seeking help, and this can interfere with a person ability to go to school, work, care for self and form relationships. The first night of the program began January 30, 2013 and the series will conclude on February 20, 2013.

## The 'flu and you

Influenza or 'flu activity remains elevated in most of the country, including California. As a result, students, staff and faculty are still at risk for getting the 'flu and passing it onto others. The Skyline College Health Center is encouraging everyone to get vaccinated against the 'flu.

Many people don't get vaccinated against the 'flu because of misinformation about the vaccine. Below are some common concerns and facts about the 'flu, taken from the Centers for Disease Control <http://www.cdc.gov/flu/index.htm>

### **Can a flu shot give you the flu?**

No, a flu shot cannot cause flu illness. The influenza viruses contained in a flu shot are inactivated (killed), which means they cannot cause infection. Flu vaccine manufacturers kill the viruses used in the vaccine during the process of making vaccine, and batches of flu vaccine are tested to make sure they are safe.

### **Why do some people not feel well after getting the seasonal flu shot?**

Some people report having mild reactions to flu vaccination. Common reactions to the flu shot are described below.

#### *Reactions to the flu shot:*

The most common reaction to the flu shot in adults has been soreness, redness or swelling at the spot where the shot was given. This usually lasts less than two days. This initial soreness is most likely the result of the body's early immune response reacting to a foreign substance entering the body. Other reactions following the flu shot are usually mild and can include a low grade fever and aches. If these reactions occur, they usually begin soon after the shot and last 1-2 days. The most common reactions people have to flu vaccine are considerably less severe than the symptoms caused by actual flu illness.

### **What about serious reactions to flu vaccine?**

Serious allergic reactions to flu vaccines are very rare. If they do occur, it is usually within a few minutes to a few hours after the vaccination. While these reactions can be life-threatening, effective treatments are available.

## **What about people who get a seasonal flu vaccine and still get sick with flu-like symptoms?**

There are several reasons why someone might get a flu-like illness, even after they have been vaccinated against flu.

1. Some people can become ill from other respiratory viruses besides flu such as rhinoviruses, which are associated with the common cold, cause symptoms similar to flu, and also spread and cause illness during the flu season. The flu vaccine only protects against influenza viruses, not other viruses.
2. It is possible to be exposed to influenza viruses, which cause the flu, shortly before getting vaccinated or during the two-week period after vaccination that it takes the body to develop immune protection. This exposure may result in a person becoming ill with flu before protection from the vaccine takes effect.
3. Some people may have been exposed to an influenza virus that is very different from the viruses the vaccine is designed to protect against. The ability of a flu vaccine to protect a person depends largely on the similarity or “match” between the viruses selected to make the vaccine and those spreading and causing illness. There are many different influenza viruses that spread and cause illness among people.
4. The flu vaccine doesn’t always provide adequate protection against the flu. This is more likely to occur among people that have weakened immune systems or people age 65 and older.

## **Is it better to get the flu than the flu vaccine?**

No. Flu is a serious disease, particularly among young children, older adults, and people with certain chronic health conditions, such as asthma, heart disease or diabetes. Any flu infection can carry a risk of serious complications, hospitalization or death, even among otherwise healthy children and adults. Therefore, getting vaccinated is a safer choice than risking illness to obtain immune protection.

## **Do I really need a flu vaccine every year?**

Yes, a yearly flu vaccine is recommended for just about everyone 6 months and older, even when the viruses the vaccine protects against have not changed from the previous season. The reason for this is that a person’s immune protection from vaccination declines over time, so an annual vaccination is needed to get the “optimal” or best protection against the flu.

## Guidelines for Skyline Shines Submissions

Many of you submit material to be included in Skyline Shines. Thanks so much for taking to time to help me keep the college informed. Here are a few guidelines that will facilitate the publication of Skyline Shines each week:

### Send submission to [skylineshines@smccd.edu](mailto:skylineshines@smccd.edu)

- **Submit your article by 3:00 p.m. on Thursdays; articles received after this time will appear in the following week's issue**
- Place your submission in a Word document with your pictures pasted in the document.
- Use medium sized pictures that are equal to 1/4 or 1/2 of a page.
- Use Times New Roman 12pt. font that is justified to the left for the body of the article.
- Don't forget to add a headline/title using 18 pt. bold font that is justified to the center
- Use the following commonly accepted abbreviations: a.m. or p.m. (i.e. "The event will be held from 8:00 a.m. – 1:30 p.m." "The workshop is scheduled to run from 9:30 a.m. – Noon.")
- Spell out numbers of one or two words. Use figures for numbers that require more than two words to spell out. (i.e., "Almost eight years ago I began taking ceramics courses." And "I counted 176 records on the shelf.")
- If a sentence begins with a number, spell out the number or rewrite the sentence.
- Use the month, day, a comma and the year to indicate the date (i.e., "March 4, 2011" not "March 4th, 2011 or March 2nd, 2011").
- Add the word College when you refer to the name Skyline (i.e., Skyline College instead of Skyline).

### Do you have a suggestion?

One way to submit it is through our general **e-Suggestion Box**, via the hyperlink in the box below <http://skylinecollege.edu/publicinformationoffice/feedback.php>
