YEAR OF REVIEW:

2023-2024

1. STUDENT LEARNING OUTCOMES

What notable conclusions were drawn from the assessment results? If available, note any differences in assessment results by key disaggregations (e.g. modality, learning communities, etc.). What have been the implications for the program? Specific questions to answer in your response:

i. What percentage of course SLOs have been assessed in the last three years?

Number of Course SLOs:

0

Percentage:

0

ii. Which course(s) were assessed in the last three years?

None. Unfortunately assessment data was lost in the move to a new office. The plan is to begin assessing Fall 2023.

iii. Degree-bearing programs are expected to assess Institutional SLOs, ideally during each ISLO's featured year. List which course(s) were assessed for which ISLOs in the last three years.

Not yet, but I'll meet with the instructional designers to learn how to conduct this assessment within Canvas and will sign up for the pilot with Karen.

iv. Drawing from course and institutional SLOs results, what notable conclusions were drawn? Which results led to action(s) that were planned or taken, if any, to enhance student learning in those courses?

I realized that I need to revise my assignments/ assessments in light of AI.

2. CURRICULUM

Please indicate whether the following tasks have been completed:

Yes

3. ADDITIONAL INFORMATION

4. The last step is to review the multi-year program goals, update their status, and add resource requests as needed. You can access program goals from the hamburger menu in the upper-left hand corner, Step 2: Goals and Resource Requests.

GOAL

Updating assignments in light of AI/ Chat GPT

Goal and Desired Impact on Students

The program will revisit assignments/ assessments for Anthropology courses in light of AI/ Chat GPT to demonstrate higher level critical thinking in engaging with the material. Students will be able to demonstrate comprehension of the material while making appropriate use of AI.

Year Initiated

2023 - 2024

Implementation Step(s) and Timelines

(A) discuss with students about benefits and drawbacks of using AI, (B) collaborate with instructional designers to create new/ revised assignments that align well with the course outcomes in Spring 2024 (Bianca Rowden-Quince/ Andrea Fuentes) to pilot assignments subsequent semesters, (C) attend the Spring Flex Day (Jan. 11) on AI, (D) explore resources pertaining to teaching with AI, (E) engage with colleagues about these assignments/ assessments.
