WEPA Printing System

This issue arises from College of San Mateo and Cañada College with printing jam and concern about how this impacts equity.

Sherri Wyatt identified various issues concerning students at printing on campus:

- Issues identified regarding students and printing specifically as it pertains to students who only have cash and need printing service and use credit cards
- No one in the committee has heard any complaints from students
- Chris asked for further clarification regarding where this issues arises
- Marco stated that they have non-WEPA printers in the STEM Areas

Update on Tech Plan

Cabinet gave feedback on the Tech Plan and specifically wanted to provide EMP.

Academic Senate and Classified Senate send to Cabinet

Sherrri recommended that information regarding the library be included since it was not mentioned at all.

Chris recommended that the TAC Plan should be more futuristic rather than stating every single aspect of technology available in the library, rather let's discuss how the library plans to advance technologically in the future.

Tori said the current plan is based on what is on campus, but would like to see more of a futuristic element.
