

EARTH DAY EVERY DAY

Sustainability & Nature-Focused Campus Locations

- 1 LEED Gold Certified Buildings - Building 12 & 4**
B12 uses geothermal underground piping that relies on the earth's temperature to provide heating and cooling! B4 uses a combination of high-efficiency glazing (glass), lighting and occupant sensing controls, and an improved thermal envelope to maximize energy efficiency!
- 2 Garden Sphere & Worm Bin - Building 7, 3rd Floor**
Visit this revitalized indoor green oasis, a symbol of sustainability and collaboration.
- 3 Bad Battery Bin - Bookstore - Building 6**
Bring your old or dead batteries to the Skyline College bookstore and to safely dispose of your items. Bring small items no larger than a laptop to the Earth Day Every Day hub in Building 5 (Learning Center).
- 4 EV Charging Stations - Lot F, G, L, M, S**
Charge your EV up to four hours for free with SMCCD credentials and the Blink App. Please note, there are additional charges after 4 hours

- 5 EDED Hub - Building 5, 1st Floor - Learning Center**
Stop by the table for resources, events, and inspiration to live sustainability. A spot to give items a second life - swap, share, and reduce waste. The **Students Advocating for Greener Environments** - Skyline College's student club also meets twice a month to connect, engage and plan for events and activities here.
- 6 Library Sustainability Nook - Building 5, 2nd Floor**
A cozy space featuring a curated selection of books on environmental science and sustainability to inspire eco-friendly thinking.
- 7 Pollinator Paradise - Lot P**
Celebrate the blooming pollinator-friendly flowers that support local bees and butterflies!
- 8 Notch Trail / Sweeney Ridge Trailhead - GGNRA**
Begin your adventure into scenic trails, enjoy the natural beauty, and contribute to a cleaner environment by picking up trash along the way.
