Dear Ms. Bartoszynski:

Thank you for submitting your 2024 Annual Report of Current Status and Resource Assessment Matrix. The Commission on Accreditation for Respiratory Care (CoARC) reviews this information to determine ongoing compliance with accreditation Standards and CoARC Accreditation Policies and Procedures. Based on the outcomes you reported, your program has met all current expectations.

The CoARC is in the process of using the data submitted through your annual reports to establish thresholds for degree advancement programs. Once fair and equitable thresholds are developed, degree advancement programs will be required to produce programmatic outcomes that operate within the thresholds.

No further action is required on your part at this time. Please continue your current program "Resource Assessment" and "Outcomes Assessment" activities in preparation for your next Annual Report **due July 1, 2025**.

Should you have specific questions or concerns involving the annual reporting process and/or the Commission's feedback on your Annual Report of Current Status, please do not hesitate to contact the CoARC Executive Office.

The Commission commends you and your colleagues for your commitment to continuous quality improvement in education, as demonstrated by your participation in programmatic accreditation.

Sincerely,
