

**Associate Degrees for Transfer (ADT) are designed to provide students a clear pathway to a CSU major and baccalaureate degree. Students may choose to complete the Associate in Arts for Transfer Degree (AA-T) or Associate in Science for Transfer Degree (AS-T).**

## What are the benefits for students earning an AA-T Music degree?

- Guaranteed admission with junior standing to the CSU system, but not a particular campus or major.
- Priority admissions consideration to a local CSU campus or to a program that is deemed *similar* to your community college major (this priority does not guarantee admissions to specific majors or campuses).

*Priority admissions consideration takes into account many factors, including your major, major concentration, transfer campus, local campus (where you completed the majority of your units).*

- Required to complete no more than 60 units after transfer to earn a bachelor's degree.

## Please Note: If your major is NOT similar at your intended campus:

- You may not need the courses outlined on the back of this handout.
- You may need to take additional coursework not listed here.
- You may need to take different courses than those required for this major.
- Consult with a Skyline College Counselor for further information.

## Who may NOT benefit from earning this degree?

This degree may not be the best option if you are intending to transfer to a particular college or university that is NOT part of the CSU system.

Consult with a Skyline College counselor for further information about university admissions and transfer requirements.

## Is the Music major similar at my desired campus?

CSU campuses consider a degree as “similar” when the respective campus has determined that a student can complete the general education and major requirements for the degree in 60 units after transfer.

*For majors with concentrations (ex. Business Administration with a concentration in Accounting) the combination of the major and the concentration must be approved as “similar” to be eligible for priority admissions consideration. Please consult with your Skyline Counselor.*

Select the Associate Degree for Transfer (ADT) major and desired campus.

## Who will benefit most from earning an AA-T Degree in Music?

This degree is primarily for students who are interested in transferring to a California State University (CSU) campus with a major in **Music** or *similar* major. However, other students can benefit from earning this degree. Please consult with your Skyline Counselor.

## To earn the AA-T in Music, you must:

### Advising Notes:

Students are responsible for meeting all published deadlines for both the Associate Degree and the California State University (CSU). Students are strongly advised to meet with a counselor early in their education to discuss transfer to a CSU with an AA-T in Music.

### Note:

Catalog rights for this degree begin with the 2014 - 2015 Skyline College Catalog. Requirements for this degree are subject to change. Students are advised to consult with the Skyline College Transfer Center to determine the recency of this handout.
