

ASSESSMENT CENTER THREE-YEAR PROGRAM ASSESSMENT CALENDAR

Fall 2019 - Spring 2020

Fall 2020 - Spring 2021

Fall 2021 - Spring 2022

SLO NO. 3

After completing the Math GSA, students will demonstrate an increased level of confidence that their self-selected, first semester math course will result in a successful completion.

method: survey (n=500)

Students are asked to complete a brief questionnaire before and after intital reccomendation.

Pre- GSA Survey

Student will complete the following 3 questions:

- 1- Which math course do you want to enroll in?
- 2- How did you decide to choose this course?
- 3- Which math course do you think you will be successful in?

Post- GSA survey

Student will complete the following 3 questions:

- 1- I answered ____ questions
- 2- My overall confidence level after taking this math assessment is...
- 3- What is your overall experience with guided self-assessment?

Success Criterion:

70% of the students surveyed will demonstrated high level of confidence that their self-selected math course will be completed with a grade C or better.
