YEAR OF REVIEW:

2023-2024

1. STUDENT LEARNING OUTCOMES

What notable conclusions were drawn from the assessment results? If available, note any differences in assessment results by key disaggregations (e.g. modality, learning communities, etc.). What have been the implications for the program? Specific questions to answer in your response:

i. What percentage of course SLOs have been assessed in the last three years?

Number of Course SLOs:

0

Percentage:

0

ii. Which course(s) were assessed in the last three years?

None

iv. Drawing from course and institutional SLOs results, what notable conclusions were drawn? Which results led to action(s) that were planned or taken, if any, to enhance student learning in those courses?

Since 2018 - 2019 there has been no assessment conducted. Moving forward to Fall 2024 all offered econ classes will assess all of the outcomes.

2. CURRICULUM

Please indicate whether the following tasks have been completed:

Submitted a current assessment calendar with all active courses to the Office of Planning, Research, and Institutional Effectiveness

Yes

Updated the Improvement Platform with new and/or changed SLOs, after approval by the Curriculum Committee

Not Applicable

SKY Instructional Program Review Update

Updated the program website with new and/or changed PSLOs after they are published in the College Catalog

Not Applicable

Reviewed, updated (as needed), and submitted degree and certificate maps to the Curriculum Committee

Yes

3. ADDITIONAL INFORMATION

4. The last step is to review the multi-year program goals, update their status, and add resource requests as needed. You can access program goals from the hamburger menu in the upper-left hand corner, **Step 2: Goals and Resource Requests**.

GOAL

Economics and the Environment Course

Goal and Desired Impact on Students

Economics and the Environment Course to entice non-Business/ Environmental Science majors

Year Initiated

2018 - 2019

Implementation Step(s) and Timelines

1. Course Approval through the Curriculum Committee.
 - (a) Course was approved to be taught starting Fall 2020
2. Teach the course
 - (a) Course was delayed with the pandemic and shift to online. Course was first taught in Fall 2022
 - (b) Course was moved to a late start in Fall 2022 because of low enrollment. Late start course taught Fall 2022 with 23 students.
3. Assess the course
 - (a) SLOs developed but not assessed Fall 2022
 - (b) Students had a broader background than my Economics courses. Only about 10% were pre-business, as opposed to more than 50% in my other Economics courses in Fall 2022.
 - (c) in addition to a OER/ZTC Economics text that I selected, the OER/ZTC program was able to the two other Economics and the Environment textbooks that I wanted to be available to students through the library, so the class was a ZTC class.
